OLIVER WARMLY GREETED AS HE OPENS CAMPAIGN

Enthusiastic Delegation Greets Premier at Nelson

Houston Nominated to Oppose Liberal Chief

Nelson, B.C., Aug. 15—Premier Oliver arrived here last night to find that he had a contest on his hands. A convention of all electors opposed to the candidature of the Premier last night nominated Harry Houston, an ex-alderman of Nelson, a resident here for twenty-seven years and a native son of British Columbia. His uncle was the first mayor of this city.

From his speech accepting nomination Mr. Houston proposes to make the latter qualification a feature of his campaign. There were 300 people at the convention, of whom 256 voted when it came to choosing between Houston and D. M. McLean, a local railwayman.

PREMIER WELCOMED

When Premier Oliver arrived tonight he was met by a large delegation of enthusiastic Liberals, headed by the Kootenay Kilties' band. Heavy rain prevented anything in the nature of a procession or speeches.

Earlier in the evening 200 Liberals and others, supporting Oliver, met at the Liberal headquarters and started intensive organization for what promises to be the hottest political fight in the history of Nelson.

Hon. William Sloan, Minister of Mines, who arrived Wednesday night, was the chief speaker.

START ORGANIZATION

It was said at the meeting held Wednesday night, and again at the meeting to-night, which nominated Houston, that those present were there as individuals and not as representatives of any of the opposition parties.

Houston runs as the Independent nominee of what styles itself the Citizens' Party. An executive of twenty-five was named to start organization.

STENOGRAPHERS TO HOLD CONVENTION

International Association Gathering Will be Held Here To-morrow

Business Session in Afternoon and Dinner in Evening

The first convention of the International Association of Public Stenographers to be held in Canada will take place here to-morrow.

Shortly after the arrival of the day boat from Seattle, upon which will arrive most of the delegates, the meeting will be called to order by Miss Lottie Bowron, first vice-president, and presiding officer of the convention.

The reports of committees will follow the report of the secretary-treasurer, Miss Ann Marquis, there being four districts in the convention territory, B. C., Northwest, Southwest and Southern.

At 4 o'clock Mayor Hayward will be greeted to give the official address, and the response will be made by Miss Marquis, of Seattle.

Then will be read the opening address of Mrs. Ada Berg Miller, of Seattle, the president. Mrs. Miller is the founder of the organization.

The programme is as follows:

"Our International, Its Future," Betty Seymour, second vice-president, San Diego.

"Ethics of the Profession," Miss C. V. Rogers, Vancouver.

"The Public Stenographer—Our Official Organ," Louise Albertson, editor.

"Side Lights of Our Profession," open.

"Competition, Fair and Unfair," Mattie Schimpf, San Francisco.

"Organizing the World," F. E. Zimmer, New Orleans.

When the business session ends, there will be a dinner at the Empress Hotel at 6.30 o'clock. Unfinished business and sightseeing will occupy Sunday.

The public stenographers of Victoria who are not members of the association, are invited to attend the business session to-morrow.

TWO FORT WILLIAM YOUNG MEN WENT IN CANOE; MISSING

Fort William, Ont., Aug. 15.—Hope has been abandoned of the finding alive of two Fort William young men, Hathaway Colbourne and Grant Bain, twenty-two and eighteen years old, who ventured out in a canoe from the waterfront yesterday, just before the fiercest electrical storm of the season broke over the city.

Agreement For Sale of Potash in U.S.

Berlin, Aug. 15—The German potash syndicate and the French Alsatian Potash Association have reached an agreement, it is announced, regarding the sale and distribution of potash in the United States.

BRITISH TROOPS DISPERSE CROWDS OF SUDAN RIOTERS

London, Aug. 15—An Evening News dispatch from Khartum states laborers armed with hammers and sticks started a demonstration there to-day. They were dispersed by British troops. It was added that the British cruiser Weymouth was standing by a Port Sudan to maintain public security.

The dispatch stated that a fight occurred at Port Sudan upon the arrival of British troops from Khartum. It was said that leaves of officials and British officers had been cancelled and certain responsible officials recalled.

EXHIBITION TO EMBRACE WIDE COMMUNITY APPEAL

Manufacturers, Breeders and Farmers and Local Organizations Combine to Stage Record Show; Unique Forestry Display; Many Attractions and Innovations; Opening Ceremony Monday.

A record entry of stock, crowded exhibition buildings, a display by the Provincial Forestry Department, which will be a complete exhibition in itself, an enlarged skidway of the best attractions and a most gratifying entry from all parts of Vancouver Island in every section are features of the Provincial Fall Fair which opens at the Willows Monday, and the secretary, W. H. Mearns, calls attention in support of his claims that the Fair will be the best that has ever been held in Victoria. There will be five days of betless horseracing and one trotting race a day.

FOREST IN MINIATURE

The forestry display, according to Mr. Mearns' claims, will be an exhibition in itself. Twelve experts are now engaged in the automobile building, half of which has been reserved, putting the finishing touches on the exhibit which will be a faithful miniature of forest life combining the wild life of the woods and showing the timber resources of the province. The display is a work of art which has not been excelled at any exhibition in Canada, Mr. Mearns claims. Set in a background of mountains will be little lakes and running rivers. There will be working railroads and model logging camp machinery to give that touch of life so essential to appeal to an exhibition crowd. The lakes and rivers will be stocked with live fish and there will be birds and animals realistically set into the whole scheme. Moving picture films will be shown of forest life every night with a view to bringing home a realization of the forest resources and to make the show additionally attractive, good comedy reels will also been shown.

STOCK

In addition to the stock from the Prince of Wales' ranch which will undoubtedly prove an outstanding attraction, some fine Berkshire have been entered from the Vauxhall Stock Farms, at Vauxhall Alberta. Holsteins from the J. W. Steves and Sons ranch at Steveston, B.C. and H. Bonsall's, Chemainus and the Colony Farm Coquitlam will compete. Competition in the sheep will be offered by the E. P. Ranch, as the Prince of Wales' ranch is known, Peter Arkell and Sons, Teeswater, Ontario, Archie Stewart at Aldergrove, B.C. and many others.

Entries from up-Island points in the agricultural and horticultural sections are arriving daily and competition, Mr. Mearns states was never so keen. The district displays, always one of the competitions for which the rivalry is most keen will, he anticipates prove a revelation this year.

COAL MINERS REFUSE TO ACCEPT WAGE CUT

Negotiations in Alberta and Southeastern B.C. Field Have Failed

Federal Minister of Labor Scores Leaders of Men's Union

Calgary, Aug. 15.—All negotiations between the coal operators and miners' officials in District 18 to bring about a settlement of the coal miners' strike have proved abortive. This was the frank statement made to the Canadian Press this morning by Hon. James Murdock, Federal Minister of Labor.

Mr. Murdock stated that the scale committee of the miners had flatly turned down his proposal that the strike should be settled on the basis of one-eighth reduction of the wage scale that existed on March 31 last and which the operators stated they would accept in order to bring the strike to an end.

The Minister bitterly scored the miners' officials in District 18 for adopting the policy they had and thus prolonging the strike indefinitely.

Farmer Killed His Wife and Children; Ended His Own Life

Fairview, Okla., Aug. 15.—After killing his wife and three small children, Julius Burgraff, a farmer yesterday turned his gun on himself, inflicting a fatal wound. The tragedy occurred at the family home near here.

CHILDREN AND TERRIER HAPPY SEEING SIGHTS WHILE FRIENDS SEARCH

After a day's happy care-free wandering, while anxious parents and friends frantically searched the city and the police put all their machinery to work, a bright little fair-haired boy of three years and his sister of four years and another little girl of five and a half years, are safe with the relieved but nerve-shattered parents. W. Jesse phoned the police of the disappearance of the eldest little girl. Mr. and Mrs. G. Rowe soon after reported the disappearance of the two younger ones. Willing helpers soon searched for the party of little ones, who were accompanied by a true little Scotch terrier. In the meantime many people admired the blue-eyed boy, his pretty little sister and the older little girl, but imagined they were watching the stores while waiting for their parents. They were discovered at about 5 o'clock on Cook and Fort Street, happy but tired and hungry. When the police drove up to take them home they welcomed the ride, all except the dog. The young terrier cocked his head on one side inquiringly, but after a moment of hesitation jumped into the wagon and went home as contentedly as his young friends.

GAINS CLAIMED BY CHICAGO PROSECUTOR

Arguments in Loeb-Leopold Case Believed Partly Demolished To-day

Chicago, Aug. 15.—The state, claiming that at the morning session today it had wrenched off one of the legs of the tripod supporting the defence's plea for mitigation of punishment of Richard Loeb and Nathan F. Leopold Jr., for kidnapping and killing fourteen-year-old Robert Franks, pecked away at the remaining two this afternoon.

Using its rebuttal to overthrow the three-pointed plea of endocrine disorders, childish phantasies and stunted emotional growth, the prosecution this morning put on the witness stand Dr. Rollin T. Woodyatt, Chicago endinocrologist, who asserted reports indicated Loeb and Leopold were normal.

NORMAL EMOTIONS

This afternoon one of its remaining trumps, Dr. O. H. Singer, testified he had noted normal emotions in the youths, and that phantasies were the normal expression of personal traits not countenanced by society. Both boys are sane, he said.

The first reference to a case in which he had imposed the death penalty was made this afternoon by Judge John R. Caverly, who put the sentence upon Loeb and Leopold at the end of the hearing.

RULING UPHELD

In ruling on a question, he used the Harvey Church case as a precedent, saying that after he had sentenced Church to be hanged for slaying two automobile dealers, the Supreme Court upheld a ruling he had made.

YESTERDAY'S SESSION

At yesterday afternoon's session, conditions in the state attorney's office, where Leopold and Loeb were examined soon after their arrest, the number of persons present and the lack of acquaintance of the doctors

VANCOUVER PEOPLE TO VOTE ON PLAN TO EXTEND CITY

Vancouver, Au. 15.—Submission of a by-law for the annexation of South Vancouver was agreed to by the Vancouver City Council this morning on receipt of the joint committee's report recommending that course. Ald. John Bennett and Ald. G. H. Worthington, however, were careful to point out that the decision is contingent upon the councils of the respective municipalities being able to agree on terms.

Alderman J. A. Garbutt urged that an effort be made to induce Point Grey to enter the compact, but Ald. H. E. Almond and others expressed conviction that this would be impossible.

VISCOUNT KNOLLYS DIED IN ENGLAND; WAS EIGHTY-SEVEN

Rickmansworth, Eng., Aug. 15.—Viscount Knollys, first Baron of Caversham, died to-day after several days' illness. He was for forty years private secretary to the late King Edward, and served in a similar capacity to King George from 1910 to to 1913. He had also been Lord in Waiting to Queen Alexandra since 1910. He was born July 16, 1837.

FRENCH AND GERMAN RUHR AGREEMENT IS EXPECTED TO-NIGHT

Marx and Stresemann Talk With Premier of France in City of London

German Cabinet and Party Leaders Say Conference Must Not Fail

London, Aug. 15—Chancellor Mark and Foreign Minister Stresemann of Germany visited Premier Herriot of France at 7.45 this evening in another effort to arrange an agreement regarding the military evacuation of the Ruhr. It is understood that at the meeting this afternoon Premier MacDonald urged the Germans to come to an agreement with the French.

There is a proposal that certain parts of the Ruhr be evacuated immediately as a concession to the Germans.

Chancellor Marx, leaving the conference with Premier Herriot, said to reporters: "It is finished." He then rushed to a waiting automobile without explaining whether the French and Germans had reached an agreement.

GERMAN ATTITUDE

Berlin, Aug. 15—At a Cabinet meeting and at a subsequent conference of the Cabinet with party leaders it was agreed that every effort must be made to prevent a breakdown of the London conference. It was therefore decided that the French promise to evacuate the Ruhr within a year should not be bluntly rejected.

GERMANY'S REPLY

London, Aug. 15—Chancellor Marx went to Downing Street at 6 o'clock this evening to acquaint Premier MacDonald with the German reply on the problem of the military evacuation of the Ruhr.

United States Ambassador Kellogg and James A. Logan joined Premier MacDonald and the German delegates in the conference at Downing Street. Mr. Kellogg stated to the Associated Press he was convinced the conference would not break down.

"WHALE FEATHERS" FROM ALASKA FOR HATS OF WOMEN

Toronto, Aug. 15. — A large shipment of "whale feathers" from Alaska passed through here to-day to find places on the hats of the women of this continent and Europe. "Whale feathers" known in the millinery trade as ostrich floss, are the hair-like filaments from the food-straining apparatus of the Arctic whale. They are from four to eight feet in length and retain their curl indefinitely.

These "whale feathers," when refined, cut and colored are used as a substitute for ostrich plumes.

SIR ALFRED MOND CHOSEN M.P. FOR RIDING IN WALES

London, Aug. 15 (Canadian Press Cable)—Sir Alfred Mond, Liberal and former Minister of Health in the Lloyd George Cabinet, was yesterday elected member of the Commons for the West Carmarthen constituency, Wales. The vote for Sir Alfred was 17,760; for Rev. E. Towns, the Labor and Government candidate, 8,851, and for Sir Alfred Stephens, Conservative, 7,896.

The seat was made vacant by the resignation of Sir Ellis Griffith to give Sir Alfred Mond an opportunity to contest the seat. The result, therefore, makes no change in the political standing of the parties in the House of Commons.

U.S. WORLD AIRMEN WAIT ONE MORE DAY

New Landing Place Fifteen Miles From Angmagsalik, Greenland, Prepared

Fliers Hope to Get Away From Their Port in Iceland To-morrow

Reykjavik, Iceland, Aug. 15—The United States world fliers will not hop off for Greenland this morning owing to a new and better landing place for them having been discovered fifteen miles from Angmagsalik. The marking out of this new base and the bringing of supplies from the steamer Gertrude Rask will occupy twenty-four hours.

SHIPS ON PATROL

Aboard Ss. Lawrence, Indian Harbor, Labrador, Aug. 15 (Associated Press)—The destroyers Barry, Coghlan and McFarland sailed yesterday afternoon to patrol the waters off Greenland for the United States army world fliers. The division had the cheering news of departure after twelve days of waiting in the harbor here, out of touch with world happenings.

When word came that the ice-field off Greenland had been broken through everyone here anticipated an early departure for the northernmost waters. Officers and men were at dinner when the flagship flashed the signal for leave-taking.

During the stay here the newspaper correspondents aboard the flagship, in the absence of real news, issued a twenty-one-page illustrated paper entitled "The Labrador Gumdrop."

ITALIAN AIRMAN FOLLOWS LEAD OF U. S. WORLD FLIERS

London, Aug. 15.—Lieut. Locatelli, the Italian aviator who is making a transatlantic flight in the wagke of the United States world fliers, hopped off from Stromness, Orkney Islands, for the north at 5.52 o'clock yesterday afternoon, according to advices just received here.

AEROPLANE TESTS IN AUSTRALIA ARE BEING PLANNED

Melbourne, Aug. 15.—In addition to £500 already provided from another source it is announced to-day that the Federal Government has also appropriated £500 for light aero competitions to be conducted by the Australian Aero Club at Sydney this year. The money will not be forthcoming if there are fewer than eight competitors.

First of Harvesters for Prairies Travel Westward From Maritime Provinces

St. John, N.B., Aug. 15—On board a Canadian Pacific Railway special train which left here this morning bound for the harvest fields of the prairies were 500 prospective harvesters and between thirty and forty women and children. The majority of the women are school teachers. The majority of the 500 men are from Prince Edward Island and Cape Breton.

A Canadian National Railway excursion train will leave later in the day.

PRINCE RUPERT IS READY TO WELCOME STUART MacLAREN

Prince Rupert, Aug. 15.—Elaborate preparations are going forward here to give a rousing welcome to Major A. Stuart MacLaren, British flier, whose attempt to encircle the globe was frustrated in the North Pacific, owing to engine trouble. He is to arrive here aboard the Canadian trawler Thiepval, which is expected in port some time tomorrow. The ship will be met by hundreds of launches and yachts and escorted up the harbor. The city is being lavishly decorated. The reception plans include a banquet, addresses and a ball.

MacLEAN GETS SETTLERS FOR LAND ON P.G.E.

Many Canadian Farmers Plan to Come to B.C. This Fall and Next Spring

Some Already Have Chosen Lands and Started Farms Along Line of Railway

Efforts by the provincial Railway Department under Hon. J. D. MacLean, Minister of Railways, to settle lands tributary to the Pacific Great Eastern Railway are beginning to meet with success, according to information given out at the Department to-day.

As a result of advertising started early this season, it is stated, twelve families already have taken up Pacific Great Eastern Railway lands and twenty-eight homeseekers have gone over the country to choose future farm sites. The intending settlers have had the advantage of half fare rates on the railway. Most of them came from Alberta and Saskatchewan. A detailed list of the 1,500 prospective settlers with whom the Department has been in communication shows that most of them are Canadian farmers who have saved up amounts ranging from $1,000 to $5,000 and who are anxious to settle in the West. Of this large number many plan to come here before the end of this year, while others intend to delay their arrival until next Spring. Railway department officials expect that large numbers of these settlers will be making the P. G.E. lands produce next Summer.

"The ultimate solution of the P.G. E. problem naturally must be the development of the lands adjacent to the line," Dr. MacLean pointed out to-day. "For that reason we are doing our utmost to bring in new settlers who will be able to make a success of farming on the rich areas available for them. Every possible encouragement and assistance is being given to the prospective settlers and officials of the department are doing their utmost to guide them in the selection of suitable farm sites. We believe that as a result our colonization work and our extensive advertising all over Canada that we are beginning to get the results we desire."

CONSUL OF SPAIN IN MONTREAL JAILED

M. Maulquer and a Spanish Merchant Found Guilty of Conspiring to Smuggle

Montreal, Aug. 15.—Miguel Maulquer, consul for Spain in Montreal, and Raymond de Torrents, a local Spanish merchant, were found guilty to-day by Chief Justice Decarie in the Court of Sessions of conspiracy to smuggle alcohol through the Canadian customs and to import narcotic drugs into Canada and were both sentenced to six months in jail from the date of their arrest, June 20.

At the conclusion of the trial and before sentence was passed, after a few words with their lawyers, Maulquer and de Torrents asked for the clemency of the court.

"Your crime is a serious one," said the Chief Justice, "and I could condemn you for seven years. Perhaps I would have understood people in other walks of life than yours resorting to the crime you have committed. I fail to understand it in the high positions you both hold."

Glider Contest to Be Held in Germany

Tilsit, Eastern Prussia, Aug. 15.—Hoping his home province will excel in the national glider contest in the Eifel mountains, Hermann Steil has presented Ferdinand Schulz, holder of the world's endurance record in air sailing, with a new plane, built after the latter's specifications.

Schulz's old glider, in which he made a record of eight hours forty-five minutes, was a home-made affair.

FIFTEEN EARTH SHOCKS FELT IN JAPAN, BUT NO DEATHS AND ONLY SLIGHT DAMAGE

People in Region North of Tokio Were Alarmed: Heaviest Vibrations Felt in Fukushima and Chiba Districts; Telephone Service in City of Choshi Was Interrupted; Disturbances Followed Very High Tides Observed Near Chiba.

Tokio, Aug. 15.—Fifteen heavy earthquake shocks rocked Tokio early to-day. The shocks were heaviest in the district north of here, where there was general alarm, but only slight damage was reported.

The heaviest shocks were felt at Fukushima, a city of 43,000, which is 200 miles northwest of here, and at Chiba, at the north of Tokio Bay, where one house was destroyed. At Choshi, seventy-five miles northeast of here, telephone service was suspended by the disturbance, while other towns in the earthquake area reported broken windows.

The main shock, which registered for eighty minutes on seismographs, caused people to run from their houses to the streets.

The disturbances came after several days of abnormally high tides near Chiba, which caused Government seismologists to renew their belief that tide measurements will give warning of approaching earthquakes.

WOMAN KILLED IN SASKATCHEWAN AND WIDOWER IN CUSTODY

Assiniboia, Sask., Aug. 15.—Mrs. Adelaide Nobles was found dead in her room here this morning with her head smashed in with a blunt instument. Alfred Nobles, her husband, gave himself up to the chief of police. The killing occured early this morning and it is believed followed a quarrel over the signing of a lease for a rooming house.

Spaniards Deny Army Reverse in Moroccan Field

London, Aug. 15.—The Spanish Embassy here, in a statement dealing with the situation in Morocco, declares the present fighting is confined to the Western Tangier section and that assertions to the contrary are probably due to imperfect knowledge of the local geography.

It is absolutely untrue that the Spanish Army has met with a reverse, the statement adds.

FORESTERS TO MEET IN CITY

Two-day Session of Columbia District Next Week

Delegates and Visitors Will Number About 150

About 150 delegates will be in the city next week for the annual communication of Columbia District of the Ancient Order of Foresters, which is composed of twenty-eight courts.

The meetings will be held on Monday and Tuesday, it being the forty-ninth annual gathering. There will be thirty-five voting delegates, and one of the chief attractions will be the drill team, twenty-four in number, of the Progress Court, Nanaimo. Unofficial delegates will swell the party "to the number named.

Chief officers of the convention are:

District Chief Ranger—Rees Morgan, New Westminster.

Sub Chief Ranger—William Alson, Kamloops.

District Secretary—Lamont Ross, Nanaimo.

Treasurer—Arthur Manson, Victoria.

Meetings will be held at the Foresters' Hall, while the dance and whist drive on Monday will be held at the K. of P. Hall, North Park Street. On Monday afternoon the official welcome to the city will be given by Mayor Hayward.

Arrangements have been made to visit Butchart's gardens and the Dominion Observatory on Tuesday.

Local arrangements for the district meeting are in the hands of a joint committee of Courts Victoria and Triumph here, of which E. A. Bleathman is the chairman.

Bands of Rebels In Brazil Broken Up by Soldiers

MAY STRETCH B.C. RACETRACK SEASON TO TWELVE WEEKS

New Track Near Vancouver Would Swell Total Wagers to $8,500,000 a Year

Alarm Over Heavy Betting Drain Grows; Question May Go Before House

Horse racing, which is absorbing nearly $7,000,000 in wagers in the Province this year promises to take a still larger slice out of British Columbia's pocketbook next year when the present racing season of ten weeks may be extended to twelve weeks.

Plans of mainland interests to start still another track near Vancouver, in addition to the three already in operation on the mainland, already are well advanced. With two weeks' racing at the new track the racing season in British Columbia next year would stretch over twelve weeks or three clear months. If the new track is as successful as its three mainland competitors it will add about $1,750,000 to British Columbia's total expedditure on racing, making a total of something over $8,500,000 that will pass through the pari-mutuel machines.

Figures printed in The Times last night and showing that Victoria this year is betting about $25 per capita for every man, woman and child in its population, have caused amazement and alarm among businessmen here. The extent to which this city and Vancouver have plunged in race track gambling had hardly been realized before these figures were compiled.

Among members of the Legislature growing concern is felt over the economic problem presented by the race track in this Province. Before the Fall session is over, it is expected, the whole question of racing will be debated. Some members, it is believed, would support legislation which would abolish racing altogether.

There would be little opposition to legislation which would prevent the extension of the present long racing season, it is claimed.

Final figures issued by the Taxation Department to-day show that a total of $390,826 was wagered at the Colwood race meet, which ended yesterday Yesterday's bets reached the figure of $56,286. So far this year $1,066,537 has been wagered at Colwood and at the Willows. With the second Willows meet yet to be held the total should easily reach the $1,500,000 mark or more than $53,000 a day for each racing day.

RAIN AIDS FIGHTERS OF ALBERNI BLAZE

Fire Situation Described as Critical by Provincial Forester

Vancouver, Aug. 15.—A heavy rainfall on Thursday enabled a large crew of fire fighters to get under control a blaze which has extended over 600 acres on Alberni Summit, Vancouver Island.

Rain fell at Thurston Bay; but not on the lower mainland. The situation was described as critical to-day by R. V. Stuart, Forester in charge of Forest Branch operations throughout the Province. It was costing the department a lot of money to fight fires and prevent damage, he said.

The fire, which has been burning during the past few days near Daisy Lake on the west side of the Cheakamus River, has caused no damage to date, according to the Forestry Department.

The fire is still out of control and is burning high on the mountain west of the railroad.

The fire at Pender Harbor is burning; that on Howe Sound, two miles above Horseshoe Bay, is under control; and that at Cypress Park has been extinguished.

NEW ZEALAND IS PARADISE FOR TEACHERS

Convention Greatly Interested in Address From Christchurch Teacher

The New Zealand school teacher is in a sound position in tenure of office, the Canadian Teachers Federation learned this morning from Miss M. W. Anderson, of Christchurch, N.Z., who has just received an appointment to a school in this Province, and will enter upon her duties shortly.

Miss Anderson gave a most interesting address on the profession in that Dominion, showing how the teacher was trained for the calling by matriculation in a high school, actual work in school as pupil teacher and two years at Normal.

The inspectors gave great latitude to individual teachers to use their initiative in their classroom, and there was no supervision except in isolated districts. Two inspections were regularly made to grade the teachers, one a surprise visit, the other with ten days' notice.

Teachers, she said, were graded according to academic standing, length of service, and a quota based on their record of their actual administrative capacity. These marks were supplied to the provincial board of education, and when a vacancy occurred, the education committee of the district (corresponding to the school boards in British Columbia) applied to the provincial board, who sent them the name of a qualified teacher to appoint. Such an appointment was irremovable except for serious cause. In fact she only knew of one teacher who had been protested on account of alleged disloyalty, and that issue went to the floor of Parliament.

A delegate intervened to remark that it looked as if it required impeachment to make a change.

Superannuation, said Miss Anderson, had existed so long that it had become a part of the policy of the state. Teachers paid in sums commencing with five per cent. of the salary, and at retirement received two-thirds of the maximum earned.

While the buildings and equipment left something to be desired, the open schools plan had been well received.

The delegates were so much impressed with the security of tenure assured to the teachers that they asked numerous questions about New Zealand educational methods.

In tendering a vote of thanks to Miss Anderson, it was requested that the speaker should embody in the written report she was asked to prepare full data about security of tenure.

called by the State with the youths' background were brought out.

"Did you ever in your life make an examination as to mental condition under such circumstances?" asked Benjamin Bachrach, one of the defense counsel, of Dr. Hugh T. Patrick, one of the state alienists.

"I think not," replied the psychiatrist.

Virtually the same question was asked later of Dr. Archibald Church by Mr. Darrow and gained approximately the same response.

"Too many persons were present for an ideal examination," and "Really there were very few questions asked" were replies of Dr. Church.

Dr. Church agreed with the defence alienists that the endocrine glands have an influence on human conduct.

REPORTED FIRST CASE

Dr. Church qualified as an expert on endochrinology, saying he thought he had reported the first case. The pineal gland, described by the defence as having calcified at a very early age in Leopold, Dr. Church said, was one of the dominating influences in mental life and character.

Dr. Church admitted that the present ages of Loeb and Leopold are within the "trying period of a young man's life," and that no doctor or teacher could examine youths of their age without taking that into consideration.

ABNORMAL CONDITION

The state alienist further agreed with the presentation of the defence alienists' claims of mental sickness in the youths by an admission that if Loeb's phantasy of being a detective had lasted from childhood into young manhood, it would be "abnormal."

Dr. Church was excused from the witness stand with a final question as to who had retained him to act for the prosecution. As in the instance of Dr. Patrick, who testified the day before, he was paid a daily fee of $250. Dr. Church said he had first been approached by Samuel Ettelson, former Corporation Counsel of Chicago and close friend of Jacob Franks, father of the murdered boy.

CANADIAN CARS FOR AUSTRALIA

C.G.M.M. Canadian Importer Loading 102 Pay-as-You-Go Vehicles on Board

Vancouver, Aug. 15.—Included in the cargo of the C.G.M.M. freighter, Canadian Importer, loading at the Ballantyne Pier, is a consignment of 102 automobiles for a new taxicab service which is being inaugurated in Australia.

The automobiles were shipped from Chicago on a special train of thirty-four cars over the Canadian National lines, and a record run was made from the shipping point to Vancouver. The train left Chicago on August 2 and arrived in Vancouver seven days later. The Canadian National Railways took charge of the shipment at Duluth and delivered it at its rail destination five days eight hours and forty minutes later, which is a record freight run on the C.N.R. lines.

This is the largest cargo og automobiles that the Canadian Merchant Marine fleet has handled and it is believed to be only the forerunner of many orders from Australia.

FINE REGATTA WAS STAGED AT GANGES

Numerous Events Were Very Keenly Competed; Sailors Took Part in Affair

Ganges Harbor, Aug. 15.—A most successful regatta was held here on Wednesday, the affair was well attended and competition was very keen in the numerous events. At the conclusion of the gala the prizes were presented to the respective winners by Mrs. V. C. Morris. A special prize was presented to the boys from the H.M.C.S. Armentieres who put up a splendid mop fight that gave the spectators plenty of excitement.

The committee in charge of the affair was as follows: T. F. Speed, V. C. Morris, F. O. Reilly, L. G. Folson, T. Stacey and A. B. Elliot.

The list of results was as follows:

Conservatives to Hold Annual Picnic At Bowker's Beach

Bowker's Beach, the popular rendezvous for outings at the Willows, will be the scene of the annual Conservative picnic on August 27.

The gift of an Essex automobile will add greatly to the attractions of the day.

As the hall at grounds is inadequate for dancing on a large scale, th eusual dance will be held at the Conservative headquarters, Campbell Building, from 8 to 11 p.m.

The picnic committee will meet on Friday at the Campbell Building offices to complete final arrangements.

SHERIFF GOGGIN NAMES DEPUTIES

Vancouver, Aug. 15.—Following his arrival from Victoria to-day Sheriff H. W. Goggin, the new Admiralty Court Marshal for British Columbia, formally reappointed Sheriff Charles MacDonald of Vancouver, to the position of Deputy Marshal for the counties of Vancouver and New Westminster, which embrace a coastal strip extending to Prince Rupert county.

For Prince Rupert County John Shirley, the sheriff, has been invited to accept the office of Deputy-Marshal, stated Mr. Goggin.

Sheriff Goggin will confine his admiralty court duties to Vancouver Island.

GERMANS AS RACE BECOME LESS STOUT

Berlin, Aug. 15.—The Germans are losing their large waistlines, according to reports of transportation officials who announce that in street cars built ten or fifteen years ago to accommodate twenty persons in longitudinal seats it now is possible to take care of at least twenty-two passengers comfortably. It is estimated that each car also is able to carry from five to ten more strap-hangers.

22,000 PIANOS WILL BE MADE IN CANADA THIS YEAR

Although Germany Has Won Back English Market Output is Growing

Vice-President of Willis and Co. Visitor to Victoria To-day

Basing his conclusions on observations made of business and crop conditions and the growing business of his own firm during the reconstruction period, Robert A. Willis, vice-president of Willis and Company, Montreal, who is also president of the Kiwanis Club of Montreal made some most optimistic comments on the outlook in Canada in the course of an interview this morning.

Mr. Willis who is making his fifteenth trip across the continent called upon W. Arthur Willis, manager of the company's branch in Victoria to-day. "Our business in the West has shown a 53 per cent increase in the first six months of 1924 over the first six months of 1923," said Mr. Willis. "The signs are very hopeful and at every branch our piano sales have been higher. The sale of pianos Mr. Willis stated can be taken as reflective of the general trend of business. We have been shipping a great deal via the Panama Canal and 100 pianos are on their way to the coast now on the C.G.M.M. Canadian Inventor. Some of these will go to Calgary and Edmonton. It is striking that we can ship cheaper this way than we could ship to those cities by rail."

HEALTHY SIGNS

"There are healthy signs in the piano trade with a marked tendency towards player pianos, especially the reproducing instruments. Our production which was brought down to forty as a result of the war is now at seventy-five of the factory capacity.

In a high year there are about 33,000 pianos made in Canada. In a good year there are 25,000 and this year there will probably be 22,000. There were more units turned out last year, our increase being about fifteen per cent and our sales increase fifteen to twenty per cent. Last year our output was sixty per cent. This year it is seventy-five and this is in spite of the fact that we now have to depend on internal trade.

GERMANS BACK

Our export business has fallen off considerably. The German trade has captured the English market. We used to do a considerable business in England, which was built up during the war, but the German pianos have made their way back."

Having observed crop conditions on his way to the coast Mr. Willis reported there would be a fair crop in Manitoba. Southern Saskatchewan would have an excellent crop he stated. In the northern part of the province it had been pretty dry but in the southern portion they had had rain every week. In Alberta the crop would be pretty fair with the straw light and good heads on the grain. This would mean less twine would be needed and less labor and threshing, and with prices high the farmers should have a good year.

TOURISTS

Mr. Willis commented with surprise at the number of tourists in Victoria. "It is evident," he said, "that Victoria is the mecca for tourists from the whole continent. You see tourists from nearby States in Montreal but not to be compared with the scale on which they are seen in this city. The number of foreign cars on the streets is remarkable. You see scores of them from Quebec, Montreal, Florida, Washington and Idaho and other parts. Victoria has a tremendous appeal and it is not to be wondered at, for you certainly have the attractions to offer."

EMPIRE SQUADRON STEAMS FOR QUEBEC

Battlecruisers Hood and Repulse, and Cruiser Adelaire on Way From Halifax

Halifax, Aug. 15.—After a week of continuous rain had curtailed all the city's plans to entertain the sailors, the battlecruisers Hood and Repulse and the light cruiser Adelaide, of the British Special Service Squadron, dropped silently out of the harbor here this morning, and probably fewer than a hundred people saw them commence their voyage to Quebec.

Vice-Admiral Field sent a message ashore to the Premier of Nova Scotia, expressing appreciation of the courtesy extended to himself and associates.

It is estimated that more than 10,000 people visited the various ships while the squadron was in port.

TWO FUNERALS HERE

A sad feature of the visit here was that almost the first and last duty of the men was to bury a comrade. Almost as soon as the vessel dropped anchor the Australian light cruiser Adelaide landed the body of one of her men who had died the previous evening.

Yesterday afternoon the officers and men of the Repulse accorded full naval honors at the funeral of Petty Officer Leonard Hickman, who with a young Halifax girl was drowned last Sunday afternoon in the Northwest Arm when their canoe upset as they were returning from a picnic.

N.Y. Has Driveway Without Speed Laws

New York, Aug. 15.—When New Yorkers go a touring in the cool of the evening in their automobiles, they find the more popular roads jammed with traffic.

But there is the Motor Parkway, forty-five miles in length, out on Long Island. It costs $1.10 to make the drive through the parkway. There is no speed limit and the young bloods shoot their roadsters along the path at a rapid rate. There are few accidents on the road.

WHEAT ESTIMATE IN U.S. TO-DAY AWAITED

Total Area Farmers Intend to Plant in Fall Will Affect Price

Crop in England-Wales This Year is Estimated at 50,480,000 Bushels

Washington, Aug. 15.—Exceptional interest centres in to-day's report of the Department of Agriculture on the acreage of Winter wheat and rye that farmers intend to plant this Fall in view of the world's wheat situation. A reduction of the world's wheat production below last year's crop, a large crop in this country this year resulting from unexpectedly high yields coupled with shrinking prospects in Canada, rising prices and a wheat acreage in this country that is still above pre-war average, briefly summarizes the world wheat situation as analyzed by department officials.

MANY REPORTS

Returns from many thousands of farmers throughout the grain growing sections as to their intentions of planting this Fall were gathered as a basis for the report. Last year's August intentions report showed 39,200,000 acres, or 15.5 per cent, less than the previous year, while the December estimate of the actual acreage planted was 40,191,000 acres, or 12.6 per cent. less than the previous year.

ENGLAND AND WALES

Ottawa, Aug. 15.—A cablegram received at the Department of Agriculture to-day from the International Institute of Agriculture in Rome, states that the production of wheat in England and Wales will be 50,480,000 bushels, as against 56,321,000 last year.

The Institute also states that crop conditions in West Australia are satisfactory, but elsewhere in the country the July rainfall was deficient. A later report received stated that bountiful rains had fallen recently in South Australia.

UNCERTAINTY IN FRANCE

Paris, Aug. 15 (Canadian Press Cable)—The annual grain fair at Tours, one of the most important in France, which is attended by growers, brokers and millers from all parts of the country and which generally determines the trend of the market, has shown a marked falling off this year. Many of the important buyers were absent. A good deal of hesitation prevailed, due to the fluctuation in exchange rates and the rumors regarding customs measures applicable to foreign wheat. Uncertainty of the political situation also contributed to the buyers' hesitancy.

This year's crop in the Touraine district has been good and according to the estimate of the president of the Tours Grain Merchants' Association, the crop for the whole of France will prove to be satisfactory.

FRENCH AND GERMAN RUHR AGREEMENT IS EXPECTED TO-NIGHT

(Continued from page 1.)

MESSAGES TO BERLIN

London, Aug. 15.—Negotiations between the Germans and the French and Belgian Government heads over the problem of the Ruhr evacuation were still continuing at 4 o'clock this afternoon, the German delegation being in constant communication with Berlin by both telephone and telegraph.

Numerous messages were received at German headquarters to-day from Berlin. One of them, which arrived about eleven o'clock, was of considerable length and required three hours to be decoded.

ENVOYS BUSY

This afternoon envoys were constantly passing between the German, French and Belgium headquarters of the International Conference delegates.

While the Germans are deciding upon their policy the conference is completely at a standstill and the plan for launching the Dawes plan is hanging in the balance.

There is hope among the conference delegates that Germany will accept the French proposals to-day so the blank spaces in the five protocols which have already been printed can be filled in and the conference take its adjournment to-morrow.

MARX INFORMED

Berlin, Aug. 19.—The conclusions reached in the course of last night's and this morning's conferences of the German Cabinet as to the position Germany should take on the Ruhr military evacuation proposals, on which the fate of the international Reparations Conference in London is hanging, will not be announced before to-night. The members of the Cabinet feel their decision should be communicated to Chancellor Marx in London before being given publicity here.

The Government officials this morning were conferring with the Allied leaders, including delegates from the Socialist and Nationalist parties.

Official circles here are hopeful that a solution can be reached, as both the Government and the Parliamentary leaders are desirous of avoiding a breakdown of the conference through any unaccommodating attitude by Germany.

GRAVITY REALIZED

All the factions participating in the present discussions in Berlin realize the gravity of the situation, both with regard to the position of the German delegates in London and also because of its bearing on popular sentiment in Germany, which attaches paramount importance to the question of the evacuation of the Ruhr as transcending all other issues involved in the execution of the Dawes plan.

EBERT'S ATTITUDE

Little is known of what occurred at the conferences the Government has been holding, but one version of the discussion at yesterday's meeting is that President Ebert adopted a very firm attitude, contending it was impossible for Germany to accept the proposals of Premier Herriot on evacuation. His position, according to this account, was that the Government must uphold its standpoint that the Ruhr should be evacuated as soon as possible, on a definite date, and that during the transition period prior to complete evacuation the methods of the French occupation authorities must undergo a change.

GERMAN PRESS COMMENTS

Berlin, Aug. 15.—The editorial comment here, regardless of its partisan allegiance continues almost vehement in its rejection of any settlement in London of the question of the military evacuation of the Ruhr which would fail to measure up to German popular expectations born of faith in the execution of the Dawes report as reflected in the letter and spirit.

While the comment of some of the more moderate newspapers apparently is reconciled to the realization that the French would not show undue haste in withdrawing the present armed forces from the Ruhr, it nevertheless assumes that delay in evacuation beyond the beginning of next January would be intolerable.

WHEAT POOLS ASK BANKS FOR CREDITS TOTALING $25,000,000

Winnipeg, Aug. 15.—The directors of the Central Wheat Pool Selling Agency, which represents the co-operative organizations in the Prairie Provinces, are now in negotiation with the central offices of chartered banks for a line of credit running up to $25,000,000, according to information obtained here. The negotiations are being carried on through officers of the banks in Winnipeg, and it is said it is practically assured the banks will co-operate in the financing of the prairie crop. The bankers of Canada have been fully informed as to the theory and method of co-operative grain marketing, and are disposed to give it financial backing without a government guarantee. A favorable reply is expected from the banks shortly.

TWO CHILDREN WERE BURNED TO DEATH

Boy and Girl Saved When Home in Vancouver Was Gutted

Father and Friends on Veranda When Fire Started; Mother Outside

Vancouver, Aug. 15.—David Kolberg, three son of Charles Kolberg, a kosher butcher, and Tilly Chernoff, six, daughter of I. Chernoff, lost their lives as the result of a fire which broke out last night in the Kolberg home. A twin brother of the dead boy and an older sister were saved by firemen and neighbors.

The interior of the house was destroyed, with practically all the furniture.

INVESTIGATION MADE

Police and fire authorities are investigating to discover the origin of the fire. According to reports made to the police, the fire started after the stove which had been used for cooking the evening meal had been out for some time. Mr. Kolberg stated no combustibles of any kind were on the premises.

Fire officials believe the blaze started in an alcove beneath the stairway, but the cause is unknown.

Kolberg, in his story to the police, said that with a number of friends he was sitting on the front veranda of the house when it broke and appeared to have seized hold of the entire interior. Mrs. Kolberg, he said, was also outside the house at the time.

HONEST EFFORT TO ENFORCE MEASURE

Attorney-General Denies W. E. Raney's Ontario Temperance Act Charge

Toronto, Aug. 15.—Vigorously denying there has been any laxity in the enforcement of the Ontario Temperance Act, Hon. W. F. Nickle, K.C., Attorney-General, yesterday made a brief comment on another open letter from W. E. Raney, K.C., former Attorney-General of Ontario. The open letter was addressed to Premier Ferguson, but as the Premier was out of the city, the Attorney-General made a reply.

Mr. Nickle said:

"Mr. Raney knows quite as well as I do that a thorough and honest effort has been made since this Government took power to enforce the act, with results that redound to the credit of those charged with this responsibility.

"He knows further the manifold difficulties, greatly augmented in a province which has no control over manufacture and exportation, and I am therefore surprised to read his open letter to the Premier, which is as misleading as it is incorrect."

To Stop Smuggling of Goods Into This Country From U.S.

Portage la Prairie, Man., Aug. 15.—Further representations will be made to the Government of Canada to strengthen the patrol along the international border to prevent smuggling of merchandise into Manitoba from the United States, it was decided at the closing session of the Manitoba Retail Merchants' Association here.

The smuggling is being carried on wholesale, and it is declared a fleet of autos is in operation between Winnipeg and United States cities. Goods valued at thousands of dollars are being brought into Canada illegally. The smugglers, it is said, run cargoes of liquor across the border and return with merchandise.

CANADA WILL HAVE HONEY TO EXPORT

Winnipeg, Aug. 15.—"I am sure this year's honey crop of Canada will admit of 6,000,000 lbs. being available for export," stated C. B. Gooderham, Dominion Apiarist, who returned to Winnipeg last night following a tour of the West.

Mr. Gooderham said there would be a good crop of honey from the prairies and British Columbia, but owing to the drought in some sections, it would not exceed last year's crop in the aggregate.

Prospects were particularly good in the Fraser Valley, B.C., and Southern Alberta.

PLANNING TO STUDY PRAIRIE CONDITIONS

Ottawa, Aug. 15.—Rev. J. Y. Laughland, lecturer and sociologist, formerly of Toronto and for the last nine years resident in the Old Country, will go West with harvesters to investigate conditions with regard to the possibilities for immigrants. He will leave for Montreal on Sunday, and will join a harvesters' train there. A graduate of Victoria College, Toronto, and the University of Meadville, Pa., he went to England in 1915, and filled the pulpit of Unity Church, Islington, near London, and later of Pembroke Chapel Liverpool. He unsuccessfully contested the Wavertree division of Liverpool in the Labor interest at the 1922 and 1923 elections against Sir Harold Smith, brother of Lord Birkenhead. Mr. Laughland recently returned to Canada and is residing in Ottawa.

CAMPBELL CASE IN BRITAIN DISCUSSED

Editor Published Open Letter to Men of Fighting Forces

"Cease to Shoot Workers," He Urged

London, Aug. 15 (Canadian Press Cable)—Very pointed questions are being asked by the newspapers here about the abandonment of the legal proceedings against John Ross Campbell, who was charged with attempting to seduce men in the fighting forces from their duty and allegiance. Campbell, who is editor of The Workers' Weekly, published an article entitled "An Open Letter to the Fighting Forces," in which he urged soldiers, airmen and sailors to form committees in every barracks, aerodrome and ship as a nucleus of an organization for a common attack on capitalists.

"Cease to shoot down your fellow workers," the article urged. "Refuse to fight for profits; turn your weapons on your oppressors."

CASE WAS DISMISSED

The incitements were reported and Campbell was arrested. An outcry against his detention immediately arose in the labor ranks. Campbell appeared for trial, and was discharged on the ground that it had been represented that his writings were not meant to deflect soldiers, airmen or sailors from their duty, but were intended as comments on armed military forces being used by the state in industrial disputes.

VIEW OF LONDON TIMES

The Times, referring to a statement of the crown counsel in the case that it had been "represented" that the object of the alleged seditious article was not what the Director of Public Prosecutions had at first thought it to be, says:

"If such representation came from a minister of the crown it would constitute an interference by the executive with the course of justice which should not be tolerated by the people of this country. To arrest a man on a grave charge and then refuse at the instance of some one presumably in authority to disclose any evidence when the accused professed to have a good defence is not consistent with British ideas of justice."

WITHOUT SANCTION

The Daily Herald, Labor organ, says it is impossible to believe the Attorney-General's blunder in prosecuting Campbell under an old act would have been sanctioned had the matter come before the Cabinet.

SOCIAL REVOLUTION

The Morning Post terms the course taken in the case a great victory for social revolution. "Propaganda directed to the subversion of the discipline of the fighting services," says The Post, "propaganda on which Moscow has been bidding its disciples to concentrate, has henceforth full license in this country. Of all the concessions the present Government has made to Bolshevism, this is by no means the least sinister."

A SURPRISE

The Daily News says:

"Examination of the reasons for withdrawing the case makes one wonder why it was ever brought to the court. The moral of many of these prosecutions of communists is that it seems unnecessary to launch them at all. They often give undue prominence to things which in the ordinary way would hardly be noticed and certainly would not be taken very seriously."

TELLS OF BRITISH FARMERS' TROUBLES

Cope Arnold Says Costs Are Keeping Farms Understaffed

London Aug. 15. (Canadian Press Cable)—Sir Frances Newdegate, former Governor of Western Australia, speaking at the Ansley Agricultural Show yesterday, urged the growing of more wheat in England. If England was to avoid dangerous and difficult times such as she experienced in the Great War she should as far as possible make herself self-supporting in her food supply, he said.

Cope Arnold, a well-known agriculturist, stated it was impossible for English farmers to grow more wheat to-day without heavy losses. At present farmers were unable to pay their workmen the wages they ought to receive and the farms were consequently under-staffed, he stated. There was no pleasure in farming to-day. It was a great struggle and unless something was done to help the English farmers, not one quarter more of wheat would be grown in this country, he added.

GREAT DEMAND FOR INSTRUMENT TESTS

Makers of Scientific and Engineering Equipment Keep U.S. Bureau Busy

Washington, Aug. 15.—Demands of private manufacturers of scientific and engineering instruments for the Government's official stamp of approval have resulted in an appeal for additional financial support by the Bureau of Standards, which has just completed a year with approximately 140,000 tests, more than a hundredfold increase compared with the accomplishments the first year of its existence twenty-two years ago.

Upon the findings of the bureau depend millions of dollars of expenditures in the world of physical science and engineering. While most of the testing is done for the Government, examinations are also made for commercial firms and individuals, more than 40,000 test folders, covering 600,000 such tests, for which a charge is made, having been issued since 1902.

The Government work is given preference, however, and in some cases all testing except that for the Government has had to be refused because the demand exceeds the facilities for doing the work.

LA FOLLETTE GIVEN SUPPORT OF LABOR

American Federation Works to Elect Him President of U.S.

Washington, Aug. 15.—Officially notifying Senator La Follette of Wisconsin of the endorsement given his candidacy for the Presidency of the United States, and that of his running mate, Senator Wheeler of Montana for the Vice-presidency by the American Federation of Labor's executive council, a committee headed by Frank Morrison, secretary of the Federation, declared yesterday that "every honorable effort" would be exerted to bring about the election of the Independent candidate.

32,000 TRAIN IN U.S. MILITIA CAMPS

This Year's Figure May Increase 50,000 in Summer of 1925

Washington, Aug. 15.—With about 32,000 young men in attendance, Uncle Sam's citizens' military training camps are in full swing at twenty-nine points throughout the country.

Obedience to authority, teamwork, personal hygiene and the responsibilities of citizenship are being taught in four courses, the "Basic," "Red," "White" and "Blue." Youths from seventeen to twenty-four years are eligible for training during their first year at camp, if their physical condition warrants it. In the other courses, the maximum age is thirty-one years. The lads are trained in one of six branches, cavalry, coast artillery, field artillery, engineers, infantry and signal corps, after they have taken the preliminary course. There are no aviation, quartermaster or hospital corps courses, as there are in the specialist class.

UNIFORMS FURNISHED

The government furnishes the uniforms, which are turned back to the Government at the close of the camp, and pays all expenses of the successful applicants. Medical and dental attendance and laundry are free. No obligation of future service is assumed by the applicant.

The War Department has ascertained, after four years' experience with the camps, that the American youth is somewhat below par physically. He gains on an average of four pounds after a season in a military camp. He passes a higher percentage in the army intelligence test than did the men summoned for service in the World War, but officers point out that sixty per cent of the boys are students.

EMPLOYERS CO-OPERATE

Captain C. C. Lowe, who is in charge is "recruiting" for the camps, approached business men on the subject of getting more industrial workers into training, and many employers are co-operating with the Government in allowing an extra two weeks off during the Summer to permit eligible employees to take the thirty days' training course.

The Boy Scout movement has been an aid to the camp idea, and former scouts make up an appreciable percentage of the camps.

The Government is looking forward to training 50,000 boys in thirty camps in 1925. There were 10,000 boys in 1921; 22,000 in 1922 and 25,000 last year as against 32,000 this year.

REGINA MAY HAVE NEW BREWERY SOON

Regina, Sask., Aug. 15.—Following on the recent liquor plebiscite in Saskatchewan, it is understood here an application is to be made to the Dominion Government for a license to erect a brewery in Regina. The man behind the proposal is said to be J. J. Klein, of Winnipeg, and formerly of Regina. If permission is granted it is understood a new building is to be erected which, with plant and equipment, will be worth $250,000.

ADMIRAL DE ROBECK RETIRES FROM NAVY

May Succeed Viscount Jellicoe as Governor-General of New Zealand

London, Aug. 15 (Canadian Press Cable)—Admiral Sir John de Robeck, sixty-two, who has been Commander-in-chief of the Atlantic Fleet since 1922 and was commander in the Mediterranean from 1919 to 1922, and later High Commissioner at Constantinople, lowered his flag on the battleship Queen Elizabeth today, thus concluding forty-seven years of distinguished sea service.

It is possible Sir John will succeed Viscount Jellicoe as Governor-General of New Zealand. Viscount Jellicoe is to retire shortly.

Sir John was in command of the naval forces in the Dardanelles while the expeditionary force was being landed in 1915 and was mentioned in dispatches at the time. He was created a baronet in 1919. He is the second son of the Fourth Baron de Robeck of Goweran Grange, Naas, Ireland. He entered the navy as a cadet and won his way step by step to great distinction.

CAPT. H. W. PARKER EXPLAINS SPEECH ON NAVY OF EMPIRE

Halifax, Aug. 15.—Capt. Henry W. Parker, C.B., of H.M.S. Repulse, in an interview last night, gave an explanation of his remarks made before the Halifax Rotary Club on Tuesday, when he and Major-General Thacker, officer commanding Military District No. 6, spoke on Empire and national defence. He said he did not in any way desire to suggest a naval policy for Canada, or to criticize Canada's Minister of Defence, which he thought would be improper for him to do.

Captain Parker said that in Tuesday's speech he had pointed out it was quite clear that it was essential for the Empire to keep up a navy which, as a matter of fact, was merely the insurance of the Empire, and that the Minister of National Defence had called it "fire insurance." This, the statement said, "was universally admitted and had been said many times before. With increasing trade it was essential that the Empire should consider very seriously what had better be done to keep up this vital insurance."

In speaking on the question of insurance, Captain Parker added, he had done so in the broadest Empire sense, regarding Canada as part of the Empire and feeling that the interests of all portions of the Empire were common interests, in peace as well as in war.

When he had been asked what was to be done about Empire defence, he had not meant to single out Canada for criticism; he had meant to convey the idea that the Empire must stand or fall together.

MAN OUT OF WORK COMMITTED SUICIDE

Paul Garke, Carpenter, Growing Old, Ended Life at Saskatoon

Saskatoon, Aug. 15.—Because employers thought he was too old to work at his trade as a carpenter, Paul Garke, whose body was found hanging in an abandoned shack near Saskatoon on Tuesday, was first obliged to sell his extra clothing, then his blankets and trunk, and finally his carpenter tools to obtain board and lodging. When all was gone but fifteen cents he quietly committed suicide, according to the story told by a friend with whom he had once roomed in Saskatoon.

Garke, unable to get work in Vancouver, came here two months ago. So far as is known he had no relatives in Canada. He was a German.

BRITISH DUTY ON GOODS FROM GERMANY

London, Aug. 15.—The British Government has informed Germany that it has decided to restore the twenty-six per cent. tax on German goods imported into this country under the Reparations Recovery Act. The Government, three months ago, reduced the duty to five per cent. after negotiations with the German Government. The restored twenty-six per cent. rate will be put into effect at the beginning of the transition period under the Dawes plan.

MONTREAL ASSESSMENT

Montreal, Aug. 15.—Revised figures from the city assessor's department show that approximately one-quarter of the property of the city of Montreal is tax exempt. Of a total value of $971,534,972, there is $237,392,436 on which no taxes are collected. Almost one-quarter of all exempt property is vacant.

SAYS CONDITION OF U.S. GROWS WORSE

Prof. W. McDougall, Harvard University, Deplores Neglect of Eugenic Methods

Toronto, Aug. 15.—Eugenics bids fair to displace economics as the gloomy science if all its upholders paint such a sad picture of the future as did Professor William McDougall, noted psychologist of Harvard University, who spoke last night at a special meeting of the British Eugenics Educational Society here.

"As I watch the American people speeding daily with invinsible optimism down the path that leads to destruction, I seem to be watching one of the greatest tragedies of history," exclaimed Professor McDougall. In the speaker's opinion the condition of the United States will be desperate if the bulk of the people can not be brought to see the situation the nation is in, owing to disregard of eugenic methods of maintaining and improving its stock. These methods, according to Professor McDougall, are birth control, selective immigration and wages graded according to family sizes.

COVERED WAGON DAYS

THE "Covered Wagon," the striking film drama which is being presented at the Royal Theatre, is not an exaggerated portrayal of the conditions which marked the settlement of the western section of the United States from 1848 and afterwards. Many of the thrilling incidents featured in the story, which is founded upon historical fact, were not uncommon. The long train of covered wagons, drawn by horses and oxen and containing settlers and their household effects, under the guidance of experienced frontiersmen, as shown in the picture, is typical of the numerous expeditions which crossed the Mississippi and Missouri and journeyed thousands of miles over the plains to Oregon and California. Loss of life and property in the rivers, prairie fires, hunger, and attacks by Indians often resulting in hideous massacre, were fairly common. Cheyenne, Blackfeet and Sioux braves always were on the warpath and many a wagon train which set forth full of high hope ended in smoking ruins on the plains. The "Covered Wagon," of course, touches only lightly on the harrowing disabilities which confronted the wayfarers, most of whom in the story reached their destination in those happy circumstances people like to read about.

Contrasted with Covered Wagon days the conditions governing settlement in western America to-day are of picnic variety. The settler bound for the prairie provinces or British Columbia travels on a fast comfortable railroad train. He gets off at some thoroughly modern and progressive city, purchases what he requires and conveys himself and effects either by train or by motor car to the locality where he proposes to establish his home. At the worst he is not many days' travel from a telephone or telegraph exchange. At best there is one almost at his door. He may have a radio apparatus and receive news bulletins and market reports hot out of the air. Notwithstanding the comparative comfort with which the modern pioneer operates we hear more about his trials and tribulations than the outside world heard of the hardships of the settler in Covered Wagon times. He can always mail a letter of complaint to governments or newspapers with the certainty that it will reach its destination in a few days, or he can burn up the telegraph line with short snappy messages.

Settlers in 1848 had no means of reaching the ear of the government or the few newspapers which existed in the East, inside of many months, if at all. Besides they were too busy trying to keep their scalps on their heads to register complaints. Perhaps pioneering would have a stronger appeal to-day if it had more of the thrills and hardships which beset the pioneers of Covered Wagon days. There would be more adventure, romance and excitement in it. Certainly Western America Fairly thrived on hardship because the growth of that vast region in a comparatively short time has been one of the wonders of the New World.

DO THE PONIES PAY VICTORIA?

SOMETHING like $1,500,000 will have been wagered on the two local race tracks during meets which cover four weeks altogether. A considerable amount of this money very naturally remains in this district. Visitors come for the thrills of the game and spend freely while they are here. Other fairly substantial sums are no doubt expended on the purchase of feed for the horses and upon the various incidentals associated with sport of this character.

It is a question, however, whether the City of Victoria as an economic unit in the financial and commercial structure of this Province can afford to gamble $1,500,000 on horse racing in four weeks. The meet itself is purely a business undertaking. Fine horsemanship and pride in the pedigree of the mounts and their capabilities are secondary considerations. Neither are many of the spectators concerned about these fine points.

The point in question is whether this is good business for Victoria. Does it not mean that each race meet diverts a considerable sum of local money from more legitimate commercial channels—the channels from which the merchant must draw his patronage if he is to keep his store open and help to maintain the business stability upon which every Victorian, in the last analysis, must rely? It is a point worth considering.

AN INDEPENDENT CANDIDATE?

THREE hundred citizens of Nelson met last night and selected an opponent for Mr. Oliver. His name is Harry Houston and he will run as an independent candidate under the auspices of the Citizens' Party. This organization is composed of Conservatives, Laborites, and Provincials. Those who took part in the business of nominating, however, made it clear that they went to the meeting as individuals and not as representatives of any of the Opposition parties.

This is political burlesque with a vengeance. The Conservatives put the idea of a coalition into the heads of Laborites and Provincials. Representatives of these three parties composed the gathering of citizens which selected Mr. Houston. Mr. Houston is not an active politician. He is said to possess Conservative leanings. Giving him the benefit of the doubt he will be Conservative for the purpose of the campaign and wholly Conservative in the unlikely event of his winning the election.

When Mr. Houston spoke to the gathering after being nominated he referred to the fact that he was the nephew of Nelson's first mayor. This morning's dispatch states that he will make this qualification a feature of his campaign. His uncle, Mr. John Houston, was an excellent citizen and a good friend to many; but he was not a strong party man; he was quite a free lance as far as politics were concerned.

Our opinion, however, is that the people of Nelson—and we presume even the Liberals are still entitled to be called citizens—are looking for something a little more tangible than a recital of family relationships, no matter how illustrious and honorable they may be.

SIR EVELYN CECIL'S VIEW

THERE are still a few people in this country who gasp and roll their eyes to high heaven every time the subject of Dominion status is mentioned. Some sections of the Conservative press, in spite of Mr. Meighen's unqualified support of the Prime Minister in the Lausanne and inter-Allied Conference controversies, continue to regard Canadian insistence on equality of nationhood within the Empire as a sort of first cousin to high treason.

It is refreshing, therefore, to read Sir Evelyn Cecil's comments on the subject from the point of view of a member of the British House of Commons. He says quite plainly that the utmost sympathy is felt in all quarters in Britain with Canada's efforts towards a final solution of points of this kind. In fact there is no resentment in the Old Country because Canada raises ticklish questions which had to be raised, and will have to be clearly disposed of, sooner or later. As Sir Evelyn points out, Canada's role has been merely that of first on the job to tackle them.

This well known British parliamentarian supports the majority of Canadian sentiment and opinion. The average elector in Britain is more often surprised that it should be necessary for the Dominions to remind the British Government of their status than he is concerned about the threat of disruption which some members of the old school of Imperial federation issue every time this subject crops up. He is minding his own business and he can not see why the elector in the Dominions can not attend to his affairs. He is a "home ruler" by instinct and desire.

THE LATE JOHN COLBERT

SLOWLY but surely the Grim Reaper is marking down those early pioneers upon whose enterprise and industry the business structure of this community so securely rests. The last to go is John Colbert and his passing removes a highly respected citizen from Victoria.

For more than forty years the late Mr. Colbert took a prominent share in the industrial development of this district and by his own energy he built up a business which still bears his name and remains a tribute to his original foresight and continued faith in this part of the Province.

A man of sterling qualities, willing at all times to aid good works, the late Mr. Colbert was the type of citizen of which any community might be justly proud. His somewhat retiring disposition did not prevent him from taking a lively interest in public affairs and up till the time of his death he maintained a staunch allegiance to the Liberal Party. Had he chosen to run for public office there is little in either municipal or provincial field to which he might not have aspired.

The Times shares in the expressions of sympathy which will be extended to the members of the bereaved family.

Nelson has selected an independent candidate to fight Premier Oliver. His supporters say that they have nothing to do with any of the Opposition parties. They are merely Conservatives, Laborites, and Provincials.

Germany insists that France evacuate the Ruhr by January 1. France wants to remai there for another year. If a compromise is reached the International Conference may be regarded as a success. If not it may have been in vain.

It is now suggested that Spain will soon be a republic. Primo de Rivera brought on a revolution because the constitutional government had failed to make a success of things in Morocco. That was over a year ago and Spanish troops are still getting badly mauled by the Moors.

From The Ashville Times

The two chief problems are the high cost of living and the cheapness of human life.

THY STRENGTH AND MY DOG

Give me Thy strength for my day,
That wheresoe'er I go,
There shall no danger daunt me
And I shall fear no foe;
So shall no task o'ercome me,
So shall no trial fret,
So shall I walk unwearied
The path where my feet are set;
So shall I find no burden
Greater than I can bear;
So shall I have a courage
Equal to all my care;
So shall no grief o'erwhelm me,
So shall no wave o'erflow—
Give me Thy strength for my day, Lord,
Cover my weakness so.

Dr. Frank Crane on "Fiction"

(Copyright)

MEN will always love fiction just as children love stories.

Fiction is an escape from the commonplace. It brings to the mind the sense of adventure.

In fiction the mind is freed from its conventions, each man becomes the hero and does the impossible.

Fiction, to be entertaining, must preserve sufficient probability and, at the same time, must bring in the impossible and make it seem plausible.

In fiction there is roundness and completeness which life lacks. In fiction they are married and live happily ever after in spite of the fact that we know that when they are married their troubles only begin.

Our love of completeness finds its food only in fiction as in actual life there is no completeness but the solution of one problem is simply the creation of others.

In a sense it is more difficult to create fiction that shall be entertaining than it is to write history. For there must be an effort of the creative imagination and the plot as completed must gratify instincts which life does not.

The bones, or framework, of a story is its plot, and unless there be sufficient plot the characters created cannot stand out alone but must collapse. For this reason, fiction that is true to life, absolutely, is uninteresting. There must be plot enough to carry all this. Hence the plot is the thing.

The moral of any fiction must be contained in itself. It all depends upon the taste that it left in your mouth after reading it.

This is the ultimate effect of all stories. Their men are worth while and their story is good, not only in proportion as your interest is sustained, but in proportion as your whole telling has stimulated life.

Some affect to admire true stories. The story that is absolutely true to life is never interesting for what we desire is that life shall be untrue and that the impossible shall be real. Therefore the story which deals frankly with impossibilities, but makes them probable, is more interesting.

The Attack on Fort Erie

ON July 3, 1814, the American General Brown crossed the Niagara River from Buffalo with the best part of the six thousand troops under his command and took the little blockhouse work of Fort Erie defended by a hundred and seventy British soldiers. He marched northward along the Canadian bank of the river, was checked by the bloody battle at Chippawa on July 5, but was able a few days later to advance as far as Queenston, with the British force, less than half his own, falling back before him to Fort George at the mouth of the Niagara River. From here he retreated on July 24 to Chippawa again, just above Niagara Falls, intending to march diagonally across the Niagara Peninsula to Hamilton. The British, however, followed closely. On July 25 was fought on the heights overlooking the Great Falls the fierce and bloody battle of Lundy's Lane, the most stubbornly fought battle of the whole war. It was 12 o'clock that Summer night when the Americans, utterly worn out, found that they could not drive the British from that gentle rise which was the key to the whole district, and retired to Chippawa. Thence General Ripley, who had succeeded General Brown after the latter had been wounded, retired to Fort Erie on July 26, and would have crossed immediately to Buffalo but that he received orders to hold on at Fort Erie.

For a week the three thousand five hundred men whom General Ripley retained on Canadian soil, worked feverishly throwing up earthworks on an extensive scale, and turning Fort Erie from a little bastioned enclosure to a serious fortress, with considerable additions of stone. Then General Gaines superseded General Ripley on August 5 and brought over reinforcements.

Major-General Drummond had only about two thousand British troops available to watch this place, and he could not invest it, for the Americans held the control of Lake Erie, and three armed American vessels lay in front of Fort Erie in the river.

During the night of August 11 two of these were captured by a brilliant stroke of Captain Dobbs and seventy-five seamen from the British fleet on Lake Ontario, who carried the captain's gig and five flat-bottomed boats miles overland from the head of navigation at Queenston and launched them in Lake Erie to westward of the Fort.

IT was 2 o'clock on the morning of August 15 when the two thousand two hundred British moved against the works of Fort Erie. They attacked in three columns, one from the south of one thousand three hundred men under Colonel Fischer against the strongest part of the ramparts; one from the west two hundred strong under Colonel Drummond, nephew of the commander-in-chief; one from the north of six hundred and fifty under Colonel Scott.

The largest column, attacking from the south, provided with scaling ladders too short by nine feet, and the men blunderingly deprived of their flints lest they should make a mistake and fire too soon, exposed in the dark to a terrible fire, and though charge after charge was made at the point of the bayonet on the only spot in the southern works practicable, the attack from this quarter had finally to be abandoned. Meanwhile, the little column from the West attacked the original British fort. Three times these heroes charged one of the bastions, and three times were beaten back. Their fourth charge carried them over the parapet into the bastion. Here the hand-to-hand struggle was desperate. Colonel Drummond was early killed, but step by step his decimated band advanced till it held the entire bastion.

While this was going on the column from the north had made two fierce charges, but had been cut to pieces by a torrent of grapeshot, and Colonel Scott killed. It was forced reluctantly to abandon its attempt.

But the brave little unit still held on in the bastion. Time and time again the Americans rushed it but the British held grimly on beneath a concentrated fire, in the daylight which had now come from every commanding point. General Drummond ordered up reinforcements which were starting to run the gauntlet of the American enfilading fire when the end came.

An American officer ran up to General Gaines, and said, "Sir, the bastion is full. I can blow them all up in a minute." General Gaines gave the word. With a mighty roar the bastion rose aloft with all its gallant defenders. In the words of one who saw it, "A jet of flame, mingled with fragments of timber, earth, stone and bodies of men, rose to a height of one hundred or two hundred feet in the air, and fell in a shower of ruins to a great distance all around."

The assault was over. It had cost the British nearly six hundred casualties. The Americans lost only eighty-four men. Yet the attempt though it ended in failure left no stain on British arms and valour.

CLEAN UP

To the Editor:—Will you permit me to make a few suggestions in regard to our city, which has been called by so many visitors the most beautiful city in the West? The fact appealed to me and others that a great change in appearance would be to make every property owner clean up his lots, either occupied or otherwise, of all weeds and brush. In some cities they have a law to enforce the owner to do so, or the city to have it done and charge the owner with same. Lots or farms are lowered in value immeasurably by their unsightly condition.

There are a great many lots close in, say for instance Cook Street from Fairfield south, littered with grass, brush and sunflowers. Thistles make up the chief part of the landscape. The month of August is the time. Why not make a regular campaign and have all these unsightly lots cleaned up? It would add to Victoria and make it the most beautiful city in the world. I know of one city about the size of Victoria which has donated $50,000 to have a regular clean-up of the city.

U.S. SOLDIER'S THANKS

To the Editor:—I am a disabled soldier of the United States Army Hospital Corps, and traveled from Honolulu, T.H., on the Ss. Niagara, C.A. Line, via Victoria, B.C., en route to the sanitarium.

I remained one night and day at Victoria. In order to catch the Princess Charlotte to Seattle, Wash., I cashed a cheque and bought my ticket in Victoria, half-rate order, to South Dakota.

Never shall I forget the kindness and courtesy of the bank who cashed my cheque, and the ticket agent who sold me my ticket, which enabled me to catch a train out of Seattle on Sunday. Otherwise I should have had to remain in a suffering condition twenty-four hours longer at Seattle. I take this opportunity to express my sincere thanks to the Canadian people, especially those I have mentioned, of whom I cannot speak too highly.

MOTOR HEADLIGHTS

To the Editor:—Permit me to register a complaint against glaring headlights on automobiles. The other evening I had a pleasant walk in the outskirts of the city, until I struck a high road, where an almost continual stream of cars with dazzling headlights made walking an anxiety rather than a pleasure. I know I am to blame, first, for not possessing a car, and, secondly, for venturing to do such an old-fashioned thing as take a country walk. I believe there are regulations or recommendations by the police or automobile clubs, which would have headlights at a less offensive level, still leaving them effective. If such regulations were enforced, autoists themselves would probably benefit, and that strange, ancient, but inoffensive, and fast disappearing race of pedestrians might be preserved in our midst a little longer.

HARBOR DEVELOPMENT

To the Editor:—I have been amused in reading the letters and articles in both Colonist and Times re above, wherein the different parties have expressed their opinion for and against business control of our harbors and docks. By past experience I am sure the public in general are convinced that Government control is not good business, and should be scrapped at the earliest opportunity.

Difference of opinion is a grand thing when properly used, but instead of rushing into print the different parties should have met and discussed this business. Boiled down their ideas and from results come out with a settled policy and united front.

Instead of this sane proposition we have unseemly wrangling which makes us as a city, the laughing butt of a large audience, many of whom are delighted to see us disagree. The sooner the different parties understand they cannot win the Victoria Cross in this manner, the better it will be for Victoria.

Who could blame the powers that be if they decide against sinking money with a community who are continually scrapping about who is the super-man. He is not resident in Victoria at the present time, but by getting together we might, through sinking personal vanity and party policies involve a super-plan.

In the name of common sense men get together and get to business. You will never arrive at anything through a newspaper war.

WANT ADJUTANT'S PEN

Captain W. Day, formerly adjutant of the 3rd Battalion, Leicester Regiment, is sought by British authorities through the Agent-General in London, for the purpose of securing his signature to official papers dealing with the disposal of canteen or other funds. The matter is one of form only, but the signature of Captain Day is required to affect the transfer of the funds in question. Provincial police, charged with the mission of finding the man sought for this purpose, missed him by inches at Prince Rupert. He was last heard of at Hilliers, on the island, as far as the authorities can learn. As the missing signature of the Captain is retarding a distribution of funds the authorities are anxious to get in touch with him without further delay.

TEACHERS CONTINUE ANNUAL GATHERINGS

Majority Votes Down Biennial Plan; Civic Dinner To-night

By repecting a motion to hold the Canadian Teachers' Federation convention biennially, which was introduced by the Ontario represenatives at the meeting this morning, the convention endorsed the proposal for continuing annual gatherings as has hitherto been the case.

Dean Laird of Macdonald College, corrected a statement that he was favorable to biennial meetings which had been attributed to him, and when the chairman, H. C. Newland, took the division, he voted with his fellow representatives from Quebec against the notion, which was opposed by every province except Ontario, and therefore rejected.

The convention for the greater part of the morning was engaged in important constitutional amendments, and considering its budgeting.

There was so much business that the chairman indicated that a third session might be necessary that day, after the dinner given by the city of Victoria, which will be held at 6.30 o'clock at the Chamber of Commerce.

YESTERDAY'S RELAXATION

The teachers visited Butchart's gardens yesterday afternoon, having the additional privilege of seeing the house. They then went to Brentwood College, where they were welcomed by the headmaster, H. P. Hope. Mr. Hope was their host at the dinner. Later they were shown round the school.

Leaving Brentwood College in the evening the teachers were motored to the Dominion Astrophysical Observatory, where an address was given by W. H. Christie, who illustrated his discourse with lantern slides.

Italy Gaining in Trade With Germany

Rome, Aug. 15.—Italy's trade figures with Germany during the last five months show imports to the value of 545,000,000 lire and exports of 645,000,000, a balance in favor of Italy of 100,000,000 lire. These figures do not include the value of imports applying on the war reparations account.

Women Train as Bankers in China To Run Own Bank

Thirty girl students have graduated from a "school of banking" established in Peking two years ago, and will be appointed to posts as clerks and officers in the Peking Women's Commercial and Savings Bank, says the Asiatic News Agency.

The banking school was established by a Mrs. Woo, who was impressed by the success attending efforts by Chinese women in Shanghai to found a bank. The Peking women's bank is still in embryo, but it is proposed to start it with $1,000,000 and to be ready for business next Spring.

In an address to the graduates Mrs. Woo stressed the point that Chinese women should interest themselves in business in order that they may not lag behind their western sisters. By cultivating an earning capacity, she said, educated girls may not be forced by their parents against their will.

Mrs. Hsiung Hso-lin, wife of ex-Premier Hsiung, is said to be a patroness of the new banking enterprise.

Bashful Romeo's Note Gets Results —Only Too Much so

New York, Aug. 15.—Dan Cupid finds strange ways to foster romance in New York.

A truck driver left a note addressed "To any pretty girl who finds this" in the woman's rest room of a railroad station.

The note read, "I am very bashful, but when I'm alone I'm a wonder. Meet me in the park to-night. I'll bring lots of dough. I'll wear a white carnation. Romeo."

That night he wore the white carnation in the park. And that night the pretty girl who found the note met him in the park. And that very same night Romeo found himself down in the jail behind bars.

The pretty girl who found the note was a policewoman.

N.Y. Now Great Summer Resort —For Outsiders

New York, Aug. 15.—While New Yorkers are rushing by the trainload to the cities and show places of the West, the Westerners are coming to New York to spend their vacations.

It's an uneven exchange, howexer, with New York getting far more visitors than she sends.

This city is the country's greatest summer resort.

School teachers, clerks, students and vacationing stenographers make up a large part of the sightseeing influx.

DR. CORA J. BEST SCALED DANGEROUS MOUNT HUNGABEE

Experienced Greatest Thrill Leaping Across Bottomless Chasm

Lake Louise, Alta., Aug. 15.—Dr. Cora J. Best, noted mountain climber, explorer, writer and lecturer, for the Bureau of Economics, Washington, D.C., accomplished the difficult task Thursday of being the first woman in the world to scale the dangerous heights of Mount Hungabee, which has not been climbed in ten years.

She was accompanied by Audrey Forfar Shippam, well-known artist and mountain climber, and Rudolph Aemmer, famous Swiss guide, who found and rescued Mrs. Dr. Stone of New York, from the ledge from which her husband fell in the Rockies three years ago. Mrs. Best, who has a score of Rocky Mountain records to her credit, and who last week broke the world's record by two hours for climbing the highest peak in the Canadian Rockies, states that never before in her life has she encountered such a difficult and dangerous climb as that demanded by Mount Hungabee. The crest of the peak, she declares, was as sharp as a knife blade. One side of this blade dished in concave fashion giving a dizzy dead drop view of 4,000 feet to the snow below. The other side was a vast smooth sheet of rock dropping almost straight down.

Dr. Best and her companions had to straddle this blade and crawl up its steep incline several hundred feet. "What results do you get from mountain climbing?" she was asked. "Why do you do it?"

"That is a secret I can't explain. Nature gives us a reward. Gives us back something which is too indefinite and subtle for words," she answered.

"What was your greatest thrill?" she was asked.

"Our greatest thrill was jumping across a five-foot chasm with nothing but the scenery lying between the edges 4,000 feet below," but, she added, "we were rewarded when we got to the top. It was nothing but a living mass of red and algia. Truly it was nature's pipe organ.

"How does this climb compare with the climb of Mount Robson, which you made last week?"

"The two are not to be compared," she said. "Mount Robson is very tame beside Hungabee. Robson is mostly a test of endurance, while none but a seasoned and exceptionally experienced climber could ever reach the top of Hungabee. Every bit of technique known to the mountain climbing profession is demanded by Hungabee," she declared.

YOUR HEALTH

TREAT YOUR CHILD AS THOUGH HE WERE OFF TO WORK TO-DAY

By Royal S. Copeland, M.D.

Every year new laws are passed governing and improving the health of the people.

Not so many years ago children were allowed to work irrespective of their health, age, living conditions or education.

To-day this is all changed. No longer can young children be sent out to labor for a mere pittance.

Our country has come to the realization that only through conservation of our youth can this land and its great industries be carried forward.

All to frequent are sad cases of chronic invalidism, deformities from machine accidents and other industrial hazards, which never would have occured if there had been laws governing child labor.

In most States the law does not permit anyone to employ children who are under fourteen years of age. Even then they must have "working papers," as they are called.

The various boards of health and of education co-operate in this work. The parent or guardian accompanies the child when the application for the papers is made.

To obtain the papers a certificate of good health is required. The teeth, tonsils, heart and lungs are given special attention. If any defects are found they must be corrected at once.

The place the child is to be employed is inspected and regular inspections are made at stated intervals to ascertain about working conditions, adaptibility of the child to working hours and all other things pertaining to health and child welfare.

Until the age of sixteen the child must attend regular school sessions or one of the continuation schools which are conducted especially for children who must work.

If every child were treated as though he were to apply for working papers at fourteen, there would be much less illness than at present.

Regular health examinations are a fine thing for everyone, but particularly so for children. In this way defects are found and corrected, which if allowed to run on develop into some chronic trouble.

Take a leaf from the book of these less fortunate than you and those children must of necessity become wage earners at a too early age and who must be physically fit at that age.

Guard your children's health. In this way, as in no other, you will add years of happiness and health to each span of life.

At the weekly card game held Tuesday, August 12, at Sons of Canada Hall, 704 Pandora Avenue, the following were the winners: First, Mrs. Denyer, Mrs. Guptial, Mrs. Sparks and H. D. Reid; second, Mrs. Robson, Mrs. Buckley, Mr. Croshall and Mr. Roberts; third, Mrs. Pembridge, Mrs. Wood, Miss Miller and Mr. Stringer; ten bid, Mr. Robertson and Mrs. Mansell. After the game a very pleasant social time was spent at which ice cream and cake were served.

PUT YOUR SMILES IN COLD STORAGE; PROFESSOR SEES LAUGHLESS WORLD

Men of Future Will Know Too Much to be Amused at Anything, Says Dr. Shaw at Summer School.

New York, Aug. 15—Professor Charles Gray Shaw, of the philosophy department at New York University, predicted yesterday before a Summer school audience that there was little genuine laughter left and that the time was coming when there would not be a laugh left in the entire world.

Dr. Shaw said primitive men did not know enough to laugh, since wit involves a certain amount of intelligence, and that the men of the future would know too much to laugh at anything. He even told his audience that in the sober period of scientific and social thought there might be museums that would preserve our jokes and comics the way we keep the memorials of the stone age. And that case, he said would be labeled "The Age of Laughter."

Dr. Shaw pointed ou that mankind used to laugh at incongruity and inequality; that men used to laugh at Columbus and Galileo and now try to joke about Einstein and Freud. Now, he said, the comic figures of the past are taking leave; we no longer laugh at the old maid, bobbed hair or matrimony, and the Eighteenth Amendment has killed the joke about the drunken man.

"In place of such comical figures we keep up a dying laughter by an appeal to bananas and flivvers," says Dr. Shaw. "Anything for the sake of a laugh. Even men and women are no longer funny and we have to substitute a makeshift by laughing at animals."

He predicts that war and laughter will depart, hand in hand.

Dr. Shaw finds there is only one thing to look forward to, and that will be the hearty guffaw of the person who laughs the last, and therefore laughs best.

JOHN MUSGRAVE GUEST OF HONOR AT UNION CLUB DINNER

Occasion Marked Mr. Musgrave's Forthcoming Marriage to Miss Wright

A very delightful and interesting dinner was given at the Union Club last Tuesday by friends of Mr. John Musgrave, who is shortly to be married to Mrs. Wright of Sooke. Mr. R. P. Butchart, presided, with Mr. Musgrave as the guest of honor.

The dining-room and table decorations were very novel and attractive. Mr. Musgrave is a well-known sportsman, a keen hunter, fisherman and yachtsman. For a number of years he was commodore of the Royal Victoria Yacht Club, formerly owning the Nahleen, a well-known craft in these waters. Captain Norman Rant, who has been partner with Mr. Musgrave in many a shooting, fishing and yachting expedition, and Mr. Gerald Bolton successfully pictured in the table decorations and those of the dining-room something of the life and scenes Mr. Musgrave loves so well. This was done very effectively, calling forth the admiration of all present.

The dinner table was done in sword ferns, moss and miniature cedar trees with game birds of British Columbia. At the head table a miniature lake with full-rigged yacht and in the marshes that led from the lake were mallard and teal. Extending down the two long arms from the head table were pheasants and grouse amidst bracken and little trees and shrubbery.

On a table at the end of the dining-room set in the green of the moss, sword ferns and cedars, was a beautiful mounted specimen of the Llwellyn setter dog standing in perfect poise on the partly hidden quail, forming a perfect picture. In the background were hung fully-mounted fishing rods, creels, shot-guns and representative implements of the chase.

On the mantlepiece and below were grouped Brant ducks and pheasants.

The whole effect was a delight to the eye of the sportsman and had much to do in making the dinner a very pleasant event.

MISS REID WED AT ROYAL OAK

Becomes Bride of Mr. A. W. Idiens, of Comox

At St. Michael's Church, Royal Oak, at 3 o'clock yesterday afternoon the marriage of Margaret Elsie Jean eldest daughter of Mr. and Mrs. J. S. Reid, of Royal Oak and Mr. Albert W. Idiens of Comox, second son of Mr. and Mrs. John Idiens of Comox was solemnized, in the presence of a large number of friends, by the Rev. A. L. Nixon, rector of St. Michaels.

The bride, given in marriage by her father was gowned in white georgette, embroidered in silver and wore a large white leghorn hat with streamer, and carried a shower bouquet of pink and cream roses. The Misses Molly and Nancy Reid, sisters of the bride, acted as bridesmaids and were dressed alike in frocks of shot blue and grey silk taffeta and carried bouquets of pale pink sweet peas.

The groom was supported by Mr. S. B. W. d'Esterre of Comox, and the ushers were Mr. Trickey, Mr. Cyril Idiens and Mr. Geoffrey Reid.

Following the service a reception was held at the home of the bride's parents at Royal Oak,—where Mrs. Reid in a handsome gown of blue charmeuse and grey ninon with which was worn a black hat, assisted the bride and groom in receiving the many guests. Mrs. Idiens, mother of the groom was becomingly gowned in mauve silk. Later in the day Mr. and Mrs. Idiens left by motor for a trip up the Island and on their return will leave for Nelson where they will reside in future and where Mr. Idiens is Registrar of titles in the Land Registry office.

Among the out-of-town guests at the wedding were Mr. and Mrs. John Idiens of Comox, Mr. and Mrs. G. V. Murphy of Ladner, Mr. and Mrs. E. Bradford of Albert Head, Mrs. G. P. Osler of Comox, Messrs. Stanley and Cyril Idiens of Comox and Mr. S. B. W. d'Esterre of Comox.

Lady Howland Dies at Toronto

Toronto, Aug. 15.—Lady Howland, eighty-four, widow of the late Sir William Howland, died here yesterday at the residence of her daughter, Mrs. G. G. S. Lindsay. WINTER VACATION FOR RURAL SCHOOLS

New Plan is to be Tried in Clark County, Kentucky

Winchester, Ky., Aug. 15.—A new plan whereby students in county schools are to be given a midwinter vacation, with correspondingly shorter Summer vacations, is to be inaugurated in Clark county schools during the coming Winter.

Prof. Paris Akin, Superintendent of County Schools, in announcing this departure from the usual period of instruction, declares that in his opinion it will materially increase attendance and insure country students a good education.

"The greatest trouble in rural districts is that in Winter, when snow and ice are upon the ground, the students often find it impossible to get to school," Prof. Atkin said. "Under the new plan, schools will be closed during the worst Winter months."

Another feature pointed out was that the teachers, who ordinarily spend their vacations attending Summer schools, may now take advantage of the midwinter vacation and attend normal school then.

The Clark County schools under the new plan opened August 4 and will continue in session till December 19. On March 16 another school term will start and will run until June 5.

IMPROVED CABLE FACILITIES NOW OPEN TO LONDON

New Direct Line Cable Passes First Tests With Honors

Montreal, Aug. 15.—John McMillan, general manager, Canadian Pacific Telegraphs, returned from New York, where he completed arrangements which will give Montreal direct cable service with London, England, just in time this morning to witness the first attempt to communicate direct from the Canadian Pacific office on Hospital Street to the office of the Commercial Cable Company in London.

The experiment was entirely successful. "Direct cable communication can now be considered established," said Mr. McMillan, "but a few minor adjustments remain to be made, and in a short time arrangements for the handling of general public cable traffic to London will be completed."

Speaking after the test about the strides which cable and telegraphs have made by means of international and intercontinental communication, Mr. McMillan explained that the idea of connecting Montreal direct with the other side of the Atlantic is by no means new.

In 1913, he said, experiments were made along this line which gave great promise but did not work out in practice as well as had been anticipated. Modern invention, however, has eliminated the difficulties which beset the project heretofore and the only drawback to cable communication between London and other cities in Canada such as Winnipeg and Vancouver, is the lack of volume of traffic. "The time will come, and very soon in my opinion, when these lines will be established," he added.

For the purpose of affording Montreal business men and Canadians generally with the improved cable facilities, Mr. McMillan stated, the Canadian Pacific Telegraphs have taken over one of the Commercial Cable Company's lines. The company also connects with the other side of the Atlantic through the Imperial Cables, British owned, and through Marconi wireless services, and it has, of course, lines of communication with almost every corner of the earth.

One of the most luxurious craft of her kind on the Coast, the Aquila, owned by H. F. Alexander, president of the Pacific Steamship Company, is now moored in Cadboro Bay with a party of Seattle yachting men drawn to Canadian waters by recent regattas. The Aquila was owned formerly by the late B. T. Rogers.

MAKE PORT SATURDAY

The H.M.C.S. Thiepval, with Squadron Leader Stuart MacLaren, Flight-Lieut. Plenderleith, Col. L. E. Broome, and Sergeant Andrews, the British aviation party, on board, will touch her first Canadian port at Prince Rupert to-morrow, since departing from Esquimalt to lay stores for the North Pacific stage of the world flight attempt which was to come to grief unexpectedly at the Komandorski Islands. All on board are well says a radio to the authorities to-day.

ASTYANAX IN WITH WET CARGO

Pedigreed Rabbits and Irish Linen in General Cargo From U.K. Points

Inbound from U.K. points with 130 tons of general for Victoria and a good cargo for terminal ports, the Blue Funnel Line steamship Astyanax died up at the Outer Wharf this morning. After local discharge she will shift to Vancouver, for which point 3,500 cases of liquor and merchandise is carried.

For Victoria the Astyanax has 1,500 cases of liquor, including 800 cases of whisky and 100 of brandy. Four rabbits of a special breed are consigned to a local fancier; fifty cases of currants, twenty-five cases of preserves, forty-two light anchors, as well as small shipments of glass, crockery, linen and settlers' effects.

She will shift to Vancouver to-night.

PILOTAGE STAKES KEENLY CONTESTED

Vancouver Pilots' Craft Takes Maiden Plunge With High-power Engines

Speed boats for pilotage are becoming the rule in local waters. Recently the B. C. Pilots Limited, put a new lunach into the water, engined with a 300-horse power aero engine. Now the Vancouver Pilots Limited, have launched their new craft from local yards, powered with a 150-horse power, six-cyclinder engine. V-type hull, shallow draft, and a cruiser stern are the main features of the entry in the pilotage stakes. The Vancouver boat will be called the Service.

ISLAND MOTOR MAGNET

Whether it is the result of the publicity given to Vancouver Island scenery, or a stimulus to northern travel along general lines, Vancouver Island is experiencing a record year in visiting motor car parties from American and Eastern Canadian points. Yesterday the Canadian Pacific Railway ferry carried 120 automobiles from Vancouver to Nanaimo—a record for a single day's traffic this season. The Motor Princess, touching at Sidney from Bellingham, this morning had on board forty-eight cars, for that run. Along Island roads, and camped on the shores of almost every body of fresh water between Victoria and Campbell River cars are drawn up with families living, enjoying the back-to-nature movement amid Island woods. "This is GREAT!" was the way one put it yesterday, as he swung a seven-passenger touring car into a lane of Island pine and hauled his first fish from a nearby brook at the first cast.

TRAVELER OUT

Loading outbound the C.G.M.M. Canadian Traveler will clear this afternoon, with one of the largest lumber cargos taken from the Ogden Piers on ships of the same line. Captain McConechy completed his crew to-day.

ARABIA CLEARS

Outbound for the Orient, the O.S.K. Arabia Maru got away at 5.30 p.m. yesterday, heavily laden with cargo from Sound points. Arabia took on thirty-five passengers here before clearing. Captain S. Yamaga was on the bridge.

NAMES GIVEN TO TWO NEW CRAFT FOR COAST RUN

Princess Kathleen Will Take the Water From Yards of J. Brown and Sons Sept. 27

When Delivered Princess Marguerite and Sister Will Be Fastest on Coast

In a statement made at Winnipeg last night D. C. Coleman, vice-president of the Canadian Pacific Railway Western lines, announced that Princess Kathleen and the Princess Marguerite would be the names given to the two new vessels now building on the Clyde for PEC. coast service operation. The Princess Kathleen will be launched on the Clyde on September 27 and will be delivered December 27.

The boilers on the Princess Kathleen are now complete, the outside work finished and only the interior finishing to be done. The Princess Marguerite is six weeks behind her sister ship and may take the water in November. Both are being built to the order of the C.P.R. by John Brown & Sons, famous Clyde builders.

The two new craft are designed to take the place of the Princess Irene, sunk during the war, and the first Princess Margaret, now controlled by the British Admiralty. The Princess Kathleen and the Princess Marguerite will have a turn of twenty-one knots and will be larger than either of the other two craft at first intended for this coast. They will be the fastest and most palatial of the B.C. coast fleet when in service.

MANY FOR VICTORIA ON INBOUND RUSSIA

Empress Liner Has One-third of Large Saloon List For This Port on Monday

Upwards of 150 saloon passengers for disembarkation at Victoria and a total cabin list of 360 is on board the C.P.S.S. Empress of Russia, expected to make port here from Yokohama on Monday next. The Empress of Russia was reported as 1,474 miles from Victoria at 8 p.m. yesterday by radio.

By virtue of the fast time made by the large Empress liners the C.P.R. maintains a thirty-day mail service between London and Hongkong. On board the Empress of Canada, which cleared outbound yesterday, were mails from Southampton sailing on August 2 on the Empress of France. The Empress of Canada is due at Hongkong on September 1, thirty days for the mail between points.

SOUNDINGS

Joshua Green, president of the Puget Sound Navigation Company was host to a party of visiting American tourists who spent the last two days in a motor tour of Island roads. Admiral Gregory, of the Pacific unit of the U.S. fleet now stationed at Port Angeles, was a member of the party, accompanied by several of his staff. The party visited Alberni and spent last night at the Empress Hotel here, sailing this morning on the Puget Sound Navigation Company's ferry Olympic. Mr. Green predicted a record tourist season, based on the satisfactory experience of the newly organized ferry service.

W. H. Snell, general passenger agent, Canadian Pacific Railway, Vancouver; F. H. Clendenning, foreign freight agent, Canadian Pacific Steamships; and J. G. McNab, B.C. Coast freight agent, are in the city to-day conferring with local officials of the company.

GOES TO INDIA TO ARRANGE DETAILS FOR WORLD CRUISE

P. D. SUTHERLAND

Recently appointed special representative, traffic department Canadian Pacific Steamships, who sailed for the Orient on the Ss. Empress of Canada last night Mr. Sutherland, is en route to India where he will complete details for the overland excursions to be made through that country by passengers on the Ss. Empress of France in the course of her around-the-world cruise next Winter.

Mr. Sutherland went to the Orient for the Canadian Pacific in 1906 and in his recent capacity of general agent at Hongkong had jurisdiction over the company traffic affairs in China, Java, India and contiguous countries. In his new position Mr. Sutherland will accompany the Ss. Empress of France on her around-the-world cruise leaving New York on January 14. In the course of the cruise the Empress of France is due to reach Victoria on May 2.

CANADIAN INVENTOR HERE

Inbound from Montreal in the coast to coast run of the Canadian Government Merchant Marine, the Canadian Inventor, Captain Roberts, is expected to tie-up at the Ogden Point piers to-day for part discharge here.

MAURETANIA SETS NEW WORLD'S RECORD

In a special wire to Cunard agents to-day word is given of the lifting of the world's record for the Cherbourg-New York passage by the Ss. Mauretania, which passed Ambrose Light at 5.05 a.m. yesterday afternoon, five days, three hours and twenty minutes from her start. The Leviathan held the record formerly, losing to the Mauretania, which made better than twelve hours' gain on her own former steaming records.

BARQUE THOUGHT LOST RETURNS

Trading Venture of 1923 Has Interesting Sequel

San Francisco, Aug. 15.—The barque Narwhal, which sailed from San Francisco February 28, 1923, on a trading and adventure cruise through the South Seas, and which was last heard of from the Marquesas Islands on its return trip here, was sighted 120 miles north of San Francisco at 8 o'clock last night, according to a wireless message received here by the marine department of the Chamber of Commerce from the oil tanker J. A. Moffett.

The old whaling vessel left here with a crew which included a Russian Count, scientists, professional and business men and others, all stockholders in the Mutual Trading Company formed for the carrying out of the expedition. A course was mapped out which included points in China, down the Malay Peninsula to Singapore, Australia and through the Red Sea and the Mediterranean. The Narwhal was posted as missing in Australian ports after being long overdue. The craft sailed for San Francisco from Noumea, New Caledonia, on February 5, 1924.

CANADA EXPORTING MORE TO GERMANY

Volume of Business With Former Enemy is Showing Remarkable Growth

German Rifles Used in the War Are Now Offered as Sporting Guns

Canada is now importing from Germany on a comparatively small scale while the volume of her exports are annually increasing at a very substantial rate, a trade report received by the Victoria Chamber of Commerce states. Prior to the war Canada was a heavy importer from Germany and exported in relatively small quantity. One of the most outstanding features of Canadian trade in the past fiscal year was undoubtedly the remarkable growth in the export trade Canada conducted with Germany, this having increased in the twelve months by over sixty per cent. over the fiscal year ending April, 1923, and by over 200 per cent. as compared with the figures previous to that. Not only has the volume of total trade transacted with Germany now reached a point where it surpasses anything reached in pre-war days, but the division of trade has drastically altered.

In the three years 1922, 1923 and 1924 Canada's imports have been from Germany $2,041,016, $2,568,409 and $5,379,955 respectively. The remarkable manner in which import trade with Germany has been cut is seen in comparison with the import figures of 1914 which were $14,686,069, or 1910 where they were $7,958,264.

Canada's export trade to Germany in the past three years has been $4,509,547, $9,950,877 and $16,153,650 respectively. Agricultural and vegetable products exported last year amounted to nearly $13,000,000.

Although the balance of trade is still in Canada's favor, Germany is bidding strongly for business in this country. Business men in Victoria have been offered more German manufactures recently than they have for some time past and there are evidences that Germany is extending every effort to recapture her former markets. German goods formerly known to Canada which had been missing since the war have recently been offered to the trade again. The first shipment of German enamelware since the war arrived in Victoria a few months ago and was followed a few months later by the first shipment of Austrian white enamelware. Last week a salesman representing a Vancouver house was in Victoria offering to the retail merchants old German military rifles which have been converted into hunting rifles.

SANTA ANA CLEARS FOR ALASKA POINTS

Last Sailing of Season From Seattle Finds Cargo Offerings Good

Seattle, Aug. 15.—On her second voyage of the season to the Kuskokwim River district, and probably the last ship to visit the country this season, the Ss. Santa Ana, owned by the Santa Ana Steamship Company, will sail for Bethel, via Bristol Bay points, Alaska, Sunday.

With liberal cargo shipments in her holds for the port of Santos, Brazil, the first boat-loading for that port in several months, due to a recent revolution, the American steamship West Cateus departed Thursday for Hoquiam, where she will load additional cargo.

Bringing 1,100 tons of general merchandise, consisting mostly of cased and package goods, the freighter Julia Luckenbach arrived yesterday from Boston, New York and Philadelphia.

Defeated by the Portuguese baseball team at Kowloon, China, the engineers' department of the Admiral Oriental liner President McKinley, which arrived here Thursday from the Far East, are practicing daily to avenge a six to nine defeat.

Three new passenger lines, each of 7,300 gross tons register, will be built by the Osaka Shoshen Kaisha, it was learned when the steamship Arabia Maru arrived last night from the Orient. The first will be completed in December, 1925, and the other two ships in 1926.

The steamship Admiral Dewey, of the Pacific Steamship Company sailed last night for San Francisco and San Pedro.

When the steamship President McKinley docked it was learned she experienced the first touch of the typhoon season as she approached Shanghai, on the return voyage. The storm struck the vessel while she was in the waters of the Yangtsze estuary, but she was headed for sea before any damage was sustained.

Captain R. B. Derickson, inspector in charge of the Seattle field station of the United States coast and geologic survey has been advised by the commander of the coast survey cutter Explorer, of the locating of a menacing rock in two and a half fathoms of water in Grindall Passage, Southeastern Alaska. The location is given as 332 degrees from the islet northwest of Grindall Island, as shown on the chart No. 8102.

The time used is Pacific standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, above the average level of lower low water.

Esquimalt.—To find the depth of water on the sill of the dry dock at any tide, add 18.9 feet to the height of high water as above given.

FOOD CONFERENCE IN HONOLULU ENDED

Honolulu, Aug. 15.—The Pan-Pacific Food Conference, in session here two weeks, adjourned yesterday. The final gathering of conference delegates was around a banquet table last night. The resolutions adopted were mostly of a technical nature, including one advocating an international commission to promulgate universal quarantine regulations and urging all nations to notify others promptly of the appearance of parasites or pests that the spread of such pests may be prevented.

UNFAVORABLE TRADE BALANCE IN U.S.

July Exports $29,000,000 Below June Total; Imports Showed Increase

Washington, Aug. 15.—Due to a seasonal decline, the exports during July decreased nearly $29,000,000 from June, leaving a $400,000 unfavorable merchandise balance for the month, figures made public to-day by the Commerce Department showed.

It was the first month that the balance of trade had been against the United States since June last year, when March, April and May showed figures in favor of foreign countries.

The imports during July showed a slight increase over June.

ACCUSED MAN IN HOSPITAL RECOVERS

W. McFadden Lies in Duncan With Self-inflicted Wound in Neck

Wife Says He Fired Two Shots at Her Yesterday Afternoon

Duncan, Aug. 15.—W. McFadden, in the hospital here with a deep self-inflicted knife wound in his neck, was reported to be resting to-day, the expectation being that he will recover.

He was brought to the hospital yesterday afternoon by police as the result of a complaint by his wife that he had fired two shots at her at their home near Sahtlam, about 2 p.m. yesterday. Jealousy is said to have been the cause of his act.

The police were called by telephone by the woman after she had escaped to a neighboring farm. When McFadden saw the two constables approaching his house he ran to the farm of a neighbor, Mr. Robinson. When the police arrived there they found he had plunged his hunting knife deep into his neck in an apparent endeavor to commit suicide.

McFadden is a half breed. His wife is a white woman.

FORMER MANAGER IS CHARGED WITH THEFT

Vancouver, Aug. 15. Charges of stealing household furnishings worth several hundred dollars, confront P. T. Fraser, former manager of the Kingcome Packers Cannery on Charles Creek.

Fraser has been committed for trial by Magistrate W. M. Halliday of Alert Bay, and arrived here to-day under escort of Provincial Police Constable W. H. Hadley.

One charge relates to the theft of linen sheets, silverware and clothing from the house at Charles Creek, which is about seventy-five miles north of Alert Bay, of William Hickey of Vancouver.

The evidence at the preliminary hearing was that Mr. Hickey missed various articles which were on August 11 found in the possession of Fraser. A few days previously the latter had been charged with stealing blankets, dishes and curtains belonging to the Kingcombe Packers Limited.

Fraser, according to the evidence, had been discharged from the company's employment on July 25.

Pending trial, Fraser remains in Okalla jail.

KNIGHTS OF KHORASSAN PARADE IN VANCOUVER

Vancouver, Aug. 15. — Splendid floats, gaily decorated cars, the many patrols in their striking uniforms, excellent bands and stunt features made the parade of the Dramatic Order of the Knights of Khorassan to-day a spectacle that drew huge crowds. Passing along Georgia Street, down Granville Street and along Hastings Street to Jackson Avenue, the knights and sisters formed a parade that was especially attractive. At Jackson Avenue the members of the various bands went by street car to the exhibition for the competitions this afternoon.

WINNIPEG MAN DIES IN HIS 113TH YEAR

Winnipeg, Aug. 15.—Alex. Vivier, aged 113 years, the oldest man in Manitoba, who during the declining years of his life has been confined in the Home for the Aged and Infirm at Portage la Prairie, died to-day.

Mr. Vivier was born in the district of St. Francois Xavier on February 17, 1812. He spent all of his life in the settlements along the Assiniboine River and at the age of 102 was sent to the home at Portage. Up to the time of his death Mr. Vivier enjoyed excellent hearing, although his eyesight was beginning to fail him.

HATED TO WASTE IT

"Why hasn't Brown's wife let him put up their screens this season?"

"She bought a lot of fly paper at a bargain and she wants to get the worth of her money."

NEWS IN BRIEF

Building permits have been issued to C. Sullivan for a woodshed at 411 Quebec Street and to D. F. Hartley for a garage at 1252 Oxford Street.

The death has been reported to the police of Chung Quoy, an aged Chinaman. He died in his bed at the address of Yueng Bing, Theatre Alley, after an illness of eight days.

Electing speedy trial before County Court, Herbert Killam, charged with gross indecency under the Criminal Code, was yesterday acquitted. Henry C. Hall, K.C., appeared for the defence. Defendant had been committed for trial by Magistrate Jay in the city juvenile court.

Before the electric wiring bylaw is submitted to the City Council for consideration next month, it is intended to take the opinion of the electrical trade on the subject. A meeting for that purpose has been called on August 25, by which time it is expected the city electrician will have had an opportunity to look over the measure, which has been prepared by the city wiring inspector.

A verdict of accidental death was returned to-day at the inquest held by Dr. E. C. Hart on David Davies, who sustained a fractured skull as the result of a fall at the Old Men's Home and who died in the Jubilee Hospital yesterday. Mr. Davies, who was seventy-five years of age, was a well-known resident of the city. He was a brother of Joshua Davies, pioneer auctioneer of Victoria.

Star Car Offered to Public Without Charge by Atkinson Company

The Atkinson Motor Company Limited, 809 Yates Street, are giving away, free of charge or cost whatever, a brand new Star touring car, which is now on display in the company's showrooms.

This is a novel advertising feature, and it is the wish of Manager Lovell that the public visit the Star headquarters and secure a ticket. In addition to the Star car the company is offering an interest in a new Durant coupe.

It is the desire of the management that everybody call at the Yates Street garage so that the general public may inspect the full line of Star and Durant cars sold by the Atkinson Motor Company Limited.

UNEMPLOYMENT TO BE LESS IN WINTER

Federal and Municipal Conference in City of Ottawa in September

Employment Service Council of Canada to Meet at Same Time

Ottawa, Aug. 15.—The Employment Service Council of Canada will hold its annual meeting in Ottawa on September 2, the sessions of the council to run parallel with the General Conference on Unemployment beginning September 3. The Employment Service Council is an advisory body created to advise the Federal department in matters pertaining to the employment service. Representatives of the provinces making use of the employment service will be present.

At the General Conference on Unemployment, which will be attended by representatives from Canadian municipalities, Hon. James Murdock, Federal Minister of Labor, and Hon. J. H. King, Minister of Public Works, will represent the Federal Government. It is hoped concrete proposals will be forthcoming that will tend to eliminate unemployment during the Winter.

CYMRODORION SOCIETY

A large gathering attended the Welsh society meeting Wednesday evening in connection with the competition which had been arranged to encourage the young folks in public singing, reciting and piano-playing. The results were very gratifying. Solo singing was keenly contested and resulted as follows: Under seven years old, 1, Edith Williams; 2, Eddie Lewis. Under eleven years, 1, Trevor Lewis; 2, Babbs Thomas. Under fifteen honors were divided between Mirriam Williams and Ivor Tucker. Open, 1, Mrs. Hobden; 2, Miss Phyllis Williams. J. Jones and J. H. Hughes were adjudicators. The reciting competition was also keen, and resulted as follows: Under seven years, 1, Iris Evans; 2, Lillian Williams. Under eleven, 1, Trevor Lewis; 2, Eddit Lewis. Under fifteen, 1, Miss Phyllis Williams; 2, Miss Gwyneth Protheroe. Open, 1, Miss Phyllis Williams; 2, Miss Annie Griffiths. The adjudicators were D. Evans and P. H. Hughes.

Piano-playing honors were carried off by Master Ivor Tucker.

Mr. Hughes, adjudicator, delighted the gathering by playing several Welsh selections. Mrs. Williams, Vancouver, was also greatly appreciated in both Welsh and English vocal solos. Refreshments were served under the direction of Mrs. Bricker and Mrs. Lewis. Maurice Thomas, president, occupied the chair.

Thrill Killers Either Emotionless Or World's Greatest Poseurs

Chicago, Aug. 14.—(Special Dispatch to The Victoria Times)—In jail, on trial for their lives, Nathan Leopold, Jr., and Richard Loeb—connoisseurs of thrills—have found the object of their quest.

Seeking thrills, they kidnaped Robert Franks, a millionaire's son. For a thrill they demanded ransom, and killed him.

They even joined the search for the murderers, and, perhaps, then found a slight thrill.

Now, on trial, they maintain a cool, emotional attitude. Two cakes of ice would register more feeling in Judge Caverly's courtroom than they.

They are the living exhibits for the defence to the support of their attorneys' mitigating plea of "emotional deficiency." Whether underdeveloped emotions extenuates for murder is for the judge to decide. But the courtroom visitor soon inclines to the belief that they either are entirely lacking in emotion or else are the world's greatest poseurs.

ANOTHER THRILL

Herin probably lies another thrill. Sole masters of their thoughts—strutting in the spotlight of a nation's horrified attention—key figures in one of the greatest criminal trials of a century, yet unmoved.

Now they hold the centre of the stage. They are seeing the drama of their lives unfold before them.

In the early stages of the trial they registered profound boredom at the repetition of details of their crime by the state's witnesses. Even then they found enjoyment, however, in the admiring glances of women trial fans, shot at their sleek persons.

Coldly they listened to pleas for mercy and to sizzling denunciation. Every day as they face the court crowd they don the faint, set smile. "Bored" probably is too strong a term for the latter stages of the hearing. The egotism of the two youths has been perceptibly caressed, they have been visibly interested as alienists spend hours on the stand solemnly cataloging their personalities.

LISTEN TO REPORTS

The pair have leaned forward in their seats to hear answers as to their mental condition. They have in the past been heralded as "intellectual wizards." Now they are being shown as "mentally diseased."

This picture of Richard Loeb, now on trial for his life as slayer of Bobby Franks, was taken about the time he entered the University of Michigan, heralded as a child prodigy, an intellectual "wizard." He graduated from the university at 18 years—the youngest scholar to receive degrees from the university.

Are they in dread of the overhanging noose? They scoff at the suggestion.

They deny fear and another emotion: regret, shame, love, reverence, curiosity or joy. They dress meticulously. They eat voraciously. They make puns to perplex their jailers, discourse learnedly with fellow prisoners and parry interviewers' questions with jibes and riddle.

All of which affords a thrill. Even the walk to the hangman's noose would afford a thrill, for Leopold's chief concern is, should the verdict be death is to die, "consistently, and not to break as some people may expect."

GET-RICH-QUICK PONZI OUT OF JAIL; TO START TO GET ANOTHER FORTUNE

By HAROLD MATSON

Special Dispatch to The Victoria Times

Boston, Aug. 15.—Expect new things of Charles Ponzi.

The little Italian, at present enjoying a breathing spell between one prison term and the possibility of another, has no intention of retiring into obscurity—nor does he expect to go behind the bars again.

"I have to make money," he told me when I talked with him in Plymouth county jail just prior to his release. "I have to make a lot of money. A man with debts and a family can't get along on a clerk's salary. And I certainly cannot afford to spend any more time in prison cells."

A plea something of this sort will be made before the courts that will hear ten indictments against the man, indictments that could not be satisfied until the Federal Government had done with him.

"Let me out and I'll pay my debts," is Ponzi's idea. However, he didn't make it clear that he meant to pay back all the money lost through his get-rich-quick scheme, nor that he hopes to open all the banks that were closed on his account. He does, nevertheless, expect to accomplish some degree of restitution to his victims, those countless small investors, most of whom were fellow Italians, for he asks the question: "How can I get square with the world if I am kept in jail?"

How he expects to accumulate another fortune is his own secret, but he smiles that he hasn't been in jail four years without thinking about something! No doubt the scheme will be within the law. Ponzi has had enough of prison life.

The jailer had said that Ponzi wouldn't talk to a newspaperman. However, he consented to bring Ponzi into the sheriff's office if the prisoner cared to come. Ponzi cared. And Ponzi talked.

His short little body has taken on some thirty or forty pounds during his confinement, and his brown skin, freshened by the sun (for Ponzi, who has been made a trusty, was allowed to walk the field within the walls), gives him the appearance of a hardy, well-fed man. He went into prison a sick man.

"It's been a sort of sanitarium in effect," Ponzi joshed.

"Look out for your watch and chain," an official cautioned us in passing.

Ponzi laughed. It is well to laugh at an official's joke. It is easy to laugh when one's term is nearly up.

"I've been the librarian here," he volunteered. "I have had a great chance to do some reading. Mostly I have been planning for my future—you know I have to work pretty fast when I get out, for I'm no spring chicken."

The man was excitedly interested in anything that pertained to his case, yet he seemed to be casual about his jail experience. It was a matter-of-fact affair that he should have landed in jail. Justice, morals? There was no talk of these. He was merely playing a big game, and the game went wrong—"somebody had to go to jail."

Prison life at Plymouth, close to the spot where the Pilgrims landed, was surprisingly tolerable, Ponzi discovered.

"Of course, it hasn't been fun, but it could have been worse."

The man's eyes lit up at mention of his wife.

"Hasn't she been a thoroughbred? Waiting for me, working for my freedom all this time?"

Ponzi laughed at the suggestion that a tidy bit of his ill-got money is waiting for him, cached these five years. He seemed unworried at the possibility that some unforgiving investor might seek a personal brand of revenge when he is finally freed.

"No. My troubles are all in how to make new money—not with the old."

CHARLES PONZI

SAANICH PREPARES AMMUNITION FOR UNION CONVENTION

Will Foster Demand For Share of Gasoline Tax

The chief business before the Saanich Council at this evening's session will be preparation of resolutions to be sponsored by Saanich at the Penticton Convention of the Union of Municipalities, to be held on September 3 and 4.

There is considerable sentiment in Saanich favoring the reduction of the tax penalty from the present figure of 15 per cent, and it is probable that a resolution, suggesting substition of 12½ per cent as the maximum, will be debated by the Council.

WANT GAS TAX CASH

The drastic reduction of municipal revenues from the motor tax, since the institution of the gasoline tax and the reduction made in motor licenses, will be the subject of a resolution to be fathered by Saanich. This resolution will, if adopted in the present form by the Council this evening, pledge the Union of Municipalities to demand from the Provincial Government the turning over to the municipalities of one half the gasoline tax, and it is proposed that this demand shall be made retroactive for the present year.

CUT DOWN AUTHORITY

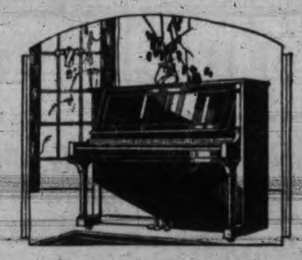

The Council will also be sounded as to its attitude towards the legislation proposed by Oak Bay, which contemplated pledging the union to favoring consolidation of authority over schools and police in the council in all small municipalities. Alternative proposals to be debated by the councillors this evening include the abolition of municipal police forces in small districts and the extension of the provincial constabulary to take over these areas in addition to supervision of the present unorganized portions of the Province.

It is also suggested that, instead of making the Oak Bay Council, police commission and school board consolidation scheme mandatory, such a proposal would be more acceptable if provision were made for the change only after the voters had endorsed a referendum.

Appointment of a medical health officer will probably be made this evening, the council and school board holding a joint session to consider the many applications which have been filed for the position.

MOOSE BAND PAID VISIT TO ORPHANAGE

On Thursday evening the Moose Band, under the leadership of Sidney Rogers, paid a visit to the Protestant Orphanage and delighted the youngsters with numerous selections. Several of the lodge officers and members and their friends were in attendance, and a liberal supply of ice cream cones and candy donated by Victoria Lodge 1390, Loyal Order of Moose, was taken along and given every attention by the youngsters. Caring for the orphan children is the rock upon which the foundation of the Loyal Order of Moose has been laid, and a contribution of $2 per year from every member of this great order is at present providing for the maintenance of 1,200 children of departed Moose. A vote of thanks was extended the Moose Band and Lodge for their splendid thought on behalf of the children by Mrs. Cameron of the Orphanage Board.

Reader-Interest in Advertising Responds Unfailingly to Merchant-Enthusiasm in Advertising!

"If you intend to do any important advertising, do it now."

It has been shown, by an unbiased investigation, that retail stores of the country that have been advertised more than usual have been doing more than usual business. The same investigation revealed that the losses of business occurred in instances where the merchant had adopted a policy of retrenchment in newspaper advertising. These are facts, not theories.

"Measure for Measure." The merchant who shows lack of business confidence by curtailing his advertising will breed that same lack of confidence in the patrons of his store.

Aggressive advertising is always profitable. Aggressive advertising is a vital necessity to every merchant who desires to "Hold His Own," or to Show Progress.

Owner, Horse and Jockey Suspended At Colwood Track

J. M. Plunkett, Golden Red And Jockey Gibson Set Down Indefinitely by Judge

Perch Best Long Shot of Last Day's Racing; $20.85 on All Nose Bets

Presiding Judge Rose put his heel down firmly yesterday afternoon at the Colwood track, when, after investigating the fifth race, he suspended indefinitely J. M. Plunkett, owner of the winning horse, Golden Red, Jockey Gibson, who had a leg up on the winner, and the victorious thoroughbred himself.

Judge Rose did not like the look of things. On Wednesday Golden Red ran fourth in a field of five over six furlongs, finishing a long distance behind Delhimar, the winner. Golden Red carried an impost of 108 pounds.

Yesterday Golden Red went to the post with 114 pounds on his back, six more than on Wednesday, and eight horses in the race. The distance was five and one-half furlongs, half a furlong shorter than on Wednesday. After running second to Sunny Ways of the Sunflower Stable, for half the distance Gibson drove Golden Red to the front and finished with half a length to spare. When Golden Red passed Sunny Ways he crowded the latter against the rail. Delhimer, the winner on Wednesday, was third.

Judge Rose went into the matter thoroughly, and set down the three principals, owner, horse and jockey.

PERCH PAYS BEST

Moving up from second place in the home stretch in the fourth race, Perch, Barnett's big bay mare, with Tiner up won easily over the favorite, Different Eyes, and paid her backers the handsome price of $20.85 on a nose bet. She paid $6.75 for a place bet and $3.90 for show money.

In the first race the hot favorite, Frank I. L., found the going to his liking, and running second from the start he moved into the lead when ready, and won by a couple of lengths over Carpathian, a rank outsider, who paid $20.20 for a place bet and $7.05 for show. Hand Sweep also paid the neat price of $8.10 for show money.

Another public choice, Mayflower, romped away with the second race, and finished with a good lead. She paid small prices on account of going to the barrier an odds on favorite. Weiga, with Cowan up, ran a pretty race, and came in second, rewarding with $8.15 for place money and $5.60 for show bets. Nas-Ta-Baga, another outsider, paid her backers with $8.30 show money.

LOMOND JR., WINS

One of the best finishes of the meet was witnessed in the third race with Lomond Jr. and L. Gentry fighting for the honors. The former with Dellow up just nosed out the favorite at the wire. She Will was third. The winner paid $10.60 on a bet on the nose. L. Gentry only paid small prices.

Ellen Terry, a consistent winner, ran away with the sixth event. Ellen got away to a nice lead, and at the first turn was in close to the rail, showing her heels to them all. She finished a length to the good. Camouflage II, which was heavily backed, was second, with Simalkameen Boy the other favorite, was place. The winner paid the nice price of $12.60 on straight tickets.

Toronto, Aug. 15.—Sergeant-Major W. A. Hawkins, Toronto, led at the finish of the 200 and 500-yard ranges of the Tait-Brassey, a three-range match shoot at the Ontario Rifle Association meet yesterday morning. The 600-yard range will be shot at this afternoon. Hawkins had sixty-eight out of a possible seventy.

Sgt. J. A. Bowen of Edmonton had sixty-three and Private P. Burnett, Regina regiment, sixty-two; Sergt. Desmond Burke, Ottawa, King's prize winner at Bisley, had sixty-one.

Amateur Officials To Attend Meeting of Union To-morrow

Four delegates from Victoria will attend the annual meeting of the B.C.A.A.U., to be held in Vancouver to-morrow night. The local delegates will be: Arthur Manson, president of the local branch; W. G. Burd, vice-president; Percy Watson, past president; and Dan O'Sullivan, governor.

FIRPO AND WILLS SIGN

New York, Aug. 15.—Luis Angel Firpo yesterday visited Tex Rickard and signed formal contracts with the promoter for his battle with Harry Wills at Boyles Thirty Acres, Sept. 11. At the same time Firpo disposed of his share of the motion picture rights to Rickard for an amount understood to have been $10,000.

CRUICKSHANK LEADS

Denver, Colo., Aug. 15.—Bobby Cruickshank of New York and William Creavy of Oklahoma City were tied for low scores in the Colorado open golf tournament here yesterday when they turned in cards of 146 for the first thirty-six holes of play. Cyril Walker, national open champion, was far down with a score of 160.

"Little Bill" Wins Match With Veteran Australian Player

Newport, R.I., Aug. Aug. 15.—William M. Johnston, former American champion, defeated Norman E. Brookes, Australian Davis Cup player, in the semi-finals of the Casino lawn tennis tournament to-day. The scores were 6-2, 6-2, 6-2.

Victoria Cricket Stars Will Meet Mainland Eleven

Second Match For Flumerfelt Cup Will be Staged in Vancouver To-morrow

To-morrow afternoon at Brockton Point, Vancouver, the second intercity cricket match for the Flumerfelt Cup will be played between the rep. teams of Victoria and Vancouver. The local team is leaving for the Mainland on to-night's boat and will be ready for an early start at 10.30 o'clock in the morning. The match will continue until stumps are drawn at 7 o'clock.

The Victorians feel quite confident that they will be able to take the measure of the Mainlanders. In the first match of the series played here on July 1, Victoria won. If the team is successful in defeating Vancouver to-morrow the cup will pass into its possession, but should the home eleven win out a third game will be necessary.

Victoria will not have the assistance of three stalwart Island cricketers, Cobbett, Dobbie and Matthews, who have found it impossible to make the trip.

THE TEAMS

The Victoria team will consist of the following:

A. Sparks (Incogs), George Wilkinson (Victoria), Sergt. Watson (United Services), Leighton (Cowichan), Eric Quainton and Eden Quainton (Five C's), A. W. Cocks (Cowichan), Reg. Wenman (Incogs), G. C. Grant (Victoria), Capt. Coley (Victoria), and Rev. Tomalie (Victoria).

The Vancouver team will be as follows:

G. S. Peel, Eaton-Shore, Major Harrison, F. J. Peers, W. L. Rivers, N. Peters, T. Reed, W. M. Silcock, C. Vernon, Richardson and F. A. A. Barrs.

A friendly game will be played to-morrow afternoon at two o'clock between the Congos team and Five C's at Beacon Hill. The Congos will be as follows:

Slocomb (captain), Collett, Pillar, Slocomb, Jr., Martin, Hanson, Tinker, Shadbolt, Wallace, Curtis, Lock. Reserve, J. Slade.

Mainland Bowling Rinks Will Visit Beacon Hill Club

Seven Rinks From Terminal City Club Here To-morrow; Ladies to Play as Well

Seven rinks from the Terminal City Lawn Bowling Club of Vancouver, will arrive here in the morning for a match with the Victoria Lawn Bowling Club at the Beacon Hill greens. The first bowls will be rolled at 2.30 o'clock in the afternoon.

Each year the Vancouver and Victoria rinks exchange visits and enjoy very pleasant times. The local rinks have yet to taste defeat on their own greens, always finding a way to dispose of their opponents from across the gulf.

The local rinks will be as follows:

F. J. Byng, R. Ferguson, H. V. Mills and A. McKeachie.

A. Read, C. Collinge, R. McDonald and R. Dowswell.

D. H. Bryce, R. Clark, J. Paterson and J. Raeside.

G. F. Lockwood, T. Cashmore, H. Dorrell and J. Munro.

W. Lothian, D. Dewar, W. Barbour and T. McCosh.

H. A. Munn, G. Raby, D. H. Pite and Thos. Renfrew.

A. B. McNeill, A. J. Wilson, G. Blundell and H. Renwick.

LADIES TO PLAY

While the men are engaged at Beacon Hill the ladies of the Terminal City Club will be guests of the ladies of the Burnside Club at their green in the north end of the city. A friendly match will be played. The ladies have attained a high standard in regard to bowling.

Arrangements have been completed for a rink competition between the three local clubs on Saturday, August 23. The Victoria, Burnside and C.P.R. clubs will compete for a shield which has been presented by Dr. Chisholm and Mr. Gadman, two visitors from the South, who have taken a keen interest in bowling during their stay in this city.

THE PROMOTOR'S LUCK

London, Aug. 15.—The affairs of Major Arnold Wilson, the promoter who staged the Gibbons-Bloomfield fight at Wembley last Saturday, were discussed to-day at the Bankruptcy Building at the first meeting of creditors, under a receiving order made against his estate.

Solicitor Stewart Moore, who accepted the writ issued against Wilson by the American boxer for the balance of about $36,500, which the latter claims is due him as the balance from the fight purse, stated that Wilson's financial difficulties were due to the Home Secretary's ban on the Siki-Beckett fight and continual postponements of the Beckett-Carpentier match. Wilson is said to have lost £7,000 in these ventures.

England's Prize Amateur Football Eleven With Several Canadian Officials

Top left, T. C. T. Lashmer, goalkeeper from Liverpool Ramblers, and G. C. Bambridge, manager of the Corinthian team. Below: J. G. Knight, centre half, University College, London; H. Davies, outside left, Oxford and Wales. Top centre: Wrefgord Brown, an old international player, and J. S. F. Morrison, Cambridge, left back and captain. Second row, left to right: Stanley DaVidson, secretary of the D.F.A.; Tom Holland, president of the T. and D.F.A.; W. Dean, president of the O.F.A. On the right, across top to bottom: G. B. Partridge, inside forward, Malvern; V. E. Morgan, outside right, Oxford; A. H. Chadder, left half back, Oxford; F. H. Barnard, inside right, Oxford; N. C. E. Ashton, left back, Oxford; H. C. Lewis, centre forward, Oxford; H. R. Robinson, left half, Cambridge; R. W. L. de Koven, right back, Cambridge; J. K. Reid of London, Ont., right half, Cambridge; C. B. Andrews, traveling with the party.

Edmonton Eleven Falls Victim To Corinthian Team

Englishmen Show Their Class Against Albertans Despite Drizzling Rain

Edmonton, Aug. 15.—Playing on what they enthusiastically claimed to be the best pitch they had so far played on in Canada, the Corinthians, famous English amateur soccer team, defeated an Edmonton all-star football team at Renfrew Park here last night by the score of 2 to 1.

The game, which was played in a light drizzle, which at times increased to a fairly heavy rainfall, was every bit as good as could be expected under the circumstances. The going suited the Corinthians much better than the home team. The visitors played only fairly well in the first half, although they had a goodly portion of the play. But in the second half they struck their stride and showed what they can really do. At the finish, the famous tourists were giving finer displays than at the beginning, and seemed as fresh as when they started.

SCORE IN SECOND HALF

The second half was well advanced before the scoring commenced, when George Graham, centre forward of the all-stars, banged an unsavable shot past Lashmer. Within a minute the Corinthians equalled, when Partridge, the big outside right of the visitors, dashed in like lightning to convert a corner by Davies into a beautiful goal. Partridge took the ball on the fly about a foot from the ground and never gave Crozier a chance. About five minutes later the visitors got the winning counter, when Barnard took a pass from Creek on the half volley just outside the goal line and again gave Crozier no chance.

The game was clean, and both teams showed the best of good sportsmanship.

Vicentini Loses Bout After Almost Winning by a K.O.

New York, Aug. 15.—Jack Bernstein, of Yonkers, N.Y., former junior lightweight champion, outpointed Luis Vincentini, sensational Chilean scrapper, in a twelve-round battle in Brooklyn last night.

Bernstein won the judges' decision with clean margin on points after he had been knocked down for a count of eight in the second round and been on the verge of a knockout in both this and the third round under Vincentini's terrific righthand attack.

The Yonkers fighter, however, made a sensational comeback after the third round, outboxing his younger rival at every turn. In the opinion of ringside experts Bernstein won six rounds, Vincentini two, while four were even.

Vincentini weighted 135, Bernstein 131½.

In a twelve-round preliminary Frankie Monroe, California featherweight, defeated Jack Hausner, of New York.

Lott Retains His Title As Junior Tennis Champion

Chicago Boy Defeated Holman, of San Francisco, in Hard Four-set Match

Chicago, Aug. 15.—George Lott Jr. of Chicago, successfully defended his national junior title by defeating Granston Holman, Pacific coast junior champion, from San Francisco, in four sets on the turf courts of the South Side Tennis Club here yesterday afternoon 4-6, 6-3, 6-4, 6-3.

With Thomas McGlynn of Pennsylvania, Lott also annexed the national junior doubles crown in the finals.

In the singles Lott dropped the opening set to Holman as the coast youth forced the play, taking the net for sharp volleys at every opportunity. The second set found the defending champion chopping the ball, forcing Holman into frequent errors as he failed to fathom the bounces. Lott took the set 6-3.

COULD NOT HOLD LEAD

In the third set Holman took the lead at the start, but Lott evened the count at three all and eventually won the set at 6-4.

The ten-minute rest helped Lott, and he came back in the fourth set, pushing over sizzling drives to the corners and finishing off the points with sensational volleys. The youthful Chicagoan ran into a 5-1 lead, at which point Holman staged a brilliant but futile rally. He took two games, but Lott won his own serve for the set match, and his second championship 6-3.

After a short rest Lottand McGlynn took on Holman and Emmett Pare of Chicago, for the doubles title. Playing brilliantly, Lott and McGlynn took the match in straight sets 6-3, 6-2, 6-3.

Holman appeared to be tired and Pare made frequent errors. The first two sets were one-sided, but Holman and Pare opened strong in the third set, taking three games. Then they let down and by storming the net Lott and McGlynn staged a sensational comeback, running out six games in a row for the match and championship.

Soccer Teams to Play Exhibition Game To-morrow

An exhibition football game between the side selected to meet the Corinthians here next Wednesday and a second eleven will be held at the Royal Athletic Park to-morrow afternoon at 3.30 o'clock. The teams will be as follows:

All Stars—Goal, Hetherington; full-backs, Bell and Harry Copas; half-backs, Johnny Roe, Tupman, captain, and Chris Owens; forwards, Phillips, Merifeld, Preston, Muir and Clarkson.

"B" team—Goal, Bridges; full-backs, John Watt and Davidson; half-backs, Wale, S. Sherratt and Mesher; forwards, J. Sherratt, Mulcahy, Lowden, T. Southern and H. Cummins.

Both teams are asked to meet at the Veterans of France clubrooms at 2.30 o'clock on Saturday.

Art Stokes will referee and Percy Payne and Saunders will be the linesmen.

Seattle Football Team to Play Here Saturday, Sept. 6

A representative football team from Seattle will be here on September 6 for a game with the Veterans. Seattle claims to have the best soccer team on the Coast and is anxious to try conclusions with Victoria. The officials of the Sound club have asked to have the best eleven Victoria can produce as their opponents.

Irishmen Win All Places in Tailteann 1,000-Metre Event

Dublin, Aug. 15.—In the qualifying heat of the 400 metres dash at the Tailteann games yesterday, W. Maynes, St. John, N.B., finished second to Lavan of Ireland, who won by a yard in 52 3-5 seconds.

Roy Baker, Illinois A.C., won the 1,500 metres event. Time, 4 minutes 3 1-5 seconds.

In throwing the fifty-six-pound weight without follow, one of the decathlon events, Shanahan was first with 21 feet 8 inches.

J. Taylor, New York A.C., finished first in the 400-metre final. Time, 50 4-5 seconds.

All three places in the 1,000-metre final were won by Irishmen, Donnelly being first, Barnes second, and Beare third. Time, 90 3-5 seconds.

In the running hop, step and jump of the decathlon, Osborne, United States, was first with 44 feet 2½ inches. On his final jump Osborne ruptured a muscle in his right thigh. It is not yet known whether Osborne, who was a bright star in the games, will be able to compete in any of the other events.

LEWIS DISCHARGED

San Diego, Cal., Aug. 15.—Four charges of battery and one of disturbing the peace filed against Ed "Strangler" Lewis, heavyweight wrestling champion of the world, were dismissed in justice court yesterday afternoon, when the prosecuting witness failed to put in an appearance.

Lewis and his attorney were in court when the case was called, but when the complainants failed to put in an appearance the prosecuting attorney moved that the charges be dismissed and the request was granted.

Large Number of Trout to Be Put In Price's Lake

Five Thousand Rainbow Fry For Salt Spring Lake; Rod And Gun Club Active

Salt Spring Island, Aug. 15.—Anglers will be pleased to know that 5,000 rainbow trout fry will be placed in Price's Lake in the near future. Trout fry of the cuthroat variety from some of the other lakes will also be put in. There is good trout fishing in all the lakes on Salt Spring Island at present.

At the annual meeting of the Salt Spring Island Rod and Gun Club held recently the matter of the extermination of newts, more commonly known as lizards, was discussed. These are very detrimental to the lake fish, and the question will be taken up with the Department of Fisheries at Ottawa immediately. The club would be glad if any B.C. fishermen who know anything about the control of lizards, would communicate with them.

The following officers were elected for the ensuing year: President, T. F. Spad; vice-president, W. A. McAfee; secretary-treasurer, E. G. Borradaile; committee, W. Norton, J. G. Ringwood, A. Cartwright, A. Buckle, B. Cullins and H. O. Allen.

Two Saskatoon and Winnipeg Golfers Reach Semi-Finals

Saskatoon, Aug. 15.—Jack Cuthbert and Matt Thompson, of Winnipeg, together with Alex Weir, and Sam Thorburn, of Saskatoon, will battle for places in the final round of the Western Canada Amateur Championship to-day as the result of matches played at the Riverside Country Club yesterday.

These four are in the semi-finals. The draw brings Cuthbert and Thompson together in the upper half and Weir and Thorburn in the lower half.

In yesterday's matches Cuthbert eliminated W. Kidd, Shempson won over Ellis, Weir beat A. Bull, Vancouver, and Thornburn beat Ben Cool, Calgary.

City Clay Court Tournament Opens To-morrow Morning

Up to noon to-day there were about 135 entries in hand for the city clay court championships, which open to-morrow afternoon on the courts of the Kingston Street Tennis Club. Every club in the city is taking an interest in the tournament and is sending representatives to compete for the trophies that are up for the different events.

Out of town places are well represented. Vancouver has five players already entered and it is quite possible that there will be additional players from that city. Winnipeg will also be represented by a crack lady player.

Entries are to be made to F. Pollard, Gladstone Avenue, not later than 6 o'clock to-night.

Helen and Molla Are Heading For U.S. Net Finals

Last Year's Finalists Disposed of Opponents Yesterday in Straight Sets

Forest Hills, N.Y., Aug. 15.—Helen Wills, of Berkeley, Cal., defending champion, defeated Mrs. Marion Z. Jessup, of Wilmington, Del., at the West Side Tennis Club here to-day in the National singles. Mrs. Jessup put up a game fight, but the steadiness of Miss Willa was too much for her.

The Coast girl found in Mrs. Jessup her strongest opponent for the tournament and triumphed only after a keen match. To-day Miss Wills will meet in the semi-finals a veteran Californian rival, Miss Mary K. Browne, of Los Angeles.

Other results in the National tournament were as follows:

Mrs. Molla Mallory of New York defeated Mrs. F. V. Roeser of Brooklyn, 6-1, 6-1.

Miss Helen Wills of Berkeley, Cal., defeated Mrs. Marion Jessup of Wilmington, Del., 6-3, 6-3.

Mrs. George W. Whitman of Boston and Miss Helen Wills of Berkeley defeated Mrs. George D. Stanwix of Yonkers and Miss Muriel Binson of New Rochelle, 6-0, 6-2 in the doubles second round.

Miss Mary K. Browne of Los Angeles defeated Miss Mayme MacDonald, New York, 6-2, 5-7, 6-4.

Miss Helen Wills of Berkeley, Cal., and Mrs. George W. Wightman of Boston defeated Miss Florence Ballin of New York and Mrs. Claude V. Hitchins of New York, 6-2, 6-2.

Mrs. Molla B. Mallory of New York and Miss Eleanora Sears of Boston, defeated Mrs. Barger-Wallach and Miss Marie Wagner of New York, 6-1, 6-1, in the third round doubles.

Miss Eleanor Goss of New York defeated Miss Martha Bayard of Short Hills, N.J., 8-6, 6-4, in the fourth round singles.

Miss Edith Handy of Staten Island and Miss Rosamond Newton of Boston defeated Mrs. Bronson Bachelor of New York and Mrs. J. Saunders Taylor of New York, 6-4, 6-4.

Mrs. F. V. Roeser of Brooklyn and Mrs. S. H. Waring of New York defeated Mrs. Robert Leroy of New York, and Miss Agnes Sherwood of Boston, 4-6, 8-6, 6-1.

Australian Davis Cup Team Gains a Lead on Japanese

Won Two Singles Yesterday And Play in Doubles To-day; Looks Like End of Japs

Providence, R.I., Aug. 15.—Australia took a commanding lead over Japan in the opening singles matches of the final round of play in the American zone Davis Cup competition yesterday, when Gerald L. Patterson, Australian, defeated Zenzo Shimidzu, of Japan, in straight sets, 7-5, 11-9, 6-4, and Pat O'Hara Wood of Australia defeated Sunao Okamoto of Japan, 6-4, 2-6, 6-4, 2-6, 6-1.

Patterson had easy sailing against Shimidzu, his accurate play proving too strong for the steady Japanese star. On the other hand, Okamoto pushed Wood to the limit to win, always playing an uphill game, but showing sufficient form to carry Wood along to five sets to win.

SMASHES WAY THROUGH

Wood found Okamoto to be a steady driving player of his own type. For four sets Okamoto matched drive for drive with the Anzac player, but in the fifth set Wood, like his team mate Patterson, came into the net and smashed his way to victory by killing placements, which left his opponent flat-footed, and without sufficient power or speed to combat the force which was allied against him.

In to-day's doubles match, Australia will depend upon the power of Patterson and Wood to turn back the Japanese team of Okamoto and Harada. On Saturday Wood will meet Shimidzu and Patterson will opose Okamoto in the final singles matches.

CLEVELAND AMATEURS WIN

Toronto, Aug. 15.—The Bauers team of Cleveland, amateur baseball champions of the United States, last night defeated the Falt Terriers, champions of Ontario, in an international ball game, 6 to 2.

REDS REAPPOINT JACK

Cincinnati, Aug. 15.—The directors of the Cincinnati National League Baseball Club to-day appointed Jack Hendricks, manager of the local team for 1925, under a one-year contract.

Race In American League Continues Keen and Stirring

Detroit and Yankees Both Lost While Washington and St. Louis Won Out

Giants Receive Second Setback at Hands of Pirates Who Are Coming up

New York, Aug. 15.Detroit, by losing yesterday's game, allowed New York to retain first place in the league, although they also lost, while Washington and St. Louis, next in line, each added a game to their winning columns. One contest now separates New York from Detroit and the Tigers from the Senators, who in turn show the way to the Browns by three games.

The Browns wound up their last engagement at the Yankee Stadium with a pleasant taste in their mouths as they downed the champions by a score of 8 to 5. Four of Huggin's pitchers failed to stop Sisler's sluggers.

Cobb tried four pitchers in a vain effort to stop the Athletics, but had to succumb to a 11-5 defeat.

INDIANS WERE TAMED

Cleveland found two hits too lean a diet on which to raise even a solitary run, while Washington pushed across the tally necessary to give Modridge a one to nothing shut out. Speaker was the only Indian to reach second base.

Robertson of Chicago, had all the breaks against him in losing a 4-3 decision to Boston after holding the Red Sox to four hits. The White Sox twirler's wildness was his undoing.

The National League race to-day is out of the cut and dried class as a result of Pittsburg's second straight victory over the Giants, this time by a score of 3-1.

Pittsburg is now within five games of the Giants.

It was Dazzy Vance's turn to pitch and, of course, the Cincinnati Reds lost 5-0. The shutout was Vance's eighth straight win and his twentieth of the season. He allowed only three scattered singles and fanned eight batters, raising his total strikeouts for the year to 177.

AMERICAN LEAGUE

Philadelphia, Aug. 15.—Four Detroit pitchers were unable to stem the fusilade of hits that rung off the Athletics' bats yesterday and the Tigers lost an opportunity to take first place from the Yanks by losing, 11 to 5.

	R.	H.	E.
Detroit	5	13	1
Philadelphia	11	16	1

Batteries—Holloway, Cole, Pillette, Stoney and Bassler, Woodall; Burns and Perkins.

TWO REASONS FOR WIN

Washington, Aug. 15.—Mogridge's pitching and Harris's fast base running helped Washington to defeat Cleveland, 1 to 0, yesterday for its second victory in a three-game series.

	R.	H.	E.
Cleveland	0	2	0
Washington	1	9	1

Batteries — Shaute and Sewell; Mogridge and Ruel.

HOYT QUICKLY HUMBLED

New York, Aug. 15.—The St. Louis Americans won their last game of the season to be played in New York from the Yankees here yesterday, 8 to 5. St. Louis knocked out Hoyt early, driving out seven hits in the first two innings.

	R.	H.	E.
St. Louis	8	12	2
New York	5	10	0

Batteries—Danforth and Severold; Hoyt, Gaston, Shawkey, Pipgrass and Schang.

RED SOX BEAT WHITES

Boston, Aug. 15.—Boston made it three straight from Chicago yesterday, defeating the White Sox, 4 to 3. Robertson held Boston to four hits, but the Red Sox made all count in the run making.

	R.	H.	E.
Chicago	3	9	0
Boston	4	4	0

Batteries—Robertson and Grabowski; Ferguson and O'Neill.

NATIONAL LEAGUE

Pittsburg, Aug. 15.—Pittsburg made it two straight from New York by winning yesterday's game, 3 to 1, and reduced to five games the margin separating the Pirates and the league leaders.

	R.	H.	E.
New York	1	6	0
Pittsburg	3	9	0

McMillan and Snyder; Cooper and Gooch.

VANCE WINS AGAIN

Cincinnati, Aug. 15.—Vance, in shutting out Cincinnati, 5 to 0, yesterday, won his twentieth victory of the season and his eighth straight. He allowed three scattered singles and fanned eight men, bringing his total strikeout record for the season up to 177.

	R.	H.	E.
Brooklyn	5	9	1
Cincinnati	0	3	2

Batteries — Vance and Deberry; Benton, May and Hargrave.

Only two games scheduled.

Ernest Torrence Is Highlight In Side Show of Life

One of the many highlights in "The Side Show of Life," Herbert Brenon's production of William J. Locke's gripping story, "The Mountebank," at the Dominion Theatre all this week, is Ernest Torrence's superb characterization of the chief character. The performance he gives in this picture fixes. Only Torrence could make such a man stand out as a worthy successor of Bill Jackson—the role he played in "The Covered Wagon."

This picture has all the dash and color of circus life. Brenon has given the entire production a de luxe mounting and that means the last word in settings, backgrounds and costumes.

Anna Q. Nilsson is featured with Mr. Torrence. She is the titled Lady Auriol Dayne with whom the clown falls hopelessly in love; as usual Miss Nilsson gives a capital performance. Neil Hamilton who has the prominent juvenile role in D. W. Griffith's "America," heads the supporting cast which includes among others, Louise Lagrange, Maurice Cannon and Effie Shannon.

"The Side Show of Life" is more than a motion picture. It is a slice of life itself!

Sigrid Holmquist Leading Woman In Pantages Offering

"A Gentleman of Leisure," a Paramount picture starring Jack Holt, at the Pantages Theatre, is being heartily received by enthusiastic audiences. This is a picturization of a popular stage play by Jack Cunningham and Anthony Coldeway. Joseph Henabery directing. The supporting cast includes Sigrid Holmquist, leading woman; Casson Ferguson, Alec Francis, Frank Nelson, Alfred Allen, Nadeen Paul and Alice Queensberry. Among the many big scenes in the production are Waterloo Station, London, Peacock Cafe, N. Y. C. and the luxurious Creedon home at Bay Shore on the Sound. "A Gentleman of Leisure" is altogether an unusual picture and one well worth seeing. It closes its run on Saturday.

"Shadow of East" Worthy Successor To Hull's "Sheik"

E. M. Hull's, "The Shadow of the East," to be presented by William Fox at the Pantages Theatre next week is a worthy successor to that author's other famous novel and motion picture, "The Sheik." With Frank Mayo, Mildred Harris and Norman Kerry in the leading roles, this story of the enchanting East is told with a graphic forcefulness which brings home the true power of the Orient.

Unlike "The Sheik," however, "The Shadow of the East" deals with the effect of that mysterious country upon a white man. In the case of "The Sheik," the central character was a Bedouin, an Arabian chieftain.

Prize Winning Story Booked At Columbia Theatre

Pat O'Malley, who plays the juvenile lead in "The Fighting Adventurer," Universal-Jewel production shown at the Columbia Theatre today, claims the distinction because he is one of the very few actors given leading parts who has emerged from a fight a sadly defeated battler. O'Malley is remembered for the part he had in "Fools Highway," Universal-Jewel starring Mary Philbin. As a gangster he fought against a dozen men.

This story is the prize-winning screen story in the Carl Laemmle inter-collegiate scenario scholarship contest. It was submitted by William Elwell Oliver, University of California student, and selected from several thousand manuscripts.

An all-star cast directed by Thomas Forman, includes, besides O'Malley, Mary Astor, Warner Oland, Edwin J. Brady, Taylor Carroll and Alfred Fisher.

Variety Offered In Screen Feature Now At Dominion

A little bit of everything awaits picture audiences in "Unguarded Women," an Alan Crossland production for Paramount, which is being shown all this week at the Capitol Theatre.

Bebe Daniels, Richard Dix and Mary Astor are featured in the leading roles of the picture which opens on the battlefields of the World War, carrying audiences from there all the way across the world to the fashionable homes of the rich on Long Island and then back again to Pekin, China where most of the action of the production takes place.

For those who like romance, there's plenty of it. For those who like a real snappy up-to-the-minute picture, there's Bebe Daniels as vivacious Brea Banning doing all sorts of unconventional things to keep them entertained and for those who like thrills, the war scenes will prove the real thing. There's drama, humor, pathos, heart-interest and all of the rest in goodly quantity. You'll find everything a real good picture ought to have in "Unguarded Women." There's something in it for everyone.

The strong supporting cast of the production includes such well known names as Walter McGrail, Frank Losee, Helen Lindroth, Joe King and others just as prominent. Here's a great story, with a great cast and produced by a great director. What more can one ask for?

If you ever enjoyed real honest-to-goodness drama in your life you'll enjoy "Unguarded Women."

Sweet Romance Is Unfolded In Thrilling Film

One of the most compelling and primitive love stories ever told on the screen, is embodied in "The Covered Wagon"—Emerson Hough's novel which was picturized by James Cruze for Paramount with a feature cast. The picture will be the feature at the Royal Victoria Theatre all this week showing twice each day at 2.30 and 8.30 p.m.

The romance between Molly Wingate, "the belle of old Liberty town" and young Will Banion, late of Donihphan's army in the war with Mexico, with a clouded record which brings about near disaster for the loves of both, is not only beautiful but inspiring. There is all the strength of passion, the rugged charm and the wilderness sweetness that characterized the country in the days of '48.

A bitter rival in the character of Sam Woodhull causes untold trouble, but in the end all comes right. The production is one of exceptional massiveness. Thousands of persons appear in the varied scenes, fully one thousand being full-blooded Indians, all descendants of the savages who harassed the wagon trains as they crossed the plains during the gold rush period of 1849. There are many dramatic scenes, the chief of these being Indian attacks on the wagon trains, a real buffalo hunt and a thrilling prairie fire.

Three Big Love Scenes In Newest Valentino Picture

Rudolph Valentino has three big love scenes in the motion picture version of Booth Tarkington's story, "Monsieur Beaucaire," coming to the Dominion Theatre next week. Two of them are with Bebe Daniels and one is with Doris Kenyon. All three are what studio officials term "high-powered."

Valentino proves, in his three love scenes, that he has not lost any of the ability to make love, which has made him one of the most fascinating and compelling screen stars of today. His first scene with the Princess (Bebe Daniels) ends unsuccessfully and sends him off to Bath, England. There he meets the lovely Lady Mary (Doris Kenyon) and the heart of this young Frenchman flutters momentarily. But his flight of fancy for the English lady also ends disastrously and back to France he goes to find that the love which once he held for the Princess still burns in his breast. The final love scen between the Duke and the Princess is said to be one of the most tender and most picturesque ever photographed for a motion picture. While the two lovers, in the Gardens of Versailles are locked in each others arms, King Louis XV and his court parade down the famous steps in the gardens, while sparkling water plunges down the cascades. It is a scene of great beauty.

Forrest Halsey, who adopted "The Humming Bird" to the screen, prepared the scenario for "Monsieur Beaucaire." The screen version of the popular story is said to be just as Tarkington wrote it originally. Bebe Daniels, Lois Wilson, Doris Kenyon and Lowell Sherman are featured in support of Valentino.

BY THE NEA PLAY JURY

Special Dispatch to The Victoria Times

NEW YORK, Aug. 15.—There being no new plays to report this week the jurors deployed in skirmish formation to scout along Broadway and its byways to learn what dramatic forces are advancing on us for the Fall siege.

+ + +

Three companies will present "Seventh Heaven" on tour after its prolonged success in New York.

HELEN MENKEN

Helen Menken will continue with the first company and Ann Forrest will head the cast of the second company.

+ + +

John Golden is observed studying maps for his campaign. We learn that he will operate in Boston this Winter and that he will present the more successful of his plays in London, Canada and far-off Australia. Also he is planning to enter motion picture production.

+ + +

Glenn Hunter is reading the part of Orson Benton Gude for "O. B. Gude," a new comedy by Winchell Smith, collaborator in most of the Golden successes. Smith and George Abbott have written another new play called "The Feud."

+ + +

Frank Craven, Broadway's jack-of-all-trades and specialist in them all, announced that he would quit acting to devote all his time to writing and directing. He went to Milwaukee to play the title role in "The Fall Guy" for two weeks so that he would be better qualified to direct the play. Now he has decided to play the role for eight weeks on Broadway. Beatrice Noyes will have the leading feminine role.

Craven will direct "Pigs," a comedy by Anne Morrison and Patterson McNutt. Nydia Westman and Wallace Ford, new to Broadway, will head the cast.

"Fool's Hill," Craven's own play, recently opened in Milwaukee, and will move to New York as soon as the humidity recedes.

+ + +

"The Miracle" will re-open in September and Lady Diana Manners has sent word that she will return to play the role of the Madonna.

+ + +

Guy Bolton's comedy, "Wages for Wives," with Alma Tell in a principal part, has opened at Atlantic City and is headed for Chicago.

+ + +

First of the spook plays will be "The Haunted House," by Owen Davis, author of "The Nervous Wreck." It is a companion to that piece. It will be followed by "The Green Beetle," produced by Kilbourn Gordon, who was responsible for "The Cat and the Canary."

+ + +

A troupe of fast-flying, high-stepping negroes will be seen in "Chocolate Dandies," sponsored by the same men responsible for "Shuffle Along."

+ + +

Another "most beautiful woman in Paris" has been found. She is Amazar, who has arrived to appear in the next edition of the Greenwich Village Follies. She is a grand opera artist.

+ + +

Queenie Smith and Jack Donahue will be featured in "Be Yourself," Kauffman and Connelly's new musical comedy. G. P. Huntley, English comedian, will also be in the cast. Carl Randall is staging the dancing numbers.

+ + +

C. P. Greneker announces that the Shuberts are at work on the twelfth "Passing Show," with J. J. Shubert personally supervising the production. A chorus of 100 has been selected and Sigmund Romberg and Jean Schwars are writing the music.

+ + +

Stewart and French, producers of "Meet the Wife" and "The Show-off," announce a comedy drama by George Kelly, called "Reflected Glory." Another play will be by an English novelist, a comedy of society, with the scenes laid in Italy. The third play is a farce, which will appear in November.

+ + +

Three companies of "Meet the Wife" will take to the road in the Fall. The New York company with Mary Boland in the featured role, will open in Chicago on August 24. The second company will tour the south while the third unit will play up and down the Pacific Coast.

MUSICAL NOTES

By GEORGE J. DYKE

"Papa" Haydn composed 125 symphonies, in addition to his other numerous works. Mozart wrote in comparison only forty-nine symphonies.

Sir Edward Elgar is perhaps the greatest English composer of the day.

English people are proverbially loyal to their old favorites. As an instance, "The Beggar's Opera" produced many, many years ago had a run of 1,453 performances at its recent London revival. Over a million people witnessed its production during a period of three and a half years. "The Beggar's Opera" was first produced in 1728. Its originator was John Gay and the manager of the theatre in which the opera had its premiere was named Rich. The wits of the day used to say it made Rich gay and Gay rich.

Some time between 1688 and 1690 a young English composer, whose name will live for all time—Henry Purcell, wrote "Dido and Aeneas." He composed this work, the first English opera with spoken words eliminated, on an occasion for the young ladies attending a boarding school at Chelsea. It is one of the masterpieces in all music literature, yet its author, perhaps at the time was not thinking of future performances. The work is of much historic importance.

The oldest American orchestra is the New York Philharmonic, organized in 1842. Another old organization is the Boston Symphony formed in 1881.

In a symposium opened for the choice of the best five modern songs in Springfield, Ill., the following were the first twenty: "Old Folks at Home," "My Old Kentucky Home," "America," "Old Black Joe," "Dixi," "Battle Hymn of the Republic," "Carry Me Back to Old Virginny," "There's a Long, Long Trail," "America the Beautiful," "The Star-Spangled Banner," "Home, Sweet Home," "Good Night, Ladies," "Juanita," "My Bonnie," "Mother Machree," "Till We Meet Again," "Columbia, the Gem of the Ocean," "When Good Fellows Get Together," "Smiles," "I've Been Working on the Railroad."

One wonders what a similar symposium in the British Isles would bring forth. It is safe to say that "Home, Sweet Home" and "The Last Rose of Summer" would figure prominently in the lead and that numbers nine, seventeen and twenty in this list would not be at all mentioned.

Way down in Kansas City for the first time in its public schools, piano instruction will be given the third and fourth grade pupils. Classes commenced in sixty schools, and the charge was ten cents each per lesson. Violin classes are already in existence in the Kansas schools.

What is known to Old Country people as the "Three Choirs Festival" is the combination of the choirs of the Worcester, Gloucester and Hereford Cathedrals. The first of these famous festivals took place over two hundred years ago.

Present indications point to a very busy season next Winter with the Victoria Ladies' Musical Club, under the guidance of its newly-elected and energetic president, Mrs. S. Maclure. It is exteremely gratifying to learn that Government House, through the wife of the Lieutenant-Governor, Mrs. Walter Nichol, who, by the way, is the patroness of the club, and is gifted with a beautiful mezzo-soprano voice, will throw open its doors to the opening event of the club's activities, a tea and musicale which will take place some time next month. The occasion will prove particularly interesting in the fact that the afternoon's proceedings will be in honor of all past presidents of the club since its beginning, eighteen years ago. In this direction and it is doubtful if another such record exists anywhere, all the past-presidents are still living in Victoria and, with the single exception of Mrs. Conyers Bridgewater, who is now taking an active part in London's musical life, are yet keenly interested in the club's affairs. Besides these, too, there is spared to us the hon-president for all these years, Mrs. (Dr.) J. W. Powell, who never fails in support or counsel and has already signified her intention of being present at this unique function. The past-presidents to be seen thus together will be Mrs. Herman Robertson, the club's first president, Mrs. R. S. Day, Mrs. J. D. Helmcken, Mrs. Richard Nash, Lady Barnard, Mrs. Gideon Hicks and Mrs. Duncan Campbell. The programme will feature some compositions by members, and many singers and instrumentalists from the club's membership will take part. Among these will be that talented and enthusiastic young lady, Miss Justine Gilbert, who will not only sing and play, but is to have performed by a quartet of local instrumentalists one or two of her own compositions.

I regret my inability to be present among the two thousand or more people gathered last Sunday afternoon at Beacon Hill Park (Aug. 10), when the 5th Regiment Band occupied the bandstand. I understand the programme, consisting for the most part of popular numbers, proved enjoyable and that its members gave an unusually good account of themselves.

We cannot overlook the notice of one of our live merchants in the announcement, "Classical and popular selections by our own orchestra." Believing that the public do, in their discriminating musical taste, appreciate good music, the word "classical" pleases us immensely.

Our last visit to the Columbia Theatre convincingly impressed us with a higher standard of things musically. Organist W. F. Whebell's programme for the week embraced many classics including standard overtures, intermezzos, melodies, waltzes and song arrangements.

TROTSKY AND HIS STAFF AT MOSCOW.—In the centre is Leon Trotsky, Soviet Minister of War, with members of his staff, who recently graduated from the Russian Military Academy at Moscow. The class of graduates includes two women, A. N. Ourantsova, at the left, and N. O. Boyle at the right. These are the first graduates of the newly organized Russian military academy.

LOVERS OF NATURE IN QUEST OF TREASURES.—Dr. Alfred B. Rundle, top left, is keeper of the botanical department of the British Museum. His age did not curb his enthusiasm during the ramble of the botany section of the British Association in Hyde Park and vicinity. Prof. C. H. Ostenfeld, lower left, is at the head of the botany faculty at Copenhagen University, Denmark. An important discovery during the botany expedition, upper right. In one of the deep, slimy pools of Hyde Park the scientists were successful in locating some very beautiful specimens of Wolffia, the smallest perfect plant growth in the world.

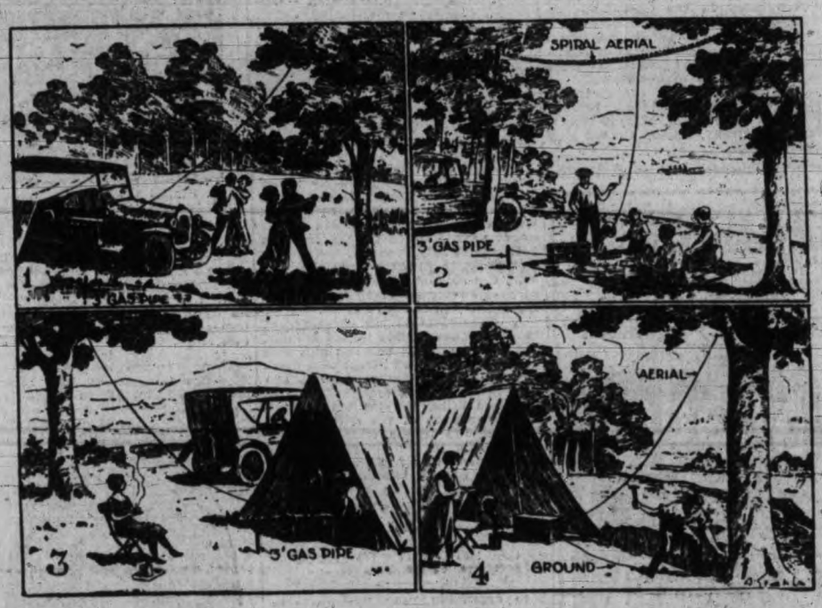

DOUBLE DOUBLE PARACHUTE LEAP—A MOST UNUSUAL PHOTOGRAPH.—Many new aerial stunts were performed at the recent "Governor's Day" at Camp Silzer. Chief executives of many states were thrilled by daredevils of the sky who essayed tricks never attempted before. Probably the most unusual spectacle afforded the distinguished spectators was the race of L. H. Ford of Lakehurst, N.J., and Sergeant Dan Smith of Mitchell Field. As the accompanying photo shows, they simultaneously leaped from aeroplanes 1,500 feet above, each using two parachutes. Thus they raced to the ground, each landing at the same time.

NEITHER TOO OLD OR TOO YOUNG FOR MR. CUPID.—"I think they're foolish, but I wish them happiness," said the mother of Edward Cochran, twenty-three of Cincinnati, when she learned her son had married Mrs. Mary Maginnes, sixty-nine of Long Beach, Calif. Mrs. Cochran met her daughter-in-law, who is seventeen years her senior, following the wedding ceremony at Detroit. Cochran met his bride while living at one of her hotels in California.

PUTS OVER TREATY.—Arthur Ponsonby, British undersecretary for Foreign Affairs, whose efforts — extending continuously from April 14—to negotiate a treaty with Christian Rakovsky and other envoys of the soviet federation has been rewarded with success.

RADIOIZING CAMP LIFE.—These illustrations show various type of radio aerials and ground as used in camps. Figure 1 shows the insulated aerials going to the highest branch of the tree and a three-foot-gas pipe driven into running water as a good ground. Figure 2 shows a well-known type of spiral aerial stretched between two trees. Figure 3 shows the usual method of attaching the insulated aerial wire to the lower limb of tree. Figure 4 shows the so-called tree where two spikes are driven into the tree as shown, the tree thereby forming the aerial.—Motor Camper.

WHEN PONZI LEFT PRISON.—Charles Ponzi of "get-rich-quick" fame, is shown free again after three and a half years spent in the federal prison. With him are Mrs. Ponzi (left), who greeted him upon his release, and Mrs. Charles Malaguti who put up the $14,000 bail under which Ponzi was released pending trial on other indictments.

CANADA'S REPRESENTATIVES.—Prime Minister King has announced that at the proposed conference to be held in London in October to discuss the status of the overseas dominions and the best means of giving them representation at interallied and international conferences, Canada will be represented by Raoul Dandurand, right, government leader in the Senate, and by E. M. MacDonald, left, Minister of Defence.

BELIEVES PLAN GOOD.—Col. E. M. House, formerly adviser to the late President Wilson, who feels that nothing save the possible stupidity of the Germans can prevent the Dawes plan from being put in force.

LAUGHED TWO WEEKS AGO—NOW THEY'RE WORRIED.—The smile has gone from the faces of Richard Loeb and Nathan Leopold Jr., slayers of Bobby Franks. Two weeks ago, when the fight to save them from the gallows started, the two youths took the proceedings lightly, they laughed and joshed with each other. To-day it is different—the picture at the right shows the serious strained look that envelops the boys' faces. Perhaps they are now experiencing the "thrill" they sought in murder.

MAY GET BANK JOB.—H. B. McKenzie of the Royal Trust Company of Montreal, who is said in official circles to be the man in view for the position of inspector-general of banking.

"DICKIE," AS CHILD, PLAYED "BAD MAN"—Childhood pictures, cherished and hidden away for years, have been dragged out by the family of Richard Loeb to be submitted as defence evidence to support the claim of alienists that the child slayer is "emotionally deficient." As a wild west gunman, his conversations with his teddy bear and at playing policeman, Loeb was photographed in his early life. These childhood "phantasies" are now considered of great importance and the above pictures are made part of the defence record.

Last Minute News on Stocks and Financial Affairs

NEW YORK STOCK MARKET

New York, Aug. 15 (By R. P. Clark & Co. Limited)—Strength was rather predominant in the market to-day, and many of the so-called leaders like Steel, Can and Baldwin, made new highs on the current recovery. The news dispatches from abroad continue of a rather optimistic tenor, and this is doubtless responsible for some of the strength in our security markets. To-day's sharp advances in the grain market were also not without their beneficial effect on the stock market.

Car loadings for the week reported to-day established a new high mark for the current year which is occurring in the industrial situation. Another advance in lead prices was an important development of the day and helped the tone of the metal shares.

We believe that the recent reaction in the market has gone a long way to correcting the technical position, which doubtlessly had been impaired by the previous protracted decline, and look forward to a resumption of advancing price tendencies.

CHICAGO GRAIN MARKET

Chicago, Ills., Aug. 15 (By R. P. Clark & Co., Ltd.)—Wheat: The strength in wheat to-day was a surprise to the trade, but it need not have been when the persistent commission house absorption on the breaks the past two weeks is recalled. The pit to-day was easily bailed out by moderate buying showing the lack of real pressure. Strength in coarse grains helped to crystalize bullish sentiment and to bring in buying orders, but for the first time in several days the market was responsive to the buying evidencing the fact that important lines has been reinstated. The shortage in grains the world over this year compared to last year is the underlying factor, with a better outlook from an economic standpoint in Europe, and the buying power in this country resulting from the vast price improvement in grains.

Omaha reported 1,000,000 bushels for export, and Chicago shipped out nearly 4,000,000 bushels of wheat in the past week, for export.

Winnipeg kept strong all day, and the weather conditions in Western Canada are too cool to permit much confidence as to the final crop outturn. Our prices are comparatively low for export and big business is certain. With the market out of the rut, look for still further advances.

Corn: The bulls had little opposition to-day, most of the selling being for long account as one set of bulls after another took profits, only to find the market still advancing with new strides in higher ground.

The cash market was fairly firm along with the future which was significant and shows the absence of the real pressure which would change the trend of prices. The market has worked into very high levels, and there should be caution in following the advances, but with the early corn still thirty days from safety and light frosts already being reported, there is nothing to indicate the advance has culminated.

Oats: Rains, rains and more rains in sight, the forecast being for general showers emphasize the present discount of oats under corn.

The crop is not all out, and there is a vast amount of oats in shock that have been damaged to some extent by the rains.

Cash oats inclined to lag a little, but there has been no heavy country offerings, and the market is in position to advance further. Without better weather a tight situation will develop in September.

WINNIPEG GRAIN

Winnipeg, Aug. 15.—The wheat market was very strong and active to-day when speculative interests from United States apparently had the market in their own hands and values jumped about 3⅝ cents on the extreme bulges, but toward the close profit-taking sales created an easier tendency, the final prices showing gains of 2⅝ for October, 3⅛ for December and 3⅜ for May.

Factory Strikers In Upper Silesia to Return to Work

Warsaw, Aug. 15.—Both the workers and the employers have accepted the award of the Government's arbitration commission and the 200,000 striking factory workers in Upper Silesia who have been out for two weeks are expected to return to work Saturday. The strike originated through an effort to increase the working hours.

Gun That Killed Mrs. Mors Was Held Close to Her Head

Los Angeles, Aug. 15.—The gun that killed Mrs. Theresa W. Mors, for whose death kid McCoy, ex-pugilist, is being held, was held within two feet of her head, a fact that might tend to support McCoy's story of the woman's suicide, the autopsy surgeon said to-day.

Dr. H. A. Wagner, county autopsy surgeon, declared the bullet which had caused death was propelled by smokeless powder, which would account for the absence of powder burns about the wound.

McCOY'S STORY

McCoy, after several hours of incoherent statements following his arrest Wednesday, settled back on a story that Mrs. Mors, divorced wife of Albert Mors, wealthy dealer in antiques, killed herself in his presence Tuesday night last during a fit of despondency.

Throughout several severe grillings by police investigators and members of the district attorney's office he has maintained his story, which the police have declared impossible of belief owing to the absence of powder burns on the dead woman's temple.

IN FIT OF RAGE

The investigators' theory is that McCoy and the woman, who had been living together under assumed names, quarreled and that the former idol of the prize ring shot her in a fit of rage or jealousy.

Dr. Wagner refused to make a definite pronouncement supporting the suicide theory without further examination, confining his statement to the assertion that "at present it would appear to be a case of suicide, but there are so many possible circumstances involved no final deduction can be made now."

INQUEST TO-DAY

Early to-day police investigators and the district attorney's staff were marshalling upwards of a score of witnesses for the inquest this afternoon.

County chemists and fingerprint experts also were closely scrutinizing a blood-stained pickaxe handle found in the automobile used by McCoy the night the woman died.

Ottawa, Aug. 15 (Canadian Press)—In accordance with the judgment and order of the Board of Railway Commissioners of Canada, the rate of exchange in connection with shipments of freight between points in Canada and the United States from August 15 to 31, inclusive, will be three sixteenths of one per cent. There will be no surcharge on either freight or passenger business.

POLICIES OUTLINED BY MR. COOLIDGE

President, Formally Accepting Republican Nomination, Declares For World Peace

Honesty and Economy in Government Within United States

Washington, Aug. 15.—A "Government of common sense," dedicated to honesty and economy at home and peace abroad, was promised last night by President Coolidge in formally accepting the nomination of the Republican Party as its candidate for President.

Declaring domestic affairs of chief concern to the nation, Mr. Coolidge proposed further tax reduction and "more tax reform" and announced his intention to appoint a committee to investigate means of aiding agriculture.

He summed up the foreign policy of the administration in a single word—peace—and promised to propose, after the Dawes reparations plan gets under way, another conference to consider further limitation of armaments and codification of international law.

NATIONAL DEFENCE

Taking up only briefly the question of national defence, the President declared he favored "not merely talking about it but doing something about it."

JAPANESE EXCLUSION

Touching on the new immigration law, Mr. Coolidge recalled his preference for a clause on Japanese exclusion which would be "less likely to offend the sensibilities of the Japanese people" but emphasized that the law has been passed, and approved and "the incident is closed."

PROSECUTING WRONGDOERS

Addressing himself to possible opposition party issues, Mr. Coolidge referred to the question of honest government and replied that "the Government is sound" and would prosecute wrongdoers fearlessly. He referred to a probable "discussion of liberal thought and progressive action" in the campaign and answered that liberality in thought and progress in action are all well enough for the country, "but its greatest asset is common sense."

The address was devoted largely to a review of the accomplishments of the administration during the last four years, and contained a specific programme for the future in which the President outlined his views in characteristic short, pungent sentences.

FAVORS WORLD COURT

Detailing his views, the President announced he favored:

The principle of protection.

The Child Labor Amendment.

The Permanent Court of International Justice.

Further limitation of armaments.

Support by the Government in encouraging American citizens and resources to assist in restoring Europe.

Enforcement of the prohibition laws.

Specifically he declared opposition to any general extension of Government ownership and control and to aggressive war.

The nominee laid particular stress on agriculture, taxes and foreign relations.

ORGANIZATION NEEDED

Efforts of the administration to relieve agriculture through enactment of fifteen laws were recalled by the President, but he insisted "we now need in agriculture more organization, co-operation and diversification." He added that the "fundamental remedy was provided, as it always must be provided, not so much through enactment of legislative laws, as through the working out of economic laws." Because of this, he said, price fixing by legislation must be evaded.

"Now that nature and economic law have given some temporary relief," he continued, "I propose to appoint a committee to investigate and report measures to the Congress in December that may help secure this result which we all desire.

"The farmer should have the benefit of legislation providing for flood control and development of inland waterways, better navigation east and south from the Great Lakes, reclamation and especially relief for those who cannot meet their payments on irrigation projects. But the main problem is marketing. Co-operative effort, reorganization of the freight rate structure, good business and good wages in manufacturing, and the settlement of European affairs will all help to provide better market conditions."

POLICY OF TAXATION

Denouncing as short sighted the plea of "demagogues" for over taxing the rich, Mr. Coolidge demanded a further cut in surtax rates applying on high incomes.

"I want further tax reduction and more tax reform," he said. "I am not disturbed about the effect on a few thousand people with large incomes, because they have to pay high surtaxes. . . . What concerns me is the indirect effect of high surtaxes on all the rest of the people. Let us always remember the poor. Whatever cry the demagogue may make about his ability to tax the rich, at the end of the year it will always be found that the people as a whole have paid the taxes. . . . Every student knows that excessively high rates defeat their own purpose. They dry up that source of revenue and leave those paying the lower rates to furnish all the taxes."

In this connection, Mr. Coolidge promised to cut down the burden of Government costs.

MORE FOR THEMSELVES

"I want the people of America to be able to work less for the Government and more for themselves," he said. "I want them to have the rewards of their own industry. That is the chief meaning of freedom."

The President indicated an intention to make several adjustments in the tariff through the elastic provisions.

"As the business of the world becomes stabilized," he continued, "without throwing all our economic system into confusion, we can raise or lower specific schedules to meet the requirements of a scientific adjustment."

SILVER

London, Aug. 15.—Bar silver, 33⅝d. per ounce. Money, 2⅛ per cent. Discount rates: Short bills, 3⅛ per cent.; three months' bills, 3 13-16, to 3⅞ per cent.

New York, Aug. 15.—Bar silver, 68; Mexican dollars, 53⅛.

SUGAR

New York, Aug. 15.—Raw sugar, 5.21; refined granulated, 6.60 to 6.75.

BRAZILIAN HOPES TO MAKE UP LOSSES

Toronto, Aug. 15.—That the losses experienced by the Brazilian Traction, Light and Power Company Limited, in the recent revolution would be almost, if not fully, met by increases in earnings during the current fiscal year, and that there would be a gradual, though perhaps not an immediate improvement in the milreis, were declarations made at the annual meeting of the company in this city yesterday.

E. R. Wood, vice-president, predicted that the July figures would show a loss of $500,000 in earnings, and that the balance of the year would show a reduction of from $500,000 to $1,000,000 more in the Sao Paulo Railway. Against the Sao Paulo earnings, first half of the year were reported as $1,200,000 ahead of those of last year, which would take care of the revolt loss.

Mr. Wood reported that the new power plant on the Para Bya River is now in operation.

VALERA ADDRESSES CROWD IN ENNIS

Completed Speech Interrupted When He Was Arrested Year Ago

Ennis, County Clare, Ireland, Aug. 15.—Eamonn de Valera, the republican leader, delivered a speech in O'Connell Square here to-day, resuming the discourse which was interrupted just one year ago when he was taken into custody by the Free State authorities.

When he reached here from Limerick he found crowds assembled, while lighted candles had been placed in the windows of the houses.

During his speech he said he knew Country Clare" would uphold the banner."

To-morrow the message would go forth to the peoples of the world that the republic they thought had been killed was alive and strong, he said.

OWNER, HORSE AND JOCKEY SUSPENDED AT COLWOOD TRACK

(Continued from page 10)

The Weeks and Beban stable scored its second win of the afternoon in the seventh race, when Cafeteria, the favorite, went to the front as the barrier went up and breezed home to a well-deserved victory. The winner was the hot favorite, and her backers only received $3.80 straight, $3.20 place and $2.65 show. Paden brought Regal Lodge, the second choice, in second, while show money was paid by Lawrence Manning.

The results were:

Time, 1.50. Also ran: Repent, Charles A. Byrne, Whippet, Prairie.

COAST LEAGUE

Oakland, Aug. 15.—Oakland won a hotly contested game from Portland here yesterday 2-1, after the contest had gone sixteen innings. The Beavers made one counter in the first half off Mails, after which the Oak hurler pitched airtight ball for fifteen frames. Arlett's homer in the sixth tied the score and Lafayette scored in the sixteenth on Brubaker's single.

	R.	H.	E.
Portland	1	12	1
Oakland	2	13	2

Batteries—Eckert and Daly; Mails and Baker.

ANGELS WIN AGAIN

Sacramento, Aug. 15.—The Angels continued their winning streak by taking yesterday's contest 5-4. Hall relieved Thompson in the third inning and held the visitors to one scratch hit in the six and two-thirds innings that he toiled. A questionable decision on an interference play halted a dangerous rally by the locals in the seventh.

	R.	H.	E.
Los Angeles	5	5	2
Sacramento	4	10	2

Batteries — Myers and Jenkins; Thompson, Hall and Shea.

SEALS WIN OUT

Salt Lake, Aug. 15.—Twice the Seals overcame long leads momentarily enjoyed by the Bees and won yesterday's game 11 to 10.

	R.	H.	E.
San Francisco	11	16	2
Salt Lake	10	15	2

Batteries—Williams, Griffin, Geary and Yelle, Vargas; McCabe, Kallio and Peters.

GREGG WINS FOR SEATTLE

Los Angeles, Aug. 15.—Vean Gregg pitched Seattle to a 4-0 victory over Vernon in the second game of the series here yesterday. It was Gregg's sixteenth win of the season. The veteran hurler allowed the Tigers eight hits, but kept them well scattered. Vernon threatened to score only once during the game.

	R.	H.	E.
Seattle	4	9	1
Vernon	0	8	1

Batteries—Gregg and E. Baldwin; Thomas, Groat and D. Murphy.

LAKEVIEW (STEWART, B. C.) MINES, LTD.
The Company's engineer reports that he has drifted from the $60.00 ore reported last week into ore which he considers will average $80.00. Some samples of this have been received at the office showing native silver, grey copper and galena. This ore was recognized by the original owners as identical with ore shipped by them, some of which ran $317.00 to the ton. In view of the very favorable developments we consider Lakeview a good buy at 50c, and as there is only a limited amount to be issued at this price we advise immediate purchase.

What is your Ideal of a Home

Every man has his own ideal of a perfect home—a home that will be his very own, a home that embodies all the comforts and conveniences he has dreamed of. His ambition is to become his own landlord. Often this ambition is deferred through lack of capital until it is too late.

Your ideal home can be built with savings. Just a little determination, a purpose in view, some small economics, and your account at the bank will quickly grow. As the day when you can build your own home draws nearer, saving will become not a duty, but a real pleasure.

Bring your ambition a day nearer to realization. Open a Savings Account today at any branch of this Bank, and resolve to deposit a fixed sum regularly out of your income. Your savings will then bear interest.

NOTICE

Timber Royalties

WHEREAS under the provisions of the Royalty Act, Chapter 76, Statutes of 1914, the royalty on timber to be collected beginning January 1, 1925, will, from information now available, be more than three times the royalty now being collected;

AND WHEREAS urgent representations have been made that this increase in royalty is much heavier than the industry can bear;

AND WHEREAS the representations made have gone so far as to say that any attempt to collect this royalty beginning January 1 next as upon the basis of the present Royalty Act would immediately result in a shutdown of the entire industry in the Province;

NOTICE is hereby given that a public hearing upon this question will be held in the Executive Chamber, Parliament Buildings, Victoria, before the Executive Council or such members thereof as may be then present, beginning at 10 o'clock Wednesday, September 3 next.

Anyone who has any evidence to submit or representations to make on the question of Timber Royalties will be given opportunity to be heard and the public is requested to take notice accordingly.

$825,000 TOTAL OF FUR AUCTION SALE

Three-day Event in Winnipeg a Success; Many Buyers There

Winnipeg, Aug. 15.—With a record attendance, including buyers from the principal fur centres of the world, the Winnipeg fur auction sale closed yesterday. Pelts to the value of $825,000 were disposed of during the three days of the sale.

Beaver, which was the principal fur offered yesterday, registered an advance of fifty per cent, with a high price of $42 and a low of $15. Ten thousand beaver skins were sold. Mink sold fifteen per cent lower, ranging from $2.50 to $11.50, while marten declined twenty per cent, averaging about $20 per skin. The top was $42.50 and the low $7.

LOOK FOR PEACE IN WORLD BROTHERHOOD

W. W. Head, Omaha, Addresses World Committee of Y.M.C.A. in Geneva

Geneva, Switzerland, Aug. 15.—The Father and Son Movement, developed in the United States and Canada, where it has become a recognized institution, is spreading over the whole world. This was indicated to-day in a speech by Walter W. Head of Omaha, chairman of the National Father and Son Committee of the United States and also president of the American Bankers' Association, before the World Committee of the Young Men's Christian Association. "More than twenty nations," he said, "observe Father and Son Week. In the United States alone upwards of 3,000,000 fathers and sons joined in events during the past year."

STARTED IN 1907

The Father and Son Movement originated at a Young Men's Christian Association banquet of fathers and sons at Providence, R.I., in 1907, Mr. Head stated. He said further:

"Only as the fundamental principles of world brotherhood are recognized and accepted by the peoples of the world can we ever hope for world peace. The men who are to direct the destiny of the nations of the world during the next generation are now the young lads who are in our homes to-day. What greater privilege has a man than to give of himself as a companion, teacher, adviser, and as an inspiration to his son, who to-morrow will step into responsibilities the significance of which we cannot conceive.

"Every man, whether or not he bears the physical relation of father and son, should give serious consideration to his own life, the ideals for which he stands, that his example will always prove to be an inspiration to the boy life of to-day in encouraging the spirit of world brotherhood.

ON ARMISTICE DAY

"In the United States we believe it most appropriate to observe National Father and Son Week at that period of the year when Armistice Day comes. This has proved to be an opportune time not only to pay honor and respect to the millions of fathers and sons who gave their lives for the ideal of world brotherhood, but a time for the fathers and sons who survive to reconsecrate themselves to life for that same great objective, world brotherhood, world peace. We are, therefore, planning for the observance this year to come during the week of November 9-16."

The World's Committee of the Young Men's Christian Association is planning to co-operate in making the Father and Son Movement universal. Details are to be worked out by the Boys' Work Division staff, of which E. M. Robinson, former senior secretary of the Young Men's Christian Association Boys' Work in the United States, is now secretary.

Fancy Jag Bar Now Cafeteria

New York, Aug. 15.—The bar of the Hotel Belmont, a most popular prohibition rendezvous for visitors to New York at cocktail hour in the evening, has been transformed into a cafeteria.

Many well-known drinks were developed to perfection by the Belmont bartenders: notably the Doctor, Pineapple, Bronx and Cloverleaf cocktails. Other favorites were Shock Absorber, New Orleans Fizz, Tom Collins and Sherry Flip.

Now iced tea and coffee, roast beef and bread and rolls hold sway.

FALL FAIR TO BE HELD AT METCHOSIN

Date is Set For September 17; Prize List Out

Special to The Times

Metchosin, August 14—The Metchosin District Fall Fair to be held in the Colwood Hall on Wednesday, September 17, under the auspices of the Metchosin Farmers' Institute, bids fair to outrival all previous fairs held in this district.

The residents of the districts concerned are showing unusual interest and enthusiasm, and many are the attractions that are being planned by the management, who intend to put as much into one day this year as has hitherto been put into two. The conveners of the various committees will meet shortly when final arrangements will be made, in the meantime the finance and executive committee are sparing no effort to gather information and data to help them in planning for the ultimate success of the Fair.

Great care was given to the preparation of the prize list by the prize list committee, to give prominence to those divisions of agriculture for which the district is adapted; the aim being to make the prize list fit the fair, not the fair to fit the prize list. A copy of the prize list has been mailed to every person in the district concerned, and a few copies placed in the local stores. Over 500 copies have been mailed, and a large entry list is confidently expected.

Arrangements will be made for talks and explanations by the judges which should be of considerable educational value to exhibitors, and demonstrations in the judging of stock will be given.

A rest room will be erected in the grounds under the auspices of the Esquimalt Rural Nursing Service, in charge of the Nurse, where women and children may feel free to take a rest at will. Mr. McKay, of the International Engineering School, has kindly consented to erect an ariel and take one of their special large machines with a loud speaker attachment for the entertainment of those taking advantage of the rest room.

How Fleeting Is Fame! Sigh These Three Stars of Films of Yesteryear

New York, Aug. 14.—Fame! How fleeting, how momentary! What a nothingness for humans to pursue!

The thought springs from the fate of the old-time movie stars. In a day and a night nobodies, sprung into the white glare of electric lights, their names household words throughout the world.

And the next day—oblivion!

Not quite that. A few stray "fan letters" straggle in from day to day. The illusory thread that holds an image of light and shadow on a screen to the affections of flesh-and-blood audiences is not completely broken once the image is removed.

+ + +

Scratch your memory and certain names will loom large:

Florence Turner, the "Vitagraph Girl"; Maurice Costello, who turned millions of hearts upside down; Flora Finch, the laugh-provoking partner of John Bunny; Lillian Walker, with her dimples and long, golden braid; Mary Fuller and Helen Holmes—a long parade of them march down memory lane.

Three of them met at tea the other day and talked of Fame, the fickle jade.

+ + +

"No, I don't believe the public is fickle—I know it isn't."

Florence Turner, of the tragic face, tried ever so hard to hide unhappiness behind a smile.

"They haven't forgotten. They are not given a chance to remember. It's the producers, not the people.

"How do I know? How does any of us know? By the fan letters, of course. I often think that if someone would get all the old gang together there would be a huge public to greet them back. But—"

Then a shrug of resignation.

Florence Turner is just back from England, where she came to know actual privation.

In 1913, at the height of her popularity, she left America after organizing her own company. The war came. Her fortune was wiped out. Since then it has been one thing after another. Some theatrical engagements, and a tour on the road.

As she talked she fumbled at her hat.

"It is six years old," she smiled sadly.

Even her finery was of ancient vintage.

"Yes, I am going to try to come back," she said.

+ + +

"Do you expect to return to the films?"

Lillian Walker, tanned to a deep bronze from life on a little New York farm, smiled wistfully and revealed the dimples that once had brought her fame.

"If they will let me," she said. "I, too, think the public would welcome us. I still get piles of fan letters asking where I am—and that helps a lot. It shows one is not forgotten."

+ + +

Maurice Costello, his hair well silvered, years of tense emotional work seemingly to have told upon his nerves, smiled reminiscently.

"I don't kid myself. I'm still good for heavies and characters, but I'd be a big boob to think I could do the juveniles and heroes again."

Costello free lances now. He may be seen from time to time in a character bit.

"I broke that kid in," he reminisced, pointing to the golden-haired Lillian, whose long locks have disappeared in a barber shop. "It's a pretty different game now."

+ + +

If you want happy endings to your films you will have to be patient. There may be a happy ending to this one yet.

DIES FROM EFFECT OF ACCIDENT WHEN MOTOR CYCLING

Nanaimo, Aug. 15.—Francis Taggart, fifty-one, died here this afternoon from injuries received Wednesday evening when he was thrown from a motor-cycle when attempting to pass a motor car. He is survived by a wife at Port Hammond and a mother in Ontario.

The accident occurred at the junction of the South Wellington and Cassidy roads. It seems that while traveling at a fairly good speed Taggart attempted to turn out for a car coming from the opposite direction. The motor-cycle skidded and took the ditch, with the result that Taggart and his companion, Miss R. Davies of Nanaimo, were thrown to the ground, wrecking the machine.

Miss Davies was shaken up and bruised.

KING'S DAUGHTERS' HOSPITAL SEEKS A NEW MATRON

Special to The Times

Duncan, B.C., Aug. 15.—The monthly meeting of the King's Daughters' Hospital was held at the Hospital yesterday. The matron, Miss Olive C. Angus, B.A., tendered her resignation, to take effect on October 1. The secretary was instructed to advertise in Victoria and Vancouver papers calling for applications for the vacant position. Miss Johnson graduates from the hospital this month, and a dance will be given in her honor.

The board sincerely regrets the illness of Dr. H. F. D. Stephens, a former valuable director, and hopes were expressed for a speedy recovery.

T. A. Wood was appointed as vice-president of the hospital board, and will perform all the duties of the president when he is absent from the meetings.

The house committee's report shows seventy-one patients treated, an average per day of 30.5; outdoor patients 13; days' treatment, 947; turnover $2,448.60. The financial statement showed receipts for July of $2,763.04, and payments of $3,417.30. Accounts passed for payment totalled $2,548.01.

Those present at the meeting were W. H. Elkington, president; T. A. Wood, vice-president; Mrs. L. H. Hardie, Provincial president, and Mrs. H. A. S. Morley (Victoria), Mrs. W. H. Elkington, Mrs. J. H. Whittome, Mrs. F. H. Price, Mrs. F. G. Christmas, Miss Wilson, W. H. Napper, Secretary and E. W. Carr-Hilton, treasurer.

TO EXTEND HALL

Special to The Times

Duncan, Aug. 15.—A special meeting of the Vimy Social Club was held in the hall, Gibbons Road, on Wednesday evening. The principal business was to discuss the advisability of an addition to the hall. The finances of the club are in excellent shape, with no debt at all, and it was decided to add a large lobby, and a ladies' dressing-room to the front of the building.

There was a very full attendance, practically all the members being present.

LADIES' AID MEETS

Special to The Times

Sidney, Aug. 15.—The usual monthly meeting of the Ladies' Aid of the Union Church was held at the home of Mrs. Ellis, All Bay, on Wednesday afternoon. There was a large attendance. A good deal of business was discussed. Then Mrs. Ellis served a delicious tea. Afterwards Mrs. E. D. Braden of Vancouver, and Mrs. Knight sang several songs. The meeting then adjourned to meet at the home of Mrs. Jackson, Queen's Avenue, in September.

Mr. Barlow, of Roberts Bay, has been very successful at the Vancouver Exhibition. He has won six prizes with his Chinchilla rabbits. The prizes were: First for senior buck, first for junior buck, first for senior doe; judge's ribbon for the best Chinchilla in the show, and a special prize given by the Vancouver Rabbit Association.

BEDTIME STORY

Uncle Wiggily and the Flypaper

Uncle Wigigly and the Tea Kettle

Copyright, 1924, by McClure Newspaper Syndicate

(By Howard R. Garis)

Mr. Longears was sitting in his hollow stump bungalow one morning, having come down from the seashore to get himself a new straw hat, when he heard the sound of voices near the back steps.

"I tell you he is in there!" said one voice.

"I tell you he isn't!" whispered another voice. "He's down at the seashore on his vacation!"

"My goodness! I wonder who this is?" thought Uncle Wiggily, sort of turning pale around his pink nose.

8-9

Away they ran.

"It may be the Fox and Bob Cat talking about me."

Nurse Jane, who had also come up from the seashore with Uncle Wiggily to do some shopping at the fifteen and sixteen-cent store, wasn't in the bungalow just then. So Uncle Wiggily carefully looked out through a crack in the back door.

"I tell you he is here!" he heard the voice say again. Then he saw Jackie and Peetie Bow Wow, the two puppy dog boys, and everything was all right.

"Hello, doggies!" laughed Uncle Wiggily, opening the door. "What did you want of me?"

"Will you please let us take a tea kettle?" barked Jackie, and laughing at his brother, who had said the rabbit gentleman wasn't at home.

"What in the world are you going to do with a tea kettle?" asked Mr. Longears. "Are you going to make an automobile?"

"We are going to play steam engine," answered Peetie. "We want to put some water in the kettle and hang it over a camp fire we have made down by the brook. When the water gets hot it will boil, steam will come out of the spout of the kettle and it will look just like a make-believe engine."

"Well, here is Nurse Jane's tea-kettle," said Uncle Wiggily, taking it from the stove and giving it to the doggie-boys. "I mean he gave them the kettle—not the stove, of course. "Be careful you don't burn yourselves," he told the puppies.

"We will!" they barked, and away they ran with the kettle. Uncle Wiggily could hear them laughing and barking as they played steam engine down at the brook. Then, all of a sudden, Nurse Jane came back.

"Where is my tea kettle?" she cried, not seeing it on the stove.

"I let Jackie and Peetie take it to play engine with," answered Uncle Wiggily.

"Well, you'll have to go get it away from them," said Nurse Jane. "I want to boil water for tea."

Uncle Wiggily went down to the brook where Jackie and Peetie were playing. By this time the kettle was boiling over the fire. But Jackie had stuck a cork in the kettle spout so the steam wouldn't puff out until he was ready.

Hotter and hotter blazed the fire. Harder and harder boiled the water in the kettle, making much steam. Until, all of a quickness, just as Uncle Wiggily got there, the steam pushed the cork out of the kettle spout.

"Bing! Bang!" The cork hit Uncle Wiggily on the end of his pink nose and he cried: "Wowchie wow!" just like the Fox.

"Oh, Uncle Wiggily! We're so sorry!" barked Jackie when he saw what had happened. "We didn't know you were coming!"

"And I didn't know that cork was coming, either!" laughed the bunny gentleman, rubbing his nose. "Never mind! I'm not much hurt. Only I'll have to take the kettle in to Nurse Jane. You can't play steam engine any more."

However, he gave the doggie boys each a penny and they bought lollipops and made believe they were gum drops, so they had just as much fun.

But please don't any of you put a cork in the tea kettle or you might get burned. And if the chocolate pudding doesn't stay so late at the movies that the coffee cake has no one to help it jump over the table, I'll tell you next about Uncle Wiggily and the pop-corn.

FRUIT JUICE WITH A KICK IS BARRED

Anti-Saloon League Counsel Warns U.S. People Against Manufacture

Washington, Aug. 15.—A warning against using the current fruit crop to make intoxicating beverages in the home has been issued by Wayne B. Wheeler, general counsel of the Anti-Saloon League. The case pending against Representative Philip Hill of Maryland, for alleged manufacture of illegal fruit juices at home is cited. Mr. Wheeler has set forth his views on fruit juices to correct possible misinterpretation of his recent statements on the subject before the House Judiciary Committee, when the 2.75 per cent beer bills were being aired.

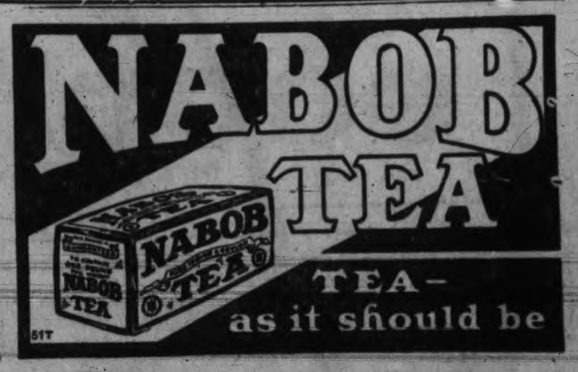

"The fruit crop may be used in making non-intoxicating fruit juices for exclusive home use," Mr. Wheeler explained. "If the juices become intoxicating in fact, then they are forbidden for beverage use by the constitution and the Volstead Act, which exempts only non-intoxicating fruit juices and cider for exclusive use in the home."

INJUNCTION GRANTED

"Congressman Hill tested this law when he made fruit juices containing as high as ten per cent of alcohol last year, claiming the law permitted this. The Government challenged his right to make fruit juice that was in fact intoxicating wine. A temporary injunction issued by United States District Judge Soper prevents Mr. Hill from further violations of the law. The date of final hearing has not been set, although the case was filed Oct. 11, 1923. If Mr. Hill makes more beverage intoxicants under the name of fruit juices he will be liable for contempt of court. Intoxicating fruit juices are under the ban, even when made in the home to drink. Mr. Hill is in Europe, where fruit juices may be obtained with as high an alcoholic content as desired."

INDIANA QUARRYMEN COLLECT STONE RELICS

Bedford, Ind., Aug. 15.—Egyptian stone relics from the ancient city of Tel-El-Amarna, sent by the Egypt Exploration Society, have arrived at headquarters of the Indiana Limestone Quarrymen's Association. They will form a part of what eventually is planned to be the most complete collection of stone types in the world.

King Tutankhamen's father-in-law, Amenhotep IV, thirty-three centuries ago, founded the city whose ruins are now known as Tel-El-Amarna, on the Nile in Upper Egypt, and from which the collection was excavated, according to Thomas Whittemore, who obtained many of the relics for the society.

Quaint pieces of limestone furniture, low-slung chairs, stools, stands, an offering table, and curious utensils for grinding meal are included in the collection, dug from many homes of these ancient ruins. There are also bits of sculpture bearing hieoglyphics sharply carved and easily translated.

APPROVES DESIGN FOR MONUMENT

Committee Approved English Plan After Canadian Sculptors Had Been Consulted

Lieut.-Governor to Present Statue; Pedestal by Public Subscription

Substantial progress was reported at the citizens' meeting held at the City Hall last evening with the scheme for a soldiers' war memorial on Parliament Square.

The offer of Lieut.-Governor Nichol to defray the cost of the bronze work, over $5,000, was warmly appreciated, and the meeting authorized a collection for the cost of the pedestal, estimated to be about $10,000. These motions were approved after brief discussion.

Everyone in the audience admired the fine miniature of the monument, with the figure of the Canadian soldier designed by Sidney March, of Farnborough, England, which was submitted for approval.

COMMITTEE'S EFFORT

Mr. Crease, in introducing the subject, stated that the executive was now reporting in accordance with the resolution of the public meeting of May 1. The committee since that time had worked with unflagging zeal and enthusiasm on the subject.

Pictures and suggestions were invited, and numerous designs were submitted which were very carefully examined. The committee had reached the conclusion there was only one site and only one design which could be recommended. The members had consulted local architects, and submitted the matter to prominent sculptors in Canada who were invited to join in evolving a memorial which would be worthy both of the object, and of the city. A letter was written also at the same time by F. B. Pemberton, who had taken an active share in this movement, to Messrs. Marsh Brothers in England, who immediately accepted the undertaking to do what they could, and soon afterwards a model of the design was sent out by Sidney Marsh, planned especially for the city of Victoria. Meanwhile every site was examined, and canvassed in its claims for selections, having in view the character of the monument, and accessibility, Mr. Crease observed.

They must have a place which was permanent in character, the committee felt, which should be readily accessible to the public, surrounded by trees and flowers in keeping with the design. In the location chosen assurance of permanency was certain on Parliament square, for any monument erected to be a perpetual reminder of the gallantry and sacrifice of the men. Such a memorial should be near the waterfront, as was the case at the Parliament Buildings—the centre of public affairs in this Province—and also it would be near the place where the men departed, thus a fitting monument to the memory of the men and women who served on land, on sea, and in the air. It was therefore appropriate that the monument should be somewhere near the broad seas. Expressions of appreciation had been received from all who had seen the model. They had declared no finer monument would exist in Canada or the Old Country, appealing to the finer sense.

One of the gentlemen who had examined the model was the Lieut.-Governor, and in a most generous manner he offered to provide for the statue himself, Mr. Crease continued. While thanking him most gratefully, the committee felt that the proposal should be a community effort, and that all should subscribe something. Finally it was decided that His Honor should provide the bronze work for the whole memorial, and leave to the community to put up the pedestal. The Provincial Government had entered into the project most helpfully, and were ready to prepare the ground, and approaches, and lay the foundations, the speaker concluded.

He then read the report of the committee consisting of the following: Lindley Crease, K.C., chairman; Miss L. Bowron, secretary; Mrs. Palmer and Mrs. Crocker, representing the Women's Institute; Miss Crease, representing the Local Council of Women; Col. F. A. Robertson, representing the Fifth Regiment; Commander C. T. Beard, R.C.N.; Canon Hinchliffe, M.P.P., H. T. Ravenhill, Capt. A. E. Harrison and Lester Patrick, representing the Rotary Club; Capt. H. W. R. Moore, representing the Victoria Conservative Association; Beaumont Boggs, representing the British Campaigners; Thomas Walker, representing the Victoria Liberal Association.

This stated: "The committee has met nine times and has given the subject much attention, and both by sub-committees and by individual effort has considered a variety of designs, and all the sites which appeared to be at all suitable.

"The public have been invited through the press to submit any designs or suggestions which anyone cared to put forward, and also such as were submitted have been carefully looked into and considered.

"The committee, realizing that this city is still without any public monument to serve as a perpetual reminder of the devoted service of those who gave their lives in the Great War, decided without hesitation that the memorial should take the form of a monument, which should appeal to those who behold it, and be worthy, both as to its design and its site, of the great purpose it is to serve.

"Requests were made to sculptors and others in Canada to submit any suggestions or sketches, notably Messrs. Emanuel Hahn, Toronto; Alfred Howell, Toronto; Henri Hebert, Montreal; Walter Allward, Toronto; Thomson Monument Co. Limited, Toronto; Robert Mitchell Co. Limited, Montreal; Architectural Bronze and Iron Works, Toronto; Bromsgrove Guild Limited, England; John Watson & Son Limited, Montreal.

"Mr. F. B. Pemberton wrote to Messrs. Marsh Bros. of Farnborough, Kent, noted sculptors, asking for suggestions and a sketch of a monument and in response they sent a model of a design by Mr. Sidney Marsh.

"The price quoted by Messrs. Marsh is £1,000 for the figure and £100 for the accessory bronze work, the pedestal to be executed in gray stone locally.

"The committee unanimously recommend the adoption of the design submitted by Sidney Marsh and the erection thereof on a site in the grounds of the Parliament Buildings, fronting on Belleville Street, near the flagstaff.

"The Government, through the Hon. the Minister of Lands, has approved of the site and expressed its willingness to undertake the preparation of the ground and the laying of the foundation.

"His Honor the Lieut.-Governor has most generously offered to lead this public movement by undertaking the cost of the statue itself and the bronze work, so that the erection of the monument according to above-mentioned design may be ensured without delay. The pedestal is to be paid for by public subscription.

"The committee suggests that public subscriptions be invited for a limited period from those citizens who desire to take a share in the erection of this monument, and, if so desired, they are ready to continue to serve if given full authority to do what is necessary to have the monument completed and erected."

APPROVES SCHEME

B. C. Nicholas expressed the appreciation of the citizens at the work of the committee, in moving that the recommendation of the committee should be adopted, and the collection of subscriptions for the pedestal left with the committee. He stated that personally he had full confidence in the committee, and declared it would be presumptuous to challenge its judgment and good taste.

In expressing the wish that the committee should complete the undertaking Mr. Nicholas stated that while they would have liked to have had such a beautiful thing done in Canada, the committee had invited Canadian sculptors to offer suggestions, yet the only people who had submitted a design were the Old Country firm whose name had been mentioned.

Mayor Hayward seconded, and the motion to approve the design and adopt the Lieut.-Governor's offer was carried unanimously.

Then F. B. Pemberton moved, and Beaumont Boggs seconded a motion conveying the thanks of the meeting to Hon. Walter C. Nichol for his generous offer of the cost of the statue, including all bronze work.

DISCUSSION

In answer to H. W. Hart, who thought the whole of the cost should be borne by small subscriptions, limited to $2, Mr. Crease said the committee in providing for public subscriptions for the pedestal had given ample opportunity for collections.

Answering Col. Ridgway Wilson, it was stated by the chairman that the cost of the pedestal was estimated at $10,000.

In response to a suggestion that the flagstaff hill at Beacon Hill park would be the most satisfactory location, Mr. Crease stated that a monument fit for that site would cost a great deal more, perhaps $100,000 or more, and not be so convenient to the public.

He quoted the experience with the Sir James Douglas obelisk on Parliament Square as a reason against limiting the subscriptions.

Thomas Walker suggested that the committee should decide what it should do with a balance, if the collection was oversubscribed, and suggested a soldier memorial ward at the Jubilee Hospital. The chairman had already mentioned Memorial Avenue as a suitable recipient in case of surplus.

Several spoke against such a plan, saying they thought it was wiser not to pledge themselves, as a consequence of which no motion on this aspect was passed.

Lt.-Col. F. A. Robertson and Captain H. W. R. Moore expressed the view that the objections to accepting a large share of the cost from one citizen would be fully covered in the general appeal for the pedestal.

The motion to thank His Honor was then passed unanimously.

The vote of thanks to the Government for the site was submitted by Lester Patrick, and adopted.

POINT TO GROWTH OF PORTS MANAGED BY HARBOR BOARD

Victoria Marks Time as Other Harbors Have Built up Business, Pioneers Say

Oldest Port in B.C. With Advantages But Has Lagged Behind

"Wherever you see a harbor board you see prosperity and success. Everybody's business is nobody's business," Fred Landsberg, who came to Victoria in 1884 and has been an active member of the old Board of Trade and the Chamber of Commerce for many years, remarked in giving his opinions on the establishment of local control of Victoria's shipping facilities. The proof of the pudding is in the eating, he said. Other ports are doing the business while Victoria is not getting its share. "We have the oldest port in British Columbia. When I first came here Victoria was the only port of British Columbia. When you were outside Victoria you were outside the province. We are closer to the Pacific. We have less insurance and pilotage rates and in spite of all these advantages other ports have increased their business and we have not one iota. We are standing still while other ports are increasing their exports by six or eight times.

"It is a matter of common sense. We are told that it would cause charges to jump and ships would shun the harbor. Are shippers shunning Vancouver Harbor because of the expense?" said Mr. Landsberg, after citing the growth of that port. "Is it possible that the C.P.R. ships will move to Vancouver where the cost is three times as high? The editorial in The Daily Times appealed to me. It is true that our growth has been throttled for years. And we have been sitting back and wondering why. Instead of sitting back and wondering why any longer it is time for action.

"It is something like a merchant renting a beautiful store laying in a good stock of goods but afraid to hire a salesman to sell the goods.

Similar views were expressed by another pioneer of the city, George McCandless remarked. "I have not given the formation of a harbor board deep consideration, but it is evident that the present system of management has not proved successful. The port has not developed as it should have done while other ports have been building up." This Mr. McCandless agreed was an argument for a change of the present system in operation at the port.

Real estate men in Victoria have informally discussed the matter and several have voiced their opinion that the formation of a board of control with a paid secretary whose business it would be to exploit Victoria's shipping facilities is what Victoria needs to bring its development in line with that of other ports of Canada. Their opinions, however, are witheld in view of the fact that the subject will be thoroughly discussed at their fortnightly meeting next Wednesday.

NEEDS BOOSTING

W. Johnson, sales manager of the Canadian Puget Sound Lumber Company was afraid that the establishment of a Harbor Board would endanger the erection of the lumber assembly plant at the Ogden Point docks. "I realize the port needs somebody to boost it but we must not do anything to interfere with the assembly plant," he said. "That will help more than anything else. We have got to get rail connection, however, or it will be no good at all. We send lumber to Vancouver and pay harbor dues, higher rates and wharfage and the Harbor Commission does not help us there from our standpoint." He admitted that under the present system there was difficulty in getting vessels to call at the harbor. There was not enough mills cutting lumber at times to bring the vessels he said. If there were eight or ten mills on the Island cutting it would be worth their while to come at intervals of two weeks or even a week.

A. Gonnason, of Lemon, Gonnason & Company, advocated a strong Chamber of Commerce committee formed for the purpose of stimulating port development. The Chamber has secretaries and machinery to do the work, he said, and he did not think the time was opportune to go beyond that at the present time. There would be no trouble in securing the development of the port. The trouble was there were only small shipments offering and it did not pay the boats to call. Any increase in charges would make the chances of the boats calling still less. A Harbor Commission with powers to borrow money he thought would be expensive.

LOSING BUSINESS

Walter Adams, of E. B. Marvin Company favored the formation of a committe who would act voluntarily in inducing shipping facilities to be established in Victoria as private schemes. A paid officer to carry out the policies of such a committe would be necessary. He was, however, opposed to the formation of a Harbor Commission on the same lines as the one in Vancouver.

The committee, he said, should not have borrowing powers or powers to spend money to increase port dues. The port is not getting the business it could get, he declared. More business could be secured by a body whose duty is would be to bring it here. Mr. Adams incidentally referred to a long standing complaint against the Dominion Government regulations which prohibit the shipping of goods in bond on vessels calling at Victoria. This, he stated, is preventing a lot of Victoria merchants from getting business.

SURELY!

Dear Editor: What expenses at a wedding is the best man supposed to stand?—LUCY.

None, Loose! Don't you think he's done enough when he leads the lamb to slaughter?

Notice to Breeders of Livestock

Mr. Erick Bowman, the discoverer of The Bowman Remedy, claims that in treating 70,000 cattle in the United States the results have been successful in 98% of the cases treated.

Are your dairy cows and heifers causing you trouble?

Are you obtaining results in calves and milk that satisfy you?

Do your cows (according to your knowledge of their capacity) produce as much milk as they should—or are you marking time and feeding a number of boarders that should be sent to the butcher?

These are matters that can be put right. Delays are fatal. Why not consult
